

Keeping It Rotary

The Rotary Club of Irving Sunrise

September 21, 2017

At last week's meeting, which unfortunately your devoted editor was unable to attend, considerable discussion was given to the club's possibly using a professionally developed web site called ClubRunner which is used by over 5,000 Rotary clubs throughout the world. Among its capabilities are:

- Maintain a customizable website with no technical expertise required.
- Maintain a secure, centralized membership database.
- Integrate and report member data changes to RI.
- Maintain a secure, password protected on-line membership directory.
- Create bills, send and track detailed invoices and payments.
- Process credit card payments.
- Create personalized E-Bulletins.
- Send personalized E-Mail reminders of all commitments.
- Manage events, publish an event calendar, accept on-line reservations and volunteer bookings.

At a special board meeting it was voted to proceed. A new era awaits for ISR.

Our program this week will be "Healthy Living for Your Brain and Body" brought to us by the Alzheimer's Association.

Go to <http://bit.ly/2u633eE> to register for the Rotary District 5810 Awards Dinner this Saturday, September 23rd where our own **Bill Caton** will receive a special award as outstanding club member. The event will be at Bank of America Hall at Eismann Center, 2351 Performance Drive, Richardson, TX.

Rotary Information

This week we introduce **Swalem Kunz Lomelin** who is our Rotaract Secretary this year. Swalem is from Mexico

City (Mexico, of course), but moved to Texas

when she was eleven years old. She is a senior majoring in Biology and has special interest in animal behavior and marine biology. Her other interests include foreign languages, music, and fine arts. Swalem may be the perfect example of a "dreamer" for whom we surely can find a

place for. Kind of puts it all in perspective, doesn't it?
