THIS WEEK AT ROTARY . . . Monday, November 4, 2019

**Sinclair Community College,
Building 12, Earley Auditorium
12:00 NOON**

**Wright State Research Institute Growing Local, Regional,
and National Role in Human-Machine Teaming Development**

Speaker: Dennis Andersh

Wright State Applied Research Corporation (WSARC) is a 501(c)(3) nonprofit organization established in 2011, that is affiliated with, but separate from Wright State University. WSARC provides administration and oversight of government and defense contracts, while Wright State Research Institute (WSRI) performs the scientific work associated with those contracts. WSRI provides research services, playing a critical role in testing, evaluating, and inventing products and services in the human performance and technology sectors for the U.S. Air Force, the Department of Defense, and a variety of other organizations. Over the past eight years, the organizations have experienced significant growth in the number and value of contracts. Dennis James Andersh, CEO and President of WSARC and Executive Director of WSRI will address Dayton Rotary to explain the organizations' missions and services

Chair of the Day: Chuck Vella

**This Happened
Last Monday . . .**

By: Tracey Tomme
The meeting began at 12:10 when President Jean called order and invited Bill Nance to lead the Invocation, 4-Way Test, and Pledge to the Flag. Bill did not disappoint giving all a story on the season of pumpkins and reminded us to reflect on what we have inside and what we mean to those around us. Tracey Tomme followed Bill after his always interesting News of the Day. Tracey introduced the following: Guests of John Lyman were Mary Jean Henry, Andrea Wall, and Bill Bigham all representatives from Wright State University. Kim Haverstick introduced his royal wife and guest Princess Joanie Haverstick. Kelly Lehman introduced her guest, Dayton Peace Museum Executive Director, Kevin Kelly. And Kelyan Diskin, Senior Technical Services Consultant was introduced by Lorna Dawes. Visitors acknowledged, the meeting moved on to Kim Bramlage and the Secretary's Announcements. Kim reminded everyone about the Rotary Coat Drive. She

Wendy was sponsored for membership by Randy Domigan.

Nick Warrington was born and raised in Wellston, Ohio (Jackson County), located in the heart of Southeastern, Ohio. Growing up, Nick was introduced to Rotary at an early age through the Wellston Rotary Club's annual variety show fundraiser. For many years, Nick volunteered as a member of the stage crew for the variety show until he graduated high school when he had the chance to join the variety show. Nick traveled back to Wellston during his first two years of college at Wright State to participate in the variety show. In addition, Nick was a Rotary Senior of the Month in High School and the recipient of a Rotary Scholarship. Today, Nick serves as the Director of Events & Community Engagement in the College of Liberal Arts at Wright State University. In his role, he is responsible for managing and executing one of the region's premier fundraising events, ARTSGALA. In addition, the ARTSGala, Nick oversees the Dean's Leadership Board, the Liberal Arts Mentoring Program, and Liberal Arts Scholarship funds. Prior to joining the College of Liberal Arts, Nick spent over five years in the Alumni Relations office at Wright State. In Nick's free time he enjoys exercising, golfing, cycling and visiting some of Dayton's best restaurants, breweries, and other hot spots. Nick is thrilled to join Dayton Rotary and looks forward for opportunity to give back.

This Happened Last Monday . . .

asks that every donate \$50 to purchase a much needed winter weather basics package of hat, coat, and gloves. There will be Holiday Caroling for anyone who wants to spread good cheer on December 4th. You get snacks and a bus ride! Hurry, because this will be a fun time for all but is limited to 24 people. Kim checked to be sure the Red Ribbon folks were sitting one per table. Hopefully, she didn't notice that one table had five! Pretty sure we set a record but not all records need celebrating. The Rotarians with birthdays were recognized and then we moved into a lively round of Day-Tens. To start it off, Kim recognized Fred Abrams for his most distinguished recognition by the Air Force Institute of Technology (AFIT). Fred gave a Day-100 for an honor from AFIT. The Air Force Institute of Technology (AFIT), is celebrating its 100th anniversary this year. Over the past decades AFIT has designated 37 of its graduates as Distinguished Alumni. These include folks like Jimmy Doolittle of WW-II fame and Astronauts Buzz Aldrin and Frank Borman. On Nov 7th AFIT will designate Fred Abrams as its 38th Distinguished Alumnus. The ceremony will likely cite his volunteer project management efforts in Africa for Dayton Rotary. Fred's son noted what Buzz and Fred have in common - neither was the first man to set foot on the moon. (In reality, both were combat experienced fighter pilots, both flew the F-100 fighter, and both went to AFIT for their advanced degree - their careers diverge somewhat after that).

Dayton Rotary Annual Dayton Public Schools Coat Drive

**THERE IS STILL TIME
TO DONATE...**

We will once again be providing coats, hats and gloves for Dayton Public School children*. These children attend different schools throughout the district, and many are HOME-LESS and living in shelters or are living in economically disadvantaged home situations. **We will help as many kids as funds allow (last year we helped 200+!)* **Alisa Zink is serving as our coat drive chair again this year. AZ-ink@thinkheartland.com (937-409-7355).**

How Can You Help?

We ask that you donate money to the coat fund, and we will do the shopping for you!! (Simply donate \$50 or whatever you feel comfortable giving, and we will purchase a coat, hat and gloves for a child - checks should be made payable to *Dayton Rotary with Coat Project in the memo section.*) We received a generous matching grant from the District Foundation to use for this project but we still need **YOUR** help to reach the match goal.

Since our weather is unpredictable and unseasonable, we would like to get the coats to the students by early November.

There were several Day-Tens in honor of Paul Gruner and the importance of round-a-bouts in Italy plus another for a fixed light on the Main Street bridge. Other donations recognized the Battle of the Bricks, beginning of Bach Season (information also on the tables), Cory moving to the Red Cross in Columbus, Pete had his gall bladder out, everyone needs to vote! So get information from the Dayton Daily News or at the libraries and go vote no until 7:30pm on November 5th, Linda Grover's son went to France and met up with the Croatian exchange student while visiting Amsterdam (No one knows exactly how all that happens but it is a great example of the global personal connections that Rotary facilitates), and Sarah Hippensteel Hall, directed everyone to Imagine a Day without Water. She explained that the Miami Conservancy District has provided (Rotary favorite) coasters found at the tables with information on their Keep Our Water Clean information. And finally we all had a smile as we considered the joys of coaching first grade soccer. Following these updates, donations, and good laughs, President Jean welcomed two new ...continued on page 4

This Happened Last Monday Continued

members. Lisa Wagner introduced new member, Wendy Lewis. Wendy leads Logos that Work. She has a long history of leadership with various non-profits in the area, attended University of Dayton and Ohio State, and has two daughters plus one grandson. Amanda Burks then introduced Nick Warrington from south east Ohio. He was once in a Rotary variety show (everyone who is setting up entertainment, take note!), has been involved in Rotary since high school (probably means he should join the Rotaract/Interact committee), and works at WSU where he manages the amazing Arts Gala. In general he likes to fundraise and possibly drink beer. Jean then recognized Kim Haverstick for the continued success of his family business. Carolyn Rice read a proclamation that detailed how the business began in 1919 as Haverstick Building and Remodeling, changed to Haverstick Builders in 1942, and Kim became president in 1987. The Haverstick business has been an important part of Dayton history for 100 years and is nothing less than remarkable. Kim expressed he is happy, proud, and still going.

Frank Scott gave an update on the Rotary on-going international project of eliminating polio. He showed a short video and followed with more information. The video directs Rotarians to go to rotary.org/give to contribute to help "fight disease and bring hope." Frank told that on October 24th, National Polio Day, it was confirmed that the 2nd type of wild Polio has now been eradicated. This means that 20 million people are walking today who wouldn't if they had contracted Polio. He reports that next year Africa may also be declared polio free. It is hoped that each club will give \$1,500 toward polio. Anyone who gives will have the honor of having a pinkie fingernail painted purple. Frank concluded by making a \$500 pledge toward polio. Jean added that she has several personal relationships with those who have suffered from polio and asks that more Rotarians give and have a pinkie nail painted.

We then moved on to a very interested, although rushed due to time, presentation by Dawne Dewey, Head of Special Collections and Archives at Wright State University. Dawne loves being an archivist and her passion was evident and entertaining. She shared just a few stories ranging from the flood to a wild balloon ride over the city, leaving everyone wishing for more. She shared that the Archives house over 25,000 volumes, started in 1967, has grown to over 16,000 lineal feet of material and now needs a larger, more modern home. The stories collected and conserved are open to the public, free of charge (not even parking fees are charged), and cover a wide range of information on aviation, local and regional history, and Wright State archives. Information was on the table with a request for donations for their new center. And finally, as a few edged toward the doors, there was a draw for the 50/50 raffle. Mr. Bill Weiner had the winning ticket but pulled the two of spades leaving the Queen to another chance for someone next week. We were reminded that next week will also focus on Wright State with a presentation on their Research Institute. The meeting adjourned at 1:20.

Queen of Hearts Raffle

weekly at Monday Meetings to benefit the Dayton Rotary Foundation
\$1 per ticket/\$5 for 6 tickets

Weekly winner draws a card from the deck if they draw the Queen of Hearts then winner takes ½ the pot. If the card is not the Queen of Hearts card then the card is destroyed & we try again next week. Meanwhile the pot continues to grow.

See Secretary Kim for more information.

Current Pot = \$1765

Rotary Holiday Caroling

Wednesday December 4, 2019

**Meet at Central Christian Church in Kettering
(1200 Forrer Blvd) at 5:30 p.m.**

Space is Limited to 24 People on the Caroling Bus

We will meet and board a bus and brighten the day of some folks who can't get out. We will sing and share our holiday cheer at One Lincoln Park at 6 pm and Walnut Creek Nursing Home at 7 pm and return to the church around 7:45 p.m. Snacks will be provided on the bus, and we will end the evening at the home of Connie Mahle (219 Schenck Avenue 45409) for soup supper, dessert and conversation from 8:00-10:00 p.m. Space is limited at Connie's home to 40 people.

So sign up now!

Please call 228-3331 or Email Laura to reserve your spot laura@daytonrotary.com
