Rotary Cares

Rotary is the world's largest member-based nonprofit service organization. It engages community, business and professional leaders to collaborate, providing humanitarian service and to advance goodwill and peace around the world. Solving real problems takes real commitment and vision.

In 1985 Rotary International launched Polio Plus, its campaign to rid the world of polio (poliomyelitis). Due to the unrelenting work of thousands of Rotarians worldwide, cases of polio have continued to decrease year after year.

Sharing our commitment to respond to human needs, Richardson East Rotary Club has worked with other Rotary clubs locally and abroad to promote peace, fight disease and provide clean water, sanitation and hygiene. We are always working to better our world, and we are always looking for likeminded servant hearts to join us.

The Richardson East Rotary Foundation is a 501(c)(3) non-profit

Our Causes

Like Rotary International, Richardson East Rotary Club is doing its part to better our world, locally and abroad. Locally, we initiated the creation of an Inclusive Playground as a signature project for our Club. We partnered with the City of Richardson Parks & Department and engaged the community to create an interactive space within a park that invites people of all abilities to have a fun and safe environment in which to play.

Our Club works closely with other entities within our City to fund services that are needed by residents. These include Veterans groups, Network of Community Ministries, and other local entities with donations of funds, time, and talent, that make a direct impact on our community.

Our Foundation

"The Richardson East Rotary Club Foundation was established in 2004 as a non-profit agency of The Richardson East Rotary Club. It serves as the philanthropic arm to the Richardson East Rotary Club to help it reach its mission. Such causes include offering yearly college scholarships for two and four-year programs. Additionally, it provides an avenue to support Rotary participation in our local and international projects.

As our foundation is a non-profit it allows for federal tax exemption of your donations, which means that the net proceeds from our events, like our Games & Gala, go directly to the projects and charities we support while you enjoy a favorable tax break.

Dental Clinic

Teaming up with The Network of Community Ministries, two of our members, Doctors Mark Denny and Doug Crosby, created the Rotary Dental Clinic in 2009.

Originally providing free dental care to Richardson ISD students in need, the clinic now provides free off-site care for all residents seeking help through Network.

Their vision of this program extends beyond borders bringing much needed relief to countries not able to provide proper dental care and hygiene such as Romania, Honduras and Brazil.

Youth Programs

Dreaming of a great tomorrow starts with coaching and developing our youth today. We encourage and promote leadership development of our youth through RYLA and Interact, two Rotary programs that bring together young people ages 12-18 to teach life skills while discovering the power of Service Above Self.
