**KANALOA SEAFOOD MARKET**

"Kanaloa has been fishing the world for the highest quality seafood since 1983", said Kevin King, chef and manager, Kanaloa Seafood Market, Oxbow Public Market, Napa.

The Kanaloa Seafood Market selects the top quality fish from select fishermen and carefully chosen fish farmers he said. The owners of Kanaloa, Don and Randee Disraeli works for sustainable fishing since the company started 26 years ago. It is the only ISO (International Organization of Standardization) 14001 seafood company in North America said Kevin King.

He said Kanaloa buys are fish from select fishermen that use only 3 types of fishing: long line catching, harpoon catching, and by rod and reel and do not use drag net catching.

The company is based in Santa Barbara and has it own boats and catch fish based only on the amount of customers orders.

Kanaloa has its own certified fish cutters who fillet the fish. They are trained for 18-month apprenticeship. The fish is fillet by their fish cutters packed and shipped with biodegradable gel packs. It uses currier service.

Kanaloa is committed to protect the ocean and environment in its fishing activities. Even fuel and bait used in their boats are monitored and documented Kevin King said. It selects fish farmers who observe child labor laws and fair labor practices and give medical benefits to their employees. Kanaloa supports and helps maintain small artisan fishermen around the world..

Kevin King said the Kanaloa Seafood Market in Napa offers “a rich variety and highest quality farm raised saltwater and fresh water

seafood available.” Fish that are not sold that day are returned back to Santa Barbara. It’s used as stocks and baits. There is zero garbage he said.

He said Kanaloa supplies fish to all the Rutherford Grill Restaurants, to Charlie Trotter, Thomas Keller, Minna in San Francisco.

Kevin King is a Culinary Institute of America (New York) graduate and came Napa to Napa 3 1/2 years ago. His passion is cooking fish and scouting. He had been scouting (Boy Scouts) for 26 years and cooking for 10 years. He was introduced by John Kempkey
