## KINGS KORNER

March 1998

I've just sent my 5<sup>th</sup> sympathy card over the last six week period. Some were Rotary related and some were not. In all cases, whether tragic or expected, there is a profound effect on immediate family. But there is also an effect on me, the friend. It made me think about all that I have to be grateful for in my life. Because our lives are so busy, we sometimes forget to appreciate and enjoy what we have. Recently, a club member spoke at a meeting about the diversity that she's had in her life. Her message was loud and clear; "Stop and smell the roses once in a while". I couldn't have said it better myself.

As it concerns Rotary, I have a lot to be thankful for, including a very busy month of March. On March 7<sup>th</sup>, a number of us will be working on the Valley of the Moon project. It's not a big project, but it's a chance to do some good and build friendships. The program for the March 12<sup>th</sup> meeting will be the Rotary speech contest. Students from Elsie Allen will be competing for a cash prize and the winner will move on to the Area contest. If you've never been to one of these events, don't miss it. You will be impressed! Also, since that meeting is the last one before St. Patrick's Day, it will have a definite Irish theme. ( You are now being warned that it will be in your best interest to wear green that day.)

The meeting on March 26<sup>th</sup> will be a first for our Club. Our first Alumni Day. The idea was born last year by the Membership Development Committee. We have almost 90 alumni and they all will be mailed an invitation to attend. We will also pass the list around so you can identify names of alumni you know and would like to call and personally invite. A number have already been contacted and are planning to attend. The program will be centered around the old and the new of Santa Rosa Sunrise Rotary. The original hope of this idea was to attract some prior members back to the Club. We have some outstanding alumni who had to leave for one reason or another. It would be nice to see some of them back in our Club.

It's going to be a great meeting. I hope you can all make it. You might plan a little time after the meeting. I think there will be a lot of "Hangin' Around" going on.

For those that didn't know it, President-elect Russ Lockner recently attended the President Elect Training Session (PETS). He came back very inspired, which happened to most of us who attended PETS. This is an excellent sign that our Club will continue the momentum started last year by Randy Seelye. I'm sure he'll be contacting you about how you can help next year. If there is something you'd like to do, don't wait for Russ to call you.

## Special Report

The following report was submitted by Pat Martin and reflects recent action taken by the board. The Community Services Committee has received applications from the community requesting support for many local projects and programs. This report provides some detail of the programs have been approved by the club's board of directors.

### **Roseland Soccer Program - \$250**

- to purchase soccer balls for the two Roseland teams
- to subsidize the cost of about 8 soccer jerseys for participants who cannot afford to buy them

### **Santa Rosa Senior Center - \$300**

- to connect to the existing irrigation system to water the front landscaping installed by SR Sunrise Rotary during "Hands Across the County".

### **Santa Rosa Senior Center \$150-\$200**

- to purchase food for a Pancake Breakfast to kick off the First annual "Spring Celebration" on April 4th. This first annual social event will celebrate spring with a variety of events focusing on poetry, art, writing and will feature the center's own "Silver Singers". They would also like 12 - 16 Rotarian Volunteers to cook and serve the breakfast.

### **Drug Abuse Alternative Center/ Clean and Sober School -\$2000**

- to support the Clean and Sober School Program. Program goal is to merge therapy and academic efforts for adolescents with a history of substance abuse problems who have chosen the commitment to sobriety.
- Targets 13-18 year old boys and girls of all ethnic groups and economic levels.
- They are referred by school counselors, juvenile probation, private counselors, peers and through word of mouth.
- Students spend time fulfilling the academic re-

quirements for high school graduation. They also spend time in outpatient counseling and group counseling sessions. They are required to participate in 12-step programs in relationship to their addiction.

- Some students return to public high school and a number have graduated from the Clean and Sober School.

### **Sonoma County Family YMCA - \$1500**

- General Fund Contribution
- YMCA's mission is to provide healthy, safe and wholesome programs for youth and family through comprehensive programs emphasizing the values of building character, developing self esteem and strengthening families.

- 1st Priority - support the "After Hours" Y-Teen Center held every Saturday night from 8pm to midnight at the main facility on College Avenue. Over 150 6th - 8th graders regularly attend and actively participate in a variety of programs that are supervised by trained and caring staff and volunteers. It is the "cool" place to be on Saturday nights.

- 2nd Priority - Leadership in Training Program prepared teenagers, 13-16, for camp counseling. The teens serve as counselor aids in the Summer Day Camp program. Over 60 teens participated in Summer 1997.

- 3rd Priority - Summer Day Camps offer a traditional day camp program at 8 county sites, a sports day camp at 4 sites, a performing arts day camp at 3 sites, 1 basketball camp, 1 kindercamp and 1 nature/adventure camp. There will be 5 week-long camp sessions. Over 3300 youth attend. Camps provide opportunities for kids to meet new friends, develop leadership and counselor skills, and learn the importance of teamwork and being reliable and responsible for one's actions.

- 4th Priority - Low Income Subsidy Program subsidizes youngsters who would not be able to participate without help and support from the Y.

**TOTAL GRANT FUNDING REQUEST THIS PERIOD:  
\$4250.00**

## "THE PAST IS THE PROLOGUE"

The Rotary Speech Contest will take place at our meeting on March 12. Three students from Elsie Allen High School have been selected to participate. The theme will be "The Past Is The Prologue" and should prove to be interesting. Come on out and show your support for these young people... try to remember the first time you spoke in front of a group of strangers...

The three volunteer judges are - Steve Coats, Sonoma County Schools Credit Union; Meg Stoner, Santa Rosa Junior College; and Eric Harryman - a past participant. Heather Garcia from Elsie Allen will be the time-keeper. Special thanks to Lu-Ann Poulsen, Ralph Harryman and Pat Martin for their assistance, and to Heather Garcia for coordinating student support.

## Letter from Amber Taylor

Santa Rosa Sunrise Rotary Club:

I Appreciate Your Support!

Thanks to the generous support of people like you, I was able to attend Presidential Classroom in Washington, DC. Not only did this program bring me up to date on political issues and allow me to meet numerous politicians, but it also gave me an opportunity to meet and be with other students who were interested in community service, college, and opportunities in many other fields.

Presidential Classroom made a huge impact on my life and my view of the world. Besides simply connecting me to a whole world of national and international issues, it also allowed me to re-energize - sometimes one begins to feel that they are the only one who cares, which becomes frustrating. By participating in events and programs like this, you are able to truly renew faith in humanity.

I was able to meet all types of people, sharing a room with two Puerto Ricans and a girl from North Carolina, people that have made a lasting impact on my life. I thank you again for this amazing connection to the government and youth of the United States of America, and the world.

- Amber Taylor

## Interactive News

## Program - March 19

**Job Shadowing:**

The club members thanked Merle Hayes with a round of applause for the excellent work she is doing with the job shadowing project. She has already connected several students and the program has been very well received at Elsie Allen High School.

**Interact Leadership Conference:**

Your Interact club will be sending five students to the Interact Leadership Conference at Westminster Woods in Occidental. They are: Josh Johnson, Courtney Todoroff, Darren Benefield, Julie Medieros and Sierra Pickett. The information filled event is scheduled for March 20, 21, 22 and will feature inspirational speakers, camp-fire sing-a-longs, skits, a Saturday night disco dance... and fun for all!

**Next Meeting:**

Interact will meet on March 17th from 12:30 to 1:00 PM in Room E13 at Elsie Allen High School. Room E13 is located on the Northeast corner of the campus. All Rotarians are welcome and it counts as a 'make-up'. Bring a brown bag lunch and a smile.

**John Watson was the driving force behind the construction project in the Valley of the Moon on Saturday, March 7. Looks like a lot of help turned out to man the saws, drills and screwdrivers. Volunteers to be recognized on Thursday. Pictures on 3.**

*Don't evaluate your life in terms of achievements, trivial or monumental, along the way. If you do, you will be destined to the frustration of always seeking out other destinations, and never allowing yourself actually to be fulfilled.*

*Instead, wake up and appreciate everything you encounter along your path. Enjoy the flowers that are there for your pleasure. Tune in to the sunrise, the little children, the laughter, the rain and the birds. Drink it all in....*

*There is no way to happiness; happiness IS the way!*

## Meeting News:

Pat Martin led off the proceedings with the pledge and Larry Martin led a group inspirational lesson in "gooseness". Vicki Lockner, the official greeter, had no visiting Rotarians to introduce.

John Watson recognized all the volunteers who worked (longer than anticipated) to finish the Valley of the Moon Children's Home project. Congratulations and thanks to John who did all the coordination, planning, material purchases, and a lot of the work to get the job done.

Stan Walker announced the upcoming Alumni Meeting on March 26. He is still looking for some help to personally invite the honored, former member, guests. If you haven't signed up to contact your favorite alumni, there is probably still time.

Steve Herron announced that brochures are now available for the golf tournament. In addition, he mentioned the Early Bird Raffle to encourage early registration. If you are going to do it anyway, why not do it early?

Al Abramson announced the upcoming Game Night, sent around a sign-up sheet, and requested \$10.00 per participant to cover the cost of refreshments.

LuAnn, last week's raffle winner, announced the initiation of a Paul Harris Fellowship for her daughter to celebrate the winnings. Thanks LuAnn.

Archie and wife Sue are both celebrating birthdays. Sue's is on St. Patrick's Day. Maybe Archie should drive all the snakes out of Healdsburg to celebrate. Shauna was recognized (again?) for the trip to Mexico. \$15.

If you weren't wearing green, it cost you \$5.00. We can't say that Art didn't warn us. Al Abramson announced that he is engaged. To do what? you may ask. Get married of course. (Was that a secret?) Sometime in the fall it will happen.

Kevin admitted to a surprise hockey party last Monday at the Villa. He picked from the board - twice.

## Mystery Rotarian

This week's MR claims to be a 49er fan.  
Though her first love was being in the Greenbay clan.  
This MR must have been misled  
when convinced of the merit of being a cheese head.

This MR was born and raised in Texas, in the town of Brownsville.  
This MR attended the local H.S. and could be there still.  
But this MR's parents moved to Cupertino,  
After being lonesome for family she said; "Go I will."  
So our MR went with her two sons Michael and Leo.

She studied Accounting at DeAnza and learned the works,  
Now this MR earns more than minimum wage and gets a few perks.  
Our MR was a single parent then  
but did what it took to win.

In Santa Clara romance began, when our MR became Randy's fan.  
A motorcycle CHP parked near our MR's apartment, with a radar gun,  
Our MR saw this as an opportunity for a lot of fun.  
Oddly enough this location became the CHP's favorite spot,  
to sit and watch and a lot of speeders did get caught.

Our MR likes to read, mostly novels of romance.  
She loves to boat, and camp and is willing to take a chance,  
by going out with Nancy to drink tequila, socially  
otherwise she prefers a Long Island Ice Tea.  
This drink is not made from brewed leaves,  
and after drinking a few one clearly, can not see.

Once again I've done my duty,  
I've given you the clues  
now you find the booty.

*Archie Julian*

What is the significance of February 23 for Rotarians? It is the anniversary of Rotary of course. How many years? 93 this year. Seems like only yesterday that Paul was deciding it would be a good thing to meet with friends and associates.

Please don't look to me to clear up any confusion there might have been about Phil, Phil's wife, and Phil's dog. It seemed to me that Marsha was feeling a lot better now that Phil took the dog to the Villa for dinner but maybe I didn't hear it right. I think it was because I was in the back of the room and missed some of the nuances of the report. Perhaps it was because I missed the meeting the week before and was somewhat out of the loop. It just DOES NOT PAY to miss a meeting.

Vicki did a High 25 (from the board) to announce her selection as the "School Master???" of the year. (I guess I either have to get my ears checked or we need a PA system in the room. Maybe she said Grand Exalted Pooh-Bah of the Year. In any event, it was recognition for the great job we all know that Vicki does at Steele Lane. No marble for Art, \$10 for Frank, Jim introduced the speaker and that's the way it is!

## PROGRAMS PROGRAMS

Thursday, March 26, 1998

### *Alumni Open House*

There won't be a Homecoming Parade but there will be good times with old friends and former members.

## Santa Rosa Sunrise Youth Grant Program

*On occasion, the Club is approached by high school or college students who are looking for funding assistance to attend a special event or program. The Board decided to formalize the criteria for "Youth Grants", which is outlined below. As an example, we recently assisted Amber Taylor, our February "Student of the Month" from Elsie Allen, so she could attend her presidential retreat week in Washington, D.C.. If you have any questions about the criteria that has been approved, please contact Russ Lockner.*

## Criteria for Youth Grants

**Amount:** Not to exceed \$250.00 per grant. The grant amount awarded can not represent the entire amount of the the program or project costs. That is, the student will be required to obtain other sources of funding from family, other donations or earned money.

**Eligibility:** Any full time student in a Sonoma County high school, continuation school, Santa Rosa Junior College, Sonoma State University, professional or vocational school.

**Purpose:** To foster and encourage students to participate in programs or projects which will directly benefit them in achieving a career goal and enable them in making a contribution to their specific community. It may be a corollary of an existing program; a specific project which requires special equipment, supplies or tools; travel to workshops, seminars or special programs which are of interest and directly related to stated objectives

**Procedure:** Submittal of an application to the Board of Directors of the Sunrise Rotary Club of Santa Rosa at least 90 days prior to the requested funding date. The application should include the following:

- 1 A Resume
- 2 A short description of the project or program.
- 3 The amount requested and the source of the additional funds required
- 4 A short (maximum one page) statement of how participation in this program or receipt of equipment or supplies would benefit the student and enable the student to further their career goals and communicate and share this experience with other members of the community.
- 5 If the written application is approved, the student will appear before the Board of Directors to present the request in person.
- 6 Make a short verbal presentation at a regular meeting after conclusion of the project or program.

## Meeting News:

Kevin Led the pledge, Mike Kelly dug deep for some spontaneous and impromptu inspiration, and Archie introduced the visiting Rotarians. Is it true that Archie was also late????

Al announced Game Night, which is now history, (see photos) and invited everyone to come. Dave L. reminded everyone of this week's Alumni Day. Pat Martin was still looking for some volunteers to help with the Santa Rosa Senior Center Breakfast which is happening on April 4 - Saturday beginning at 8:00 am.

The drawing for the Early Bird Registration for the Golf Tournament is going to happen at the meeting on the 26th. Invitations went out to everyone in the club for the upcoming Fireside at Keith's house on April 9th.

Birthday's were celebrated by Mike Panas who went off on a shopping spree with his wife on the 14th. Merle celebrated her 21st birthday (or was it on March 21st??) by a day of body surfing on the beautiful Sonoma Coast. Not body surfing, but still going strong at 104, was Randy Seelye's grandmother who celebrated on Friday. It won't be long and she can say she lived in three centuries and two millenniums.

Time marches on also for Warren's kids (in 6 year increments?) **Leroy's son is home from college!!!** (Don't say you haven't been warned!) Pat Martin sold her house in 36 hours (with Mike Kelly's help). Steve Amend told us about all of his son's accomplishment - all that good stuff and only two sons. Unless I heard wrong, Charles James said he settled an arrest warrant. Can't be true - not our Charles.

All of the above was officiated over by Past President Nancy Aita who, it is apparent, has not lost any of her stuff over the years. The meeting was fast paced and breathless, with even guests being fined. Could it be any other way. The board was picked clean along with our plates and Sylvia Higgins solved the mystery.

## Golf Tournament - Coming Soon

**LET'S GET READY FOR OUR GOLF TOURNAMENT!**

**RAFFLE PRIZES NEEDED:**

Each year club members are asked to come up with a raffle prize for our annual golf tournament. This raffle is a very important part of our tournament. Club members are expected to come up with a prize or prizes that are valued at \$50.00 or more. These can, for example, be two dinner certificates at a value of \$25.00 each, or five drycleaning certificates valued at \$10.00 each. Many clubmembers turn in several prizes. Most are able to get such items donated by a restaurant or other company that they do business with.

By filling out one of our Raffle Prize Donation Forms we are able to give recognition to those businesses who donate prizes for our tournament. Please turn in one of these forms with your raffle prize(s) to the person designated to collect it from you listed below. If you'd rather not come up with a prize, please write us a check for \$50.00 or more if you wish. Steve Amend is heading up the golf raffle committee and has divided up our club roster to collect the raffle prizes and forms as follows:

- ◆ Steve Amend - "A" through "Herron"
- ◆ Sylvia Higgins - "Holder" through the "McCrackens"
- ◆ Eve - "Olsen" through "Zumfelde"

We've got a deadline of April 15 (sound familiar) to get these prizes in. Thank you, in advance, for contributing great prizes/money and turning in filled out prize forms in a timely manner.

*Eve Nighswonger*

*A Personal Note from Eve Nighswonger:*

*Many of you have been kind enough to inquire about my brother, Mark, who has AIDS and I want to thank you for your concern. The bad news is that he has zero T-cells left to fight infection, but the good news is that he has responded well to the new mixture of drugs that have become available recently and the amount of the HIV virus in his body has been greatly reduced. Mark has moved (with his cats, Hazel & Avoidansia) to Guerneville, is living independently, and seems to be content.*

I missed the details but Del told us about an adventure he was off on wearing Rotary pins and Paul Harris pins and a Rotary hat, T- and sweat shirts, Rotary aprons, eating his Rotary candy, in Rotary shorts and R-PJ's and who know what all. Sorry I missed it. Sounds like a one-man Tournament of Roses Rotary float. Thanks Del.

Editor's Note: *Because of my absence last week, fellow members have stepped to the plate once again to report on all the club news and happenings. Thanks to Eve for the great job of reporting and commenting on the news. Thanks also to Jim McCracken for another great report on the activities of the Interact Club. Warren had all the information on upcoming meetings. Space doesn't allow for the full biography of next week's speaker but it looks like another great program on April 9. Details will be printed next week. Of course there is also Archie's mystery Rotarian creation. And thanks to all of you for all the interesting stuff you are doing that makes it so easy to fill this newsletter with all of your activities. Now, on with the show, the listing of the alumni guests, and Eve's reports and more.*

### ALUMNI GUESTS:

Cathy Vyeniolo, Eric Van Cleave, Kent Seegmiller, Albert Handelman, Carol (Estes) Ward, Tom Eakin, Gary Doolittle, Steve Beckwith, Howard Dalton, Bruce Bowe, Dana Anderson, Mike McCracken, Joe Militello, Wim Vander Horst, Rhoann Ponseti, and Jim Ponzio. While Charleston Heston did make an appearance before the meeting began, he was neither a club guest nor alumnus. Please contact any of our alumni guests that have expressed interest in rejoining our club. Interested alumni should be invited to attend another meeting as your guest. We've got pamphlets available to show you how to propose a member. If you have any questions, ask Eve Nighswonger or Scott Holder.

### WOW, WHAT A MEETING!

Mike Kelly brought Ross Andress as his guest and then, all the other special guests! It was great seeing all those former clubmembers. Many were familiar and some were new friendly faces simply because they were members before I joined Rotary. We all learned about the history of this club. We learned how Warren Smith got elected as our first president. He missed a meeting, was nominated and elected--to his surprise and apparently without his consent. Those were the good old days. Howard "Buster" Dalton spoke about how bringing women into Rotary "legitimized" the club. According to Warren, when women joined the club it was "time to be couth". The first fall fundraiser was an Octoberfest well-attended at the small price of \$6 per person. Kent Seegmiller told us about some of our club's other firsts. Our first club flag was designed by Buster Dalton's wife. First female Rotarian brought into the club was Vicki Lockner. Carol (Estes) Ward was the first Rotarian in the club's history to give birth. Del Raby was the first district governor from our club. Art King joined the club while Kent Seegmiller was president. Apparently Art had had some attendance problems and had to come plead before the board of directors to keep his membership.

Now President Art took the opportunity to fine Buster Dalton, his sponsor and alumni guest, \$5.00 for not properly instructing him on making up meetings. For alumni this meeting was an opportunity to see old friends, remember good times, but also to catch up on what this club's been doing--the field we put in at Steele Lane School; the continued success of our annual golf tournament; the growth in the number of our members; how under Randy Seelye's presidency we swept the awards at the conference in '97 and earned the "Best Club Award"; how our theme this year is "friendship through Rotary." For newer club members this meeting was a fun and valuable club history lesson. I think we all learned a lot--and laughed a lot, too.

## Meeting News

John Jones was our greeter and introduced the visiting Rotarians. Archie Julian led us in the pledge and Eve Nighswonger shared the inspirational thought.

### **WELCOME NEW MEMBERS:**

*Margie England is joining us under the classification of Additional Active, Family Law, sponsored by Steve Davis. Benjamin "Tux" Tuxhorn is joining us under the classification of Land Developer, sponsored by Art King. Welcome Margie and Tux!*

Leroy Carlenzoli, Dan Davis, and Jeff Young were our birthday boys this week. Apparently, Leroy's wife, Carol, will be joining some lady friends on a trip to Hawaii--guess this leaves Leroy available for some type of critter hunting on his birthday. Leroy did a \$50 Paul Harris contribution. Thanks, Leroy!

Dan has no idea what's going on---for his birthday, that is. Guess Susan will surprise him. Dan's already learned how expensive forgotten candy can be and he could be seen clutching his birthday candy jar as he left the meeting. Jeff also hadn't a clue as to how his birthday will be spent--guess we'll hear about it next week. All were thrilled by their sweet thoughtful gifts of candy at the very reasonable price of \$15 a jar.

*Archie Julian and Peter Treleaven (AKA "the doodling duo") were fined for drawing on the paper table cloth during an important speech at Ukiah's crab feed. Despite the fact that said drawings were deemed artistically "juvenile", Art determined that a fine was certainly in order. Archie got off with a mere \$10 assessment, but Peter felt compelled to point out particular occurrences at that same event that President Art declared irrelevant (AKA "whining") which ended up costing Peter \$15.*

**"Table Talkers" don't go unnoticed by President Art when he is speaking, especially when the table is positioned within ear shot of Art's "good ear". So, Peter Treleaven, and everyone at his table were fined \$5 each.**

Alumnus, Rhoann Ponseti, drew the white marble when Gary Bayless deferred to a re-draw, and Peter Treleaven got the sure \$10--reducing his fine bill for the day.

## Mystery Rotarian

This MR write up is just for me,  
because it is I who wants to see,  
if you read about the Rotarian of Mystery,  
and if so just how regularly.

We do have a MR this week  
keep reading for the answer you seek.  
She was born and raised near UCLA,  
where she leaned to do things just her way.

She attended Miralest High School  
where she loved English, Writing and being cool.  
At Cal State Fullerton she studied Communications  
and learned to properly use points of exclamations!

Her favorite wine is Chardonnay or Champagne,  
and her love of sports will never wane.  
She loves to work out, roller blade, and bike.  
But her kids Mike and Jillian are her greatest like.

She loves E-mail or just thinks it's really neat,  
to talk to the world without leaving her seat.  
She uses it in her work almost every day,  
and says it's really nice way to have her say.

Well I've given you the facts to make a guess  
but, now I'll change the usual events more or less.  
Ellen J.S. Johnson is our Mystery Rotarian.  
You know the answer and don't have to strain your brain,  
but, if you answer wrong, you're down the drain.

Because I know this I wrote you failed to read,  
and in my quest to be a writer of interest I didn't succeed.  
*Archie Julian*

## InterActive News

### The 1998 Leadership Conference - WOW!

I am still amazed at the energy and camaraderie that takes place at Westminster Woods each year. If anyone wonders where our future leaders are coming from, or has any doubt about what our world is going to be like... just attend this event. You will see how 165 students from 25 schools in our district work for two-plus days in harmony. They share ideas, compare projects, smile a lot, listen to inspiring speakers, laugh at the rain, make speeches, perform skits, accept awards, and plan future cooperative projects together with other clubs.

This year, 'Most Successful Project' awards were given to Petaluma High, Petaluma Junior High, Casa Grande, Rancho Cotati and Brook Haven Junior High. Sierra Pickett, from our own Elsie Allen High was voted the 'Conference Leadership Award' by her peers. Sierra was also nominated for the 'Most Inspirational Award' which went to Lisa Fillippini from Petaluma Junior High.

There is a local grass roots movement afoot to include Junior High School Clubs in Interact. Although not yet officially recognized by Rotary International, the Junior High students welcomed at our conference this year certainly served notice that they could become a valuable addition to the world of Interact. These energetic young citizens mixed well with their older high school counterparts, and their projects demonstrated they measured up to the task.

Once again, we were honored to have our District Governor, Larry Bello, and his wife Nancy in attendance for the entire conference. Larry delivered an impressive key note speech on Saturday morning before an very courteous, attentive audience.

So, we extend an invitation for any Rotarian to visit the 1999 Interact Leadership Conference, even for just an hour or two. I can't wait for my revitalization process to take place, once again, next year. In a word, awesome!

- Jim McCracken

### GAME NIGHT REPORT:

Al Abramson told us all about last Saturday night's gaming. What started out as simply good food and good conversation turned wild with activities such as "brazen bridge" and "high-flying hearts". A good time was had by all. Thanks, Al, for making it all happen. Al has agreed to head up the work party to repair all that damage we caused "tearing up" the place.

### FIRESIDE AT THE TAYLORS:

Keith and Carmen Taylor are hosting our next fireside Thursday, April 9th from 6:30 to 8:30 at their home at 3860 Holland Drive. Firesides are fun events where we have an opportunity to socialize and learn more about Rotary. Attending a fireside is also A RED BADGE REQUIREMENT--so new members, please plan to attend, we want to meet and get to know you! Spouses and significant others are always welcome.
