TODAY'S PROGRAM

Program Chair of the Day: Daniel Drabinski

Corrie Strosnider, Education Specialist Dallas Children's Advocacy Center

Corrie has two girls named Kendall and Kyle, not after the Jenners, and lives with her husband Todd in Lake Highlands. She is a fierce advocate for the work done to better our community and has served on the Housing Crisis Center board, Children's Women's Auxiliary, St. Christopher's Montessori School PTA, White Rock Elementary PTA, DCAC's Young Professional Alliance Alpha Chi Couture Host Committee, Business Council for the Arts Strategy Committee, and St. Thomas Aquinas Mother's Association. She has spoken on the UW Campaign and loves finding ways to volunteer as a family. Free time is spent between running around White Rock Lake and soccer, basketball, and volleyball games.

About the Dallas Children's Advocacy Center

The mission of the Dallas Children's Advocacy Center (DCAC) is to improve the lives of abused children in Dallas County and to provide national leadership on child abuse issues. DCAC coordinates the investigation and prosecution of the most severe cases of child abuse in our community. In 2015 DCAC served more than 4,100 children (and their non-offending family members) who were sexually abused, severely physically abused, or who had witnessed a violent crime. DCAC provides a warm, child-friendly environment to help children who are referred by law enforcement or CPS. Our average client is a 9-10 year-old girl, sexually abused by someone she knows and trusts. A DCAC forensic interviewer listens to the child's story and asks non-leading, developmentally-appropriate questions as the child talks about the trauma he/she has experienced. Law enforcement and CPS professionals observe the interview from a separate room. This reduces trauma for the child and provides for a much stronger case if the case goes to court. <http://www.dcac.org/>

COMMITTEE TIME

From Park Cities People, Sept. 2, 2017

"Parade Impact: \$44,000 to Fight Hunger"

"The Fourth of July may have been several weeks ago, but the causes the Rotary Club of Park Cities sought to support with its annual Independence Day parade are important all year long.

"It's intended to be a family-building event that's centered around patriotism," club member Philip Bankhead said. The parade and festivities also provided an opportunity to draw \$44,000 in support for a cause the Rotarians have been focused on for several years now: alleviating hunger.

"While participants don't pay entry fees to be in the parade, they were encouraged to join the Rotary Club in giving to the North Texas Food Bank," Bankhead said.

"Parade participants added \$2,000 in donations to gifts of \$10,000 from the

Hal and Diane Brierley Foundation and \$5,000 each from U.S. Trust and the Rotary Club of Park Cities Foundation.

"Timing was beneficial, because the Dean Foods and David M. Crowley foundations united in a commitment to match summer-raised gifts to NTFB," Bankhead said. "So our impact was \$44,000."

"In 2016, the Rotary Club raised a couple hundred thousand dollars to purchase a mobile food truck for NTFB, he said. "This year our focus was to raise money to fill the truck as it takes fresh produce and fruit to our underserved neighbors."

Their program is designed to develop an interest and ability in seamanship and sea-going skills and also to instill virtues of good citizenship and strong moral principles.

PP **Tracy Gomes** announced the kickoff for Interact, which has grown to be the largest club at Hillcrest H.S. President Pam announced the Agape Clinic Day and Dentistry With a Heart, as well as the District 5810 Awards Dinner, all on Saturday, Sept. 23.

President **Pam** introduced our speaker today, Ken Novice, President of the Dallas Summer Musicals. He said he had just been in town for four months, but when he was at the Pasadena Playhouse, he spoke to the Pasadena Rotary regularly. When he arrived at the DSM, he had an idea of how an organization should work. He started a program where one person from each department teaches the rest of the staff what their department does. He then showed a video on the upcoming season at DSM. He said that the DSM was formed like a community theater and was just in the summer Prior to his arrival, they had contacted Broadway Across America, and for the next twenty years the best of Broadway will come to the DSM. The DSM has an incredible reputation across the country. He stays in the theater because of the impact it has on young people. He has started thinking about education in Dallas, and is putting together a group to study the biggest need for education in the arts.

THOUGHTS ON ... FAMILY OF ROTARY

Students

Whoever ceases to be a student
has never been a student.

~ **George Iles**

Education is not to reform students
or amuse them or to make them
expert technicians. It is to unsettle
their minds, widen their horizons,
inflamm their intellects, teach them
to think straight, if possible.

~ **Robert . Hutchins**

Take the attitude of a student,
never be too big to ask questions,
never know too much to learn
something new.

~ **Og Mandino**

Become a student of change. It is
the only thing that will remain con-
stant.

~ **Anthony J. D'Angelo**

When the student is ready. . . the
lesson appears.

~ **Gene Oliver**

In a time of drastic change it is the
learners who inherit the future. The
learned usually find themselves
equipped to live in a world that no
longer exists.

~ **Eric Hoffer**

Time is the best teacher, but unfor-
tunately, it kills all of its students.

~ **Robin Williams**

from Barbara Barney

September 4, 2017

Dear Laurie and Park Cities Rotary,,

Thank you for remembering me and my
mother with the beautiful bouquet of flowers.

They were absolutely beautiful and a real
"Spirit Lifter."

That meant so much to me!

You all were so thoughtful to remember me
with the lovely gift.

It is a big loss for me, and it meant so much!

Thanks again!

Barbara Barney

Sam Jebeli-Javan visited the Syd-
ney Australia Rotary Club and exchanged
banners. He reports that they are a
great, welcoming club.

HE PROFITS MOST WHO LAUGHS BEST

- Two fish swim into a concrete wall. One turns to the other and says 'Dam!'
- Two Eskimos sitting in a kayak were chilly, so they lit a fire in the craft. Unsurprisingly it sank, proving once again that you can't have your kayak and heat it too.
- Two hydrogen atoms meet. One says, 'I've

lost my electron.' The other says 'Are you sure?' The first replies, 'Yes, I'm positive.'

*Happy Birthday**
