Rotary Peak

Wouldn't it be great if we had a special place right here in Summit County, dedicated to the recognition of Rotary International and celebration of its service to the world? A place that is remote and wild, yet reachable on foot by most Rotarians and other visitors from near and far, where the views of our mountain wilderness extend for miles in all directions? It just might happen.

We've been working for the past few months with a small group of interested Rotarians from several other clubs in our Rotary District 5450, including Littleton, Evergreen, Mountain Foothills, Breckenridge Mountain, Clear Creek, Conifer, and Boulder. An unnamed peak, elevation 12,479 feet, is located right on the Continental Divide about two miles west of Loveland Pass, elevation 11,991 feet. An existing trail with limited elevation changes provides fairly easy access to this peak. We are proposing that it be named "Rotary Peak" and we have been soliciting letters of support from local governments, organizations, and elected state and federal representatives; several have already been received and many others are currently in process. Those letters will accompany our formal application to the US Board on Geographical Names, which has the official authority to confer names on such sites throughout the country. There's no assurance that the Board will approve our proposal, but we're optimistic as we continue the process.

One fine day in the not too distant future, we may find ourselves part of a special ceremony up there. Watch for your invitation!

1994, initially as a clerk working for Colorado's Supreme Court, followed by work at a prominent Denver firm, punctuated by a few years as an Assistant Attorney General representing the State Land Board and the Oil and Gas Conservation Commission. She is particularly thankful for the ability to work remotely from her home outside of Silverthorne, and for the last five years has teamed with longtime friend and colleague, Sheri Visani, at the firm of Visani Bargell. She enjoys getting outside on the trails for a run, watching the various sports her kids take up from time to time and writing periodically for the Summit Daily News about life and family in our lively little community.

=====

Kelsey Lyons

My husband and I moved to Summit County in July of 2009 to open our first business, Rocky Mountain Chocolate Factory. Then in February of 2013 we opened our second business, Which Wich, right next door to the Chocolate Factory. Our biggest surprise in opening was how supportive locals are of small business. They keep us alive in mud season and we attribute all of our success to them. From day one, we have felt welcome, loved, and supported in this county.

Besides opening our businesses, in those almost five years, we have rescued/adopted a little Chihuahua named Macho, purchased a house in Breckenridge, and made many lifelong friends all over Summit County. Family, friends, and Nebraska football make our world go 'round. We have grown to really love this area and are happy to call Summit our home. We look forward to many more years here filled with sunshine, happiness, success, friends, and maybe a family of our own some day!

Membership

Posted by Debra Irvine on Sep 16, 2013

We want to thank all of those sponsors who are identifying community leaders/business professionals and bringing them to our meetings. Remember, a Prospective Member should attend 3 meetings before turning in their application, sponsor form, a short bio and \$100 application fee to **Debra Irvine**. The application will then be presented to the Membership Committee for approval and then the Board of Directors. Once approved their name and bio will be posted in our bulletin for 3 weeks. If there are no questions about the Prospective Member the induction will be scheduled.

If you would like to be a Mentor to a new member please see **Ann Clement**. We encourage new members to interact with Prospective/New Members as much as possible. One of the Red Badge requirements is to be a Greeter 3 times. Because our club is growing and we are experiencing so many guests, greeters are so very important. You don't have to be a new member to be a greeter. It is just one more way of participating in Club Service.
