Dear Rotarians & guests who have Rotary in their heart,

I, Ranjana Mutsuddi bring greetings to you all from RID 3291, Kolkata, India.

Currently I am the Secretary & President Elect of Rotary Club of Calcutta Kankurgachi. Eagerly waiting to take up my job to serve the humanity by proving Rotary making a Difference as President of my club.

In my RID3291 we work on Safe drinking water, mother & child care, Literacy .

At present my club is devotade on constructing a noble project name "SAYANHEE", an oldage home for BAUL, a group of people carrying forward an Indian Traditional culture of Art and Music. This is one project of 500000 INR which is on progress with few helping hands from other RIDs .

From the land of roses, from the land of Nobel laureates Rabindranath Tagore, Amartya Sen & Saint Mother Teresa I bring greetings for all of you.

I convey good wishes sent by my Governor 2018-19 Rtn. Mukul Sinha and my club President Rtn Sobhan Das to all of you.

I believe in midst of this thickly populated world population God has selected only 1.2 million people all over the universe to serve humanity under the banner of Rotary.

I feel each & every person in this world is a Rotarian in his heart. All are ready to serve, we only have to ask them to do so. Let's invite our friends, colleagues, family members to join Rotary. Let's make our Interactors grow into Rotaractors & Rotaractors to Rotarians.

I come from the land of peace & culture but the peace I find in this city has really touched me. Your heritage, your culture, your friendly behaviour has won my heart. I miss my homeland but after going back I'll miss this country, miss u all. In these few days I have started loving this country, its flowers, its air & its children.

I'm grateful that you all gave me an opportunity to express myself here. I invite you all to my motherland India & I convey my pledge of Service Above Self which is the main motto of Rotary. Thanking you all.
