Coming programs

This Thursday

Bring a Friend to Rotary Day, featuring guest speaker Ed Kramer of Industrial Light and Magic, a special effects company which was founded by filmmaker George Lucas.

This program could be one of the best of the year -- we have rented a big screen television so you won't miss a thing!

Kramer joined Light and Magic in 1994 to work on the film "Jumanji." He has been involved in computer animation from its earliest days in the 1970s. He received a bachelor of science degree in psychology from Duke University and a master of arts in film production at the University of Texas. He has been in the entertainment industry for 15 years. He was also the technical director for "Twister" and for the soon-to-be released "101 Dalmations."

ILM is based in San Rafael and features the largest and most advanced digital effects system in the entertainment industry. ILM has produced visual effects for more than 100 films, including "Mission Impossible," "Forest Gump," "Jurassic Park," "E.T., the Extra-Terrestrial," the "Indiana Jones" series and the "Star Wars" trilogy. ILM has played a role in six of the top 10 box office movies.

Bring a blanket: Our Interact Club at Elsie Allen High School is joining the districtwide Rotary blanket drive to collect blanket for the needy. Please bring in new or near new (in good shape) blankets to this meeting.

Interact Club members will be present to pick up blankets, said Jim McCracken, our Interact chairman.

Election of Officers: Past President Peter Treleven will lead the Dec. 5 meeting (President Randy is on vacation for a week), and will present the slate of officers for the 1997-98 years.

Bylaw change: Also to be considered at the Dec. 5th meeting is a change in the club bylaws. This change has been adopted by the board of directors. Past presidents Dave Lorenzen and Nancy Aita have been updating the bylaws to conform with Rotary International. They propose::

"Article V -- Fees and Dues. Section 3 -- Each member shall be obligated to pay approximately *seventy-five dollars (\$75.00)* for "recognition" during the Rotary year in a manner consistent with Rotary

fellowship. A record of each member's assessment will be maintained for the fiscal year."

The change is in italics. The bylaws read \$50 for recognition.

Rationale for proposed change: It is not the intent of any governing body or presiding chair of this club to increase the amount any member may be "recognized," only to allow for the variance in recognition between a married member as opposed to a single member, as is currently practiced. Members who are married receive recognition for a spouses birthday and an anniversary, when single members are not. This means a variance of between \$65 and \$95, depending on a member's marital status. A value of "approximately \$75.00" will allow for this variance.

Dec. 12 meeting

Santa Rosa High School's Chamber Singers perform on Dec. 12

A special family Christmas program is planned, featuring the Santa Rosa High School Chamber Singers. Vicki Lockner will be collecting gifts being brought for the Giving Tree Festival -- the hearts were distributed in November -- and there will be small gifts for the children of Rotarians attending.

The Chamber Singers group was founded in 1977 and is recognized throughout the state as an outstanding choral ensemble. The group is directed by Dan Earl.

Mystery Rotarian

Our latest MR is totally California. He was born in Fresno and lived there through college (Fresno State), then went to practice "business" in Los Angeles in what they call "Bunker Hill." Petaluma was next, for a short time, and then to Santa Rosa where he got a union job and was trained by Buster (not Finch, but another Sunrise Rotarian). He then quit/downsized the union job and hooked up with one of the most prominent large institutions in town.

Our MR is married and has a 5-year-old daughter, is an "improving" golfer and enjoys helping non-profit charities manage their money.

Free CPR for life from Carl Jacobson for anyone who can guess the identity of our MR.

-- Steve Davis

Board of Directors

New Member: Directors have approved Phil Sitzman, owner of Lettershop Printing, as a new member under the classification of "Retail Printing." He is sponsored by Eve Nighswonger.

Pursuant to club bylaws, "Any member who has an objection to the election of the proposed member shall notify the board in writing, stating reasons for the objections" within 10 days.

Resignation: Directors accepted the resignation of Tom Eakin, a nine-year member of the club. Eakin resigned because of increasing duties at Vacu-Dry, and family responsibilities. Eakin is a former board member and treasurer of the club.

President's corner

As we pass Thanksgiving and head toward the Christmas holidays, I would like to pass along my thought -- and thanks -- to club members who have organized major activities and events during the past month:

Del and Harriett Raby: Past District Gov. Del and his wife went out of their way to make the club's first Progressive Dinner a success. The Nov. 9 event drew 45 people -- and was a rousing success judging from all of the positive comments during and since the event.

It was a mysterious, fun event for all who attended. Only Del knew who would be where during the evening -- and after six homes for soups/salads and six homes for entrees, everyone arrived within a 3 minute period at my home for dessert, and a lively party..

Del and Harriett made the soup, the salad and cooked the scalloped potatoes and prepared the vegetables. It literally took them a whole week to prepare!!

An encore performance is already being discussed for next year -- but Del and Harriett will need more cooks in the kitchen!

Art King: President-elect Art made a most impressive presentation to other Sonoma County Rotarians at the monthly Association of Sonoma County Rotary Clubs meeting last Thursday, which our club hosted at the Fountaingrove Country Club.

Art spoke of our club's membership development program -- a topic which can be very dry. But his lively presentation drew a lot of interest and sparked a lively debate among Rotary Clubs on various ways to add quality members to their clubs.

Art and his wife, Irene, also hosted a club Fireside a week earlier, which was a good opportunity to mix and visit.

Vicki Lockner: Vicki has served as the Program Coordinator for the year, overseeing the efforts of a committee which has divided up montly responsibilities for meetings.

I think the meetings have been outstanding this year -- and the three coming up this month (which Vicki personally organized) should be great. Those bringing in the top programs so far this year are John Jones (July and August), Shauna Lorenzen (September), Dave Brown (October) and Jerry Johnson (November).

Coming programs

This Thursday

A special Christmas performance by the Sonoma County Repertory Theatre will be led by its director, James de Priest.

De Priest has extensive experience as a theatrical director, producer and actor. He is the founder, president and artistic director of Sebastopol's Main Street Theatre, which has been considered one of the top theatre groups in the county.

He has also taught courses in acting, theatre history and television acting at Santa Rosa Junior College.

De Priest, who earned a bachelor's degree in journalism from the University of Nevada, Reno, worked with theatres in Southern California for 16 years. He was artistic director of Actor's Circle Theatre in Long Beach, and then managing director and associate artistic director when the Long Beach group merged with the South Coast Repertory Theatre in Costa Mesa. He also serviced as director of the Theatre Arts Program at Long Beach City College from 1969 to 1985.

Thurs., Dec. 26

We will be dark for the Christmas celebration. No meeting will be held.

Thurs., Jan. 2

A chance to kick off 1997 with Rotary fellowship.

A chance to share New Year's Resolutions!!

New Member: Directors have approved Clyde Wiggins, owner of Lux Metals, as a new member under the classification of "Metal Manufacturing." He is sponsored by Stan Walker.

Pursuant to club bylaws, "Any member who has an objection to the election of the proposed member shall notify the board in writing, stating reasons for the objections" within 10 days.

President Randy honors Leroy Carlenzoli and his wife, Carol.

Leroy and staff honored

Leroy Carlenzoli and his employees at Carlenzoli and Associates were honored by the Santa Rosa Sunrise Rotary Club at the club's Christmas program on Dec. 12th for tremendous contributions to the Steele Lane School Fields Project.

Leroy's firm donated \$10,000 worth of services to the \$120,000 project and spearheaded contributions of nearly \$70,000 from contractors, heavy equipment operators and suppliers. The Steele Lane School Fields project is the Sunrise Club's largest project ever. We will hold a dedication ceremony in the spring when the three-acre field is ready for use.

Staff members of Carlenzoli and Associates who assisted the Steele Lane project.

Eyeglasses for Haitians

International Service Director Dale Zumfelde reported to the Board of Directors that plans are under way for an International Service eyeglass project in Haiti next June.

The project is being led by John Jones, who discussed the idea with club members in November when he presented a slide show on Haiti.

Much like the Mayan, Mexico, eyeglass project two years ago, four to five people -- primarily Rotarians -- plus optometrist Dr. Les Shipley will go to Haiti for about five days to fit people with eyeglasses. The club still has several thousand pairs of eyeglasses left over from the 1994 project. The eyeglass prescriptions are stored on a computer and then the proper glasses are selected once a person's eyes are examined.

During the Mexico trip about 600 people received eyeglasses.

Community Services

Community Services Director Pat Solar is accepting applications for Community Service projects, following the club's successful Tropical Paradise fund raiser.

About \$8,000 is available from the club to support projects throughout the community.

Pat said she has already received several applications for funding. They will be reviewed by the Community Services committee with recommendations made to the board of directors for funding.

Paul Harris Live?

Although Paul Harris, the founder of Rotary, has been dead since 1947, it has been learned by President Randy that PH will appear at our club in January on the 50th anniversary of his death.

Chamber singers

Members of the Santa Rosa High School Chamber Singers perform at the annual Christmas program of the Sunrise Rotary Club last week. The appearance of the talented group led by Dan Earl has become a club tradition.

New officers

Congratulations to the following Santa Rosa Sunrise Rotary Club officers, elected at the Dec. 5th meeting. They serve as the Board of Directors and will take office on July 1, 1997, and serve until June 30, 1998:

President -- Art King

President-elect -- Russ Lockner

Secretary -- Jo Gennuso

Treasurer -- Steve Herron

Director -- Steve Olsen

Director -- Pat Solar

Director -- Eve Nighswonger

Director -- Jeff Young

- Jan. 16, Thurs. -- Regular meeting. Guest speaker Chuck Robbins, Redwood Empire Small Business Development Center.

Coming programs

This Thursday, Jan. 2

Chris Parr, a charter member of the Windsor Rotary Club and current board member, will lead a report of the Group Study Exchange team from our district that visited District 3810 in Manila, Philippines.

Parr was the only Rotarian member of the team that included Gina Silvieira, Santa Rosa Thursday Night Market manager; James Pope Napa County firefighter; Harris Nussbaum, teacher; and Charlene Wardlow, geothermal engineer.

Parr is chair of the Alexander Valley Jazz festival which benefits the American Cancer Society and serves as coordinator of the Vine Man Triathlon and the Sonoma Hot Air Balloon Classic, the Windsor Rotary Club's main fund raiser.

Thursday, Jan. 9

Tim J. Bosma is the trustee and NASA liaison for the SAREX (Shuttle Amateur Radio Experiment) telebridge station located at Santa Rosa Junior College.

Bosma recently received a national award from NASA and AMSAT (Radio Amateur Satellite Corp.) for "outstanding contributions and personal dedication as the SAREX telebridge station coordinator in Northern California."

Bosma has been involved with communication experiments since he was 13 years old, when he built his first short-wave radio. He has held an FCC amateur radio operator's license for more than 30 years and has been active in two-way satellite communications for the past 10 years.

Board of Directors

The club board will meet next Wednesday morning (Jan. 8) at 7 a.m. at Art King's office, 428 First St. (Home Savings building).

Guests are welcome and it's a good opportunity for Red Badges to work toward their Blues!

Rotary Foundation

The club is doing exceptionally well toward meeting the District 5130 and Santa Rosa Sunrise Rotary Club goals for contributions to the Rotary Foundation -- contributions that finance Rotary assistance projects throughout the world!

Club members have contributed \$61.84 per person toward their Paul Harris Fellowships during the first six months of the year, according to Foundation Chairman and Past President Dave Lorenzen. That total is just \$3.16 short of the \$65 goal set by District Governor Larry Kavanaugh for the 40 clubs in District 5130. Our Sunrise Rotary Club goal is \$100 per person through next June, which appears well within reach.

Last year we contributed a total of \$212 per person to the Rotary Foundation -- the highest per capita total of any club in the district -- with the total including more than \$4,000 contributed to the Croatia project.

The Rotary Foundation is one area where club members can make a large difference -- to the world!!
