TODAY'S Program

David Bentz

President, D Bentz and Associates LLC
Security/Cybersecurity

David is currently a security/cybersecurity consultant. Due to his background and experience, he is frequently engaged as a public speaker. His presentations focus on bringing cybersecurity to the forefront of companies, government agencies, and the public at-large.

David was the founding supervisor of the U.S. Secret Service computer crimes task force in Dallas. His assignments included Dallas, SS Headquarters, and Baltimore. His cybersecurity highlights include building the Dallas computer crimes task force to over 400 members prior to his retirement from the Agency in 2012.

Following his career at the Secret Service, David spent 10 years as the Director of Technology at a privately held security company in Fort Worth, TX. His teams provided a wide breadth of technical security to hundreds of company sites, employees, Flight Base of Operations, and private residences.

Finally, David spent nine years in the U.S. Marine Corps with over 14 months on aircraft carriers touring the Western Pacific, Orient, and Indian Oceans.

Between time spent in the Marine Corps and Secret Service, David has traveled the world and has a strong macro-view of world affairs and security.
