

**Spectators Safety Awareness**  
**Park Cities 4<sup>th</sup> of July Parade 2021**  
***UNITED WE STAND***

Spectators please:

- Before the parade begins, be very mindful of the many floats and cars traveling to their assigned starting positions.
- Stand or set up chairs only behind the curb of the roadway.
- During the parade, do not enter the roadway, or let any children enter the roadway to retrieve candy or other thrown items.
- Encourage your friends and neighbors to keep everyone's children on the curb.
- Be considerate and understanding if contacted by police or Rotary parade workers along the route--they only have your best interests in mind.
- Remain clear of the entire roadway along the parade route, leaving the entire street - curb to curb - open for the use of the parade participants so that large vehicles and floats have a safe buffer zone to navigate the streets and turns.
