

Spectators Safety Awareness Park Cities 4th of July Parade

Spectators please:

- Before the parade begins, be mindful of the many floats and cars traveling to their assigned starting positions.
- Stand, or set up chairs, behind the curb of the roadway.
- Do not enter the roadway, or let children enter the roadway to retrieve candy, or for any other reason.
- Encourage your friends and neighbors to keep all kids on the curb.
- Be considerate and understanding if contacted by police or Rotary parade workers along the route--they have your best interests in mind.
- Remain clear of the entire roadway along the parade route, leaving the entire street, curb to curb, open for the use of the parade participants and ensuring a safe buffer zone as large floats and groups attempt to navigate the streets, corners, etc.
