

Service Project Proposal

Thank you for submitting a service project idea! Your Service Committee wants to capture the enthusiasm that our members already have for service projects in our community. Below is a form the Community Service Committee will use to evaluate future service projects that our club could support, encourage, and promote. The goal of this process is to expand our "Service Above Self" effort in our community, build relationships and provide a tool to recruit new members. Projects should conform to Rotary's Five Avenues of Service and not conflict with other club activities. Our plan is to have these forms and a submission box at club meetings and on our website to integrate community service more fully into our club's regular effort. Finally, we hope to feature your project with a photo, (you provide), and a story about your success and impact.

Community Service improves the quality of life of those who live within this Club's locality or municipality. This is the third avenue of Rotary Service.

Please complete and return to the box at the Service Committee table or send to Jannett Wiens at jwiens@topekazoo.org.

Name: _____

Email: _____ Cell Phone: _____

Organization your project supports: _____

Which Rotary Avenue(s) of Service does this align with? (See attached) _____

Organization's Mission: _____

Date(s) of Service Project: _____/_____/_____

Have you checked to see if this project competes with any other project at this location on these dates?

Number of Volunteers Needed: _____

List three to five members you have recruited:

1. _____
2. _____
3. _____
4. _____
5. _____

As the Project Lead, you will be contacted after the Service Committee reviews to confirm its addition to Club promotion.

We encourage you to submit photos, project summary, number of volunteers and volunteer hours for each within two weeks of the project's completion.
