Builders Exchange

It was time for a fun presentation on Sonoma County trivia as our guest speaker, Keith Woods gave us a quiz. First, though, he gave kudos to Pres. Steve Olsen for not even attempting to be humorous or otherwise entertaining. He started out by displaying a PD coverage of Sonoma County issues of the day from 1972. The issues were: Growth policy, Mass Transit (buses & train), Low Cost Housing, Water Supply and, yes, you guessed it ... Highway 101 widening. Of the 10 questions in the quiz, the best 2 teams only had 5 correct. One team (and we won't mention which one) had only 1 correct answer. The correct answers are as follows:
 1) There are 180 intersections in Santa Rosa with traffic signals;
 2) There are 57,000 people registered for at least one course at the Santa

RECOGNITION

President **Steve Olsen** presiding. We had some visiting Rotarians including **Larry Wassem**, who Keith Woods accused of scoping out the hotel for acquisition. **Stan Walker's** guest, **Steve Thompson** will be the "house captain" for our part of Rebuilding Together.

Jerry Johnson will haunt you til you turn in your raffle prize or \$50. **Ross Andress** says 4-some signups are sluggish and the early ones are ending up in the drink.

I actually bought this shirt

Magnetize your pin. See **Peter Wolf** to ask about a different way to keep your pin on.

The man with the apron today, was President-Elect, **Steve Amend**. Did you sign up for the District Conference? He passed the apron on to a very worthy person.

Not only was **Leroy** missing in action last week, celebrating Carol's birthday, they are on their way to Hawaii for a week. It takes a lot to balance the number of hunting and fishing days!

Steve Amend is going to celebrate 51 years by dining at Zazu on Guerneville. Steve, who is going to the International Convention for Barcelona, that **Steve Olsen** has had stored for 30 years! We're sure that Barcelona hasn't changed

Shauna Lorenzen actually had to pay a fine for being sentenced to Little Rock Arkansas for two weeks on a company audit.

Yes, you can shift an automatic into reverse while going forward at 40mph! as demonstrated by **Jim Moir's** daughter while he was teaching her how to drive. He was probably trying to mimic the Agilent stock.

Denise Gilseth is back and she came back with gusto as she won the \$230 Jackpot by picking the black marble out of the bag and quickly converted it to a contribution to her Paul Harris. She also admitted she just bought a house.

MORE RECOGNITION

Russ McCracken was not on a wallet odyssey when he trekked to Salt Lake City to visit his new granddaughter.

John Jones happily paid for the recognition of his daughter who was very successful in the lead role of the Musicman.

Bruce O'Krepkie's daughter has landed a job as a probation officer. Hopefully none of us, or our kids will be clients.

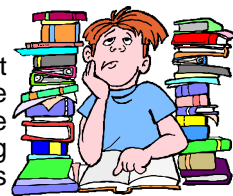

Anyone watching Channel 50 would have noticed that **Larry Martin** was interviewed. Did anyone see the interview?

In partnership with every successful man, there is usually a woman. **Priscilla McCracken** has been a significant

factor in the success of our Interact Club at Elsie Allen and the recent Leadership Conference at Alliance Redwoods was no exception. Thank you Priscilla !

BOOKS !

We finally got books for all the bookplates we've been presenting to our speakers each week. These books will be donated to the Steele Lane Elementary School library, in the names of our speakers.

SUPER SATURDAY

Leroy Carlenzoli on Engineers

He solves problems you didn't know you had, in a way that you can't understand and charges you an amount you can't believe.

SCHOLARSHIPS

BOARD MEETING

April 2, 2002

The Board considered a request from the SSU Rotaract Club for financial support to help them send delegates to the Rotaract Conference. The Board voted to provide \$100 (Rotaract has already raised \$600 toward the needed \$1000) contingent upon verification that they do have an active charter. The Board also discussed attendance issues...noted that we need to remind everyone to sign in so we don't miss count their attendance. It was reported that the golf tournament was moving along well and that the "Culinary Classic" was off to a good start. Ken Coker is working with Jim McCracken to invent our new logo.

The Rotary International Emblem and Guidelines Rotary's early emblem was a simple wagon wheel (in motion with dust). It was designed in 1905 by Montague M. Bear, a member of the Rotary Club of Chicago who was an engraver. He designed the emblem to represent both civilization and movement. Most of the early Rotary clubs adopted the wheel in one form or another. In 1922, the organization decided to create and preserve an emblem for the exclusive use of all Rotarians, and the following year, the present emblem, a gearwheel with 24 cogs and six spokes, was adopted. A keyway was added to signify the usefulness of the gearwheel. An official description of the emblem was adopted at the 1929 International Convention. Royal blue and gold were chosen as the official Rotary colors and the flag of Rotary was designated as a white field with the emblem emblazoned in its center. The emblem, worn as a lapel pin, now identifies Rotarians around the world.

Jorjan Powers

Assistance Dog Institute

Jorjan Powers educated and entertained us with the help of Norton, a mellow white golden retriever assistance dog. Jorjan has a fondness for Rotary, starting 30 years ago when she was granted Rotary college scholarship. The Assistance Dog Institute was founded by Bonnie Bergin, the same person who had founded the Canine Companions for Independence. The Assistance Dog Institute adds the dimension of training-the-trainer and has a fantastic project at the Sierra Youth Center. There the incarcerated teens benefit as much as the dog in a program in which the youth trainers are paired with dogs for the duration of their mutual training. Jorjan showed a video from 20-20 on that program and mentioned that Norton had also been on Oprah Winfrey's show. She also talked about a college program to get High School students involved in a training program — kids are 25% of our population and 100% of our future. The Institute places about 15 dogs per year. It costs at least \$10,000 from puppy to trained. Puppy Petters is another two-way program. Find out more about them at: www.assistedog.org

Ralph & Peter seek assistance from Norton

President Steve finally caught up with **Bob Tidd** for his March 31 birthday. **Frank Cercone** mentioned that he had treated wife **Jan** to a Broadway play for her birthday and Steve went on to

the next thing before the double take on the modifier "Broadway" hit home. The Cercone's went to NY on a vacation.

Larry Martin took **Laura** to San Diego for some R&R on her birthday. Peter Treleaven was dined by his family at Chevy's. **Jon Stark's** birthday was the day of the meeting. He paid \$100 to his Paul Harris to keep us from singing. His wife, **Terry's** birthday is next week. **Tom Eakin's** birthday was the same day as Peter's and his wife, **Joanne** will celebrate hers on Saturday.

Del Raby celebrated 41 years of perfect attendance at Rotary!! As you can see, rotary makes him happy. Other perfect attendance awards went to: Dave Lorenzen (16), Shauna Lorenzen (10), Steve Amend (5), Steve Olsen (4), Steve Davis

(3), Hugh Helm (3), Jim McCracken (3), Merle Hayes (2), Jerry Johnson (1), Ralph Harryman (1) and Warren Smith (1).

PANCAKE BREAKFAST

A GREAT SUCCESS !

The 2002 Senior Center Pancake went smoothly. **Jimmy Brenton** trucked in a

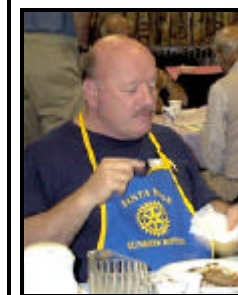

very nifty pancake maker loaned to us by the Kenwood Community Church. A motley crew clustered around pretending to be

very busy making pancakes, but could not resist making a Rotary wheel with the extra batter. Ask them how they

flipped it. There were a total of 15 Rotary and 7 Interact volunteers who prepared and served

pancakes, sausage, orange juice and coffee to approximately 200 Seniors and their families with the cooperation of the City of Santa Rosa. The food was so good our Rotarians generously helped themselves after a rewarding morning of service. We are talking about moving the breakfast to a larger venue next year.

Story and photos thanks to **Hugh Helm** who also coordinated this event.

Dan Lambert on a personal promise

Promise yourself to be so strong that nothing can disturb your peace of mind. To speak of health, happiness and prosperity to every person that you meet. To make all of your friends aware of the special qualities within them. To look at the sunny side of everything and let your optimism work to make your dreams come true. To think, work for, and expect only the best. To be just as enthusiastic about the success of others as you are about your own. To forget past mistakes and press on towards a greater future. To wear a cheerful countenance at all times, as a smile radiates warmth and love. To give so much time to the improvement of yourself that you have no time left to criticize others. To be too wise for worry, too tolerant for anger, and too courageous for fear. To be happy.

Mike Hauser

Chamber of Commerce

The speaker was Mike Hauser, CEO of the Santa Rosa Chamber of Commerce. Mike shared a lot from his 32 years of experience in chamber work. Most recently, he has spent 14 years in Fort Collins, a city with many similarities to Santa Rosa, such as population, largest employer, key issues, etc.

Mike discussed many of the issues for Santa Rosa. On highway 101 widening, we have changed our approach, and are lobbying the congresspeople currently who will write the bill for transportation funding, and we probably will not try another increase in sales tax. On affordable housing, Mike suggests that the trend for increasing home prices is likely to continue. One reason is that Marin County is creating many jobs, but very little housing, since 85% of Marin County is protected land that cannot be developed. This causes pressures on 101 and on Sonoma County housing prices. Mike believes we need to enable developers to build more moderately-priced homes.

On tourism, Mike says that the Sonoma County Tourism market is recovering slowly. The opening of the Charles Schulz Museum on August 17 is creating a lot of interest, and should help tourism. On the aging workforce, Mike feels that we need to do more to ensure that the retiring people get replaced, especially nurses and other health care professionals.

RECOGNITION

Jon Stark Greets
Ken Coker

Inspirational thought by Jim Kirkbride Yogi Berra's saying about baseball, also applicable to golf: "I never blame myself when I'm not hitting. I just blame the bat, and if it keeps up, I change bats. After all, if I

know it isn't my fault that I'm not hitting, how can I get mad at myself?"

Visiting: Terri Clark, District Governor elect.

Announcements:

Tux Tuxhorn: Golf tournament still needs signups. We have about 90 players, and we need about 130. Keep recruiting players!

Hugh Helm: Pancake breakfast was a great success, thanks to all those who helped, including Ken Coker, Dave Brown, Jim Kirkbride, Merle Hayes, Linda Hauck, Jim Brenton, Steve Amend, Steve Davies, Russ Lockner, John Bly, Ed Carette, Jim McCracken, and others, as well as seven Interact students. We are now considering other future activities in cooperation with The Senior Center.

Recognition: Jim Moir celebrates his 51st birthday April 20. Ross Andress's wife Stacy celebrated her birthday. Ed Carette was recognized for 3 year of perfect attendance. When Ed was asked why he missed the meeting where everyone else was recognized, he immediately produced his evidence of a makeup. Whew!

Brian Rondon was recognized for his nice weeklong family vacation to Washington D.C. Steve Herron celebrated a promotion to new position of VP Commercial Banking Group. (New business cards available!)

Ross Jones was recognized for not being recognized in a while, and for changing a lot of diapers lately. Jim Brenton was recognized for his Spring Break in Cabo San Lucas.

High Fives: Dan Lambert celebrated a new condo, Dave Brown shared his Rotary makeup in Long Beach, Randy Seelye enjoyed his "working" vacation in Maui. John Bly's son made the starting soccer team at UC Santa Barbara

District Assembly

The District 5130 Assembly was held at the Finley Center on Saturday April 20. It was attended by 330 enthusiastic Rotarians, and emphasized the preparation for next year's officers. DG-Elect Terri did an excellent job leading the event. Del Raby and Randy Seelye did an excellent job with the welcome and introduction.

Topics included the following:

- **Polio Plus** - 99% of the world's children have been inoculated, and the last 1% is our focus now. The district is being asked to provide \$78 per capita particularly for polio eradication. Each dollar will be matched by \$4 from other Foundations, including the Gates Foundation. Every dollar contributed by Rotary will be multiplied by FIVE!
- **Group Study Exchange** - we are preparing for the Japanese visitors in May and next year with Vietnam.
- **Literacy** - includes distribution of dictionaries to all district third graders.
- **Rotary International Update**
- **Rotaract** - Sonoma State Rotaract is thriving—Club of 18-30 year olds have a lot of energy. Clubs are inspired to sponsor additional Rotaract Clubs.
- **Cool Kids Camp** - Camp for youth has proven very effective at Westminster Woods. And now we are expanding to another camp near Eureka.
- **Rotary Bequest Society** - Putting Rotary in a will or trust is an opportunity for Service BEYOND Self.

Various projects were highlighted in displays, such as the following:

- Project Amigo
- Planet Rotary
- Membership Resources
- District Conference Registration
- Dictionary Project
- Permanent Fund
- Group Study Exchange

Thanks to all who helped in the Packet-stuffing, Registration, Set-up, and Clean-up. Santa Rosa Sunrise was well represented in helping to make this a successful District Assembly.

RANDY POOLE

Sonoma County Water Agency

Randy Poole has been General Manager/Chief Engineer of the Sonoma County Water Agency for the past seven years. He has extensive experience in managing and implementing complex regional policies and programs for major water, flood control, wastewater, and recycled water projects and facilities.

Randy cited environmental, regulatory and funding to be the major challenges. Water supply is one of the major issues in this county and the North Bay. Demand can be as high as 84 million gallons per day—that puts us at capacity. There is water...Warm Springs is full, but we can't get to it because the Coho and Chinook salmon are endangered species. We need to push collectively from Monterey to Redwood Creek, to recover the fish to help solve the problem. It is a difficult situation effected by flood control, sanitation, gravel and highway issues. In 6-10 years, we will be living with a limited supply of water.

Randy challenges us all to help—it is our duty to enthuse our elected officials and request government participation to support our short falls and cost increases. We also need cooperation from Marin County. "We are doing our fair share. We need to ask that they do their share to help solve the problem." In addition, we need to work on conservation, urban reuse and groundwater use as part of the solution.
