When and where do mentors meet mentees?

All mentoring takes place with junior and senior high youth at the Manchester Junior-Senior High School campus, more specifically:

- ◆ During the Jobs for America's Graduates class times
- ◆ During lunch
- ◆ During study hall
- ◆ Before or after school

A Team Approach

Our Rotary Club will assign a case worker to walk alongside you, to answer your questions and give you support.

North Manchester Mentoring Program

In partnership with the Manchester Junior-Senior High School

Our goal is to create and support consistent, positive, one-to-one relationships between a teenager and an adult volunteer, who will be an advisor and friend on the journey toward becoming a successful and contributing adult.

Sponsored by Rotary Club of North Manchester

Why Mentoring?

Rotary Club of North Manchester surveyed our Junior and Senior High School students. Based on the results, and observations by teachers and staff ,we concluded:

- ◆ Students need guidance with long-range planning. Most teens focus on the immediate need to graduate, and do not give sufficient thought and effort toward their plans following graduation.
- ◆ Youth need positive role models who can guide them toward completing their education, pursuing a career, gaining financial security, and living a balanced and happy life.

Mentors, through building relationships with their mentees, and providing wise counsel, can help teens make good decisions and develop into productive and successful adults.

Why Mentoring?

Research has demonstrated the following positive impacts of a mentoring program:

- ◆ Overall academic performance
- ◆ Overall quality of class work
- ◆ The number of assignments turned in
- ◆ A reduction of serious school infractions
- ◆ Scholastic efficacy (feeling more competent academically)
- ◆ A reduction of skipping school

Mentoring Central Web-based classes are a great way to learn about being a mentor.

How am I Trained?

Our mentoring training program, Mentoring Central, offers excellent Web-based classes. The lessons are interesting, interactive and informative. You can work at your own pace, on your own, or you can attend one of our classes. The course includes segments on building foundations, ethics and safety, and building and maintaining the relationship. In addition to online instruction, there is a wealth of materials you can save and print. Mentors who complete our online courses will be prepared, empowered, and more committed to mentoring.

How are Mentors and Mentees Matched Up?

Once you've completed your training, you will be ready to be matched with a mentee. We will use our Mentor Core administrative program to match your profile and the profile of the mentees, based on your interests and skills and the mentees interests and needs.
