## ROTARY IN THE TUNDRA

*as told to Terry Cheney by Buster Finch*

Recently, I had a conversation with Buster Finch and he thought it would be entertaining for you to hear about the local Rotary Club in Fairmont, Minnesota. He had the opportunity to attend one of their meetings recently and here's some of the differences he found:

1. The Club does not Pledge Allegiance to the Flag; they pledge their allegiance to the Snow King.
2. Invocation is performed sitting down.
3. Boy, do they like to sing! The meeting started with *God Bless America* and another song he didn't know the words to.
4. There are 52 clubs in this District and as far as attendance is concerned, this Club ranks 52nd. Apparently the closest place to make up is two hours away!
5. Their membership process is the same as SRSRC, but not followed to the letter. There is no secrecy to the process as members announce their guests as "potential" members of the Club. The good news: no one has ever been turned down for membership!
6. **FINING?** Apparently in this Club, there is no such thing. Their elite president opens the floor by asking members if they have any fines! It is similar to our "High 5's," but they believe in "High 1's." I supposed it's that "cost of living" thing.
7. Members pay for their lunches quarterly, whether they attend or not. In addition, if a member brings a guest, the member doesn't pay for his/her guest's meal. It all comes out of the meal pool. After all, with their attendance so low, there's a lot of money available!
8. This Club has approximately 60 members and their membership makeup consists of peach fuzz to some that should have been dead two years ago.

In spite of this Club's rules being so different, buster sez they still share the same overall objectives and goals of Rotary.

### **DID YOU KNOW???**

**Interact**, the Rotary youth program, was launched by the Rotary International Board of Directors in 1962. The first Interact club was established by the Rotary Club of Melbourne, Florida. Interact clubs provide opportunities for boys and girls of secondary school age to work together in a world fellowship of service and international understanding. The term, Interact, is derived from "*inter*" for international and "*act*" for action. Every Interact club must be sponsored and supervised by a Rotary club and must plan annual projects of service to its school, community and in the world.

Today there are over 7,000 Interact clubs with more than 160,000 members in more than 100 countries. "Interactors" develop skills in leadership and attain practical experience in conducting service projects, thereby learning the satisfaction that comes from serving others. A major goal of Interact is to provide opportunities for young people to create greater understanding and goodwill with youth throughout the world.
