ROTARY INTERNATIONAL

Small Loans Make a Big Difference

By offering small loans to entrepreneurs, particularly women, in impoverished regions, Rotarians promote economic and community development.

The Rotary Club of Alexandria Sporting, Egypt, rose to the challenge by focusing on microcredit loans, literacy classes, and a sewing workshop to meet the needs of low-income community members, helping women in particular to start businesses and learn useful work skills.

We gave loans to deprived women supporting large families," says past club president Heba Kabel. Club members made loans of about US\$85 to twenty entrepreneurs to launch small food or cleaning businesses. The loans were paid back in installments over the course of a

year, and the money was then loaned out again, turning the club's initial investment of about \$1,700 into a sustainable microcredit program.

New Strategic Partner

Rotarians will help improve the delivery of vital health care in West Africa through a new strategic partnership between The RI Foundation and the global charity Mercy Ships

Through the partnership, the Foundation will offer packaged global grants for Rotary clubs and districts to assemble training teams of medical professionals. These teams will perform or assist in life-changing surgeries.

COMMITTEE TIME

SA Captain Speaks at Interact

by Ley Waggoner

On Thurs, Oct. 20, Capt. Michele Matthews spoke to about fifty members of the Hillcrest H.S. Interact Club. She gave

a very informative and thought provoking talk about the history of SA especially featuring the Angel Tree project.

Thirty five members of Interact are scheduled to help at the SA Red Bag Assembly day on Sat, Oct. 29. These 'red bags' are what folks use to bring in their Angel gifts. In excess of 40,000 kits will be assembled before Angel Tree starts. These kids are out there making things happen!

Interact meets every Thurs. at 8:00 am in the Hillcrest H.S. Library.

Chartered in 1948

LAST WEEK

Presiding: **Jim Mills**
 Invocation: **Lisa Amsberry**
 Pledge/Song Leader: **Bill Matthews**
 Introductions: **Jodie Ray**
 Photographer:
 Chair of the Day: **Jon Petersen**
 Speaker: **Robert Williams, DDS**
 Program: **Forensic Odontology**

The meeting was called to order by President **Jim Mills**, with the invocation presented by **Lisa Amsberry**.

Song leader **Bill Matthews** led us in the Pledge of Allegiance and "The Star Spangled Banner,"

then pulled out his banjo for everyone to join in a sing along of "We Are the World." President **Jim Mills** continued his practice of recognizing different tables. This time he pointed out what he called "the eclectic table," consisting of **Dax Seale, John Murphy, Karen Farris, Bill Clark** and **Sam Miller**. **Karen** was recognized as the first female member of the RCPC.

Jodie Ray then led

the introduction of guests, followed by **Dax Seale's** recognition of our Hub and Web advertisers of the week.

Fred Brown reminded members of the November 11 Zone Meeting in Rockwall and jokingly said that he hoped **Jim Mills's** medication might help him to level down. **Howard Fitch** presented **Steve Brown** with his blue

badge and welcomed him to the RCPC.

It was now time for the program as Program

Chair of the Day **Jon Petersen** introduced Robert Williams, DDS. Dr. Williams is a forensic odontologist. He immediately explained just what that is,

which is a dentist who is able to identify deceased people by their dental records. He explained that the State of Texas requires a positive ID of any deceased person, and sometimes there is no other way to identify a person except for their dental records. Many times a person's neighbors don't really know the deceased's real name, date of birth or relatives. He also explained that DNA cannot match a victim if you don't know who he or she is, their blood relatives, or if there is a DNA sample in the database. If they did not commit a crime, most likely there is no DNA available. His program was enhanced by some very "interesting" photographs of some crime victims, with several that showed bite marks on the body. He went on to explain that he often has to match bite marks to the perpetrator's teeth in criminal prosecutions. He also explained that much of what we see on television shows like CSI is simply not realistic. Most body identification is not as neat, nor as easy, as it appears on most crime shows. The meeting was wrapped up with **Mary Bishop** leading the Four-Way Test and **Jim Mills** adjourning.

Thank you to Kirby Warnock for these meeting notes!

THOUGHTS ON...

Autobiography

Autobiography is an unrivaled vehicle for telling the truth about other people.

~ Philip Guedalla

Thus, in a real sense, I am constantly writing autobiography, but I have to turn it into fiction in order to give it credibility.

~ Katherine Paterson

The course of life is unpredictable, no one can write his autobiography in advance.

~ Rabbi Abraham Heschel

An autobiography is only to be trusted when it reveals something disgraceful. A man who gives a good account of himself is probably lying, since any life when viewed from the inside is simply a series of defeats.

~ George Orwell

RCPC FOUNDATION

Our Funders for Next Week are

Sandra Starr
Mark Stephens
Tom Stutz ✓
Lynn Surls
Lyndon Taylor

✓ = Contribution made for 2011-12

POLIO PLUS

2-for-1 Recognition for Polio Plus

During the week of Oct. 24-28, 2011, donors will receive 2-for-1 recognition for every on-line contribution of \$100 or more made to PolioPlus on www.rotary.org/contribute.

You must be registered with Rotary's Member Access prior to making an on-line contribution. Member access provides Rotarians

with online services and other important features. To register for Member Access, visit www.rotary.org/memberaccess.
