

2020 EIB KEYNOTE SPEAKER: DR. JOHN COORS

Dr. John Coors is the former CEO of CoorsTek, the world's largest engineered ceramics manufacturer — serving more than 10,000 customers worldwide. John began his career with Coors in 1979, holding a variety of engineering, human resources, project management and executive roles. Dr. Coors holds a bachelor's degree in Chemical Engineering from the Colorado School of Mines, a master's degree in Biochemistry from the University of Texas and a Doctorate in Engineering from the Technical University of Munich. He also serves as a member of the Mines Foundation Board of Governors.
