People of Action

Our club offers opportunities for our members — and those interested in making a difference — to get involved. Through meetings, social events, and volunteer projects, our members learn about the issues facing our community and communities all over the world, partnering with local, national, and global experts to exchange ideas about potential solutions and to draw up action plans to respond. Along with these opportunities to serve, members also are able to regularly network, resulting in lifelong friendships and business connections.

Our club is a proud part of this community and of Rotary International. Rotary is a global network of more than 1.2 million members who believe that great things happen when dedicated minds come together. We are community and business leaders representing different professions, experiences, and perspectives but with a shared desire to connect with others to address the challenges affecting our community and communities around the world.

Making a Difference

Solving real problems takes real effort, commitment, and vision. Rotarians work to protect communities from preventable disease, keep women and children healthy, improve education and economic outcomes, create safe water and sanitation infrastructure, and make our community and the world a more peaceful place.

We are working with various partners on many projects including:

Local project — Free Meals on Wheels
Raise funds and help with meal preparation

Local project — fund leadership training scholarships for high school students

Local project — provide scholarships for high school graduates to attend vocational schools or junior colleges

International project — fight human trafficking in Vietnam through awareness and self-defense training

International project — PadMad, a social enterprise based in Kenya, works towards ending period poverty through education, empowerment, sustainability and environmental responsibility.

- * "Aspirations are more important than accomplishments. What you are going to accomplish next is more important than what you have done so far." - Marty M.
- * "Being in Vietnam to preventing human trafficking, I told the girls who attended leadership camp that they were related to the Trung Sisters and thus the blood of warriors flowed through their bodies. Thus they can and must resist the traffickers." Nick L.
