

## **Becoming a Celebration Garden Community Partner!**

The Rotary Celebration Garden is not only a beautiful enhancement to the community we work and live, it can also be an effective way for companies to gain great exposure and recognition in the media while associating yourself with a worthwhile project!

Anyone can purchase engraved stones in this Pavilion for prices ranging from \$50 for small engraved stones to \$475 for large stones (see brochure attachment).

For companies wishing to purchase a large stone (\$295 or above), you also have the option of becoming a "Community Partner". This gives you permanent recognition on the stone you purchase and also:

- your logo will appear prominently on the series of ads that will appear in at least a dozen ads, some full color, in the Journal Pioneer (see ad in download section of website [www.summersiderotaryclub.com](http://www.summersiderotaryclub.com) )
- Your picture in the Journal paper receiving your certificate of recognition for becoming a "Community Partner".
- exposure and recognition in our display booth that will showcase this project at many upcoming community events.
- you will receive special recognition at the grand unveiling in October of 2009 with City Officials

The cost to become a "Community Partner" is only an additional \$1000.

Your support not only provides you with permanent recognition in the Celebration Garden pavilion, but also enables us to continue to help people in need in our community including children, people with disabilities and seniors. We will also be able to continue to do great work around the world like building wells in Nigeria and buying farmland for an orphanage in Mozambique.

Buying a stone is simple:

Take a look at the brochure/order form. (Download section of website)

Pick your stone and call Sandy at 432-0209 or Tina at 439-8137! They will take your information.

You will receive a letter of confirmation, a receipt in the mail and an invitation to the grand unveiling in October of 2009!
