September 09 - 20, 2022

Our journey will combine participation in India's National Polio Immunization activities, interaction with local Rotary clubs and their projects while visiting some of India's most extraordinary sights.

"You will never be the same after you have looked into the appreciative eyes of someone whose life you have changed."

Howard Tours

Founded in 1948, Howard Tours has been operating tour programs for more than six decades. It is owned and operated by Rotarians. Thousands of Rotarians have traveled with us to participate in polio eradication trips, wheelchair deliveries, and humanitarian missions. This is the 27th polio eradication program we have organized, and the eighth such trip to India.

This program is designed to be a mix of polio eradication, humanitarian mission, friendship exchange and sightseeing. In the past Rotarians who have taken this trip asked us to include sightseeing to the Taj Mahal and other popular destinations on the trip. Therefore, we include visits to the Taj Mahal and Jaipur, to enhance your overall experience. This travel program includes almost all of your essential travel needs so you will have limited need to pay for additional services after our arrival in India, other than for personal items. Please refer to our terms and conditions for specific information regarding what is and is not included.

Rotarian Purpose

Our Indian hosts have opened their arms to receive us by helping to create a unique and exceptional itinerary. In addition to our participation in the National Immunization Days (NID), we will participate in special Rotary activities and events. **During our visit, all participants will be expected to attend all events and official programs**, including the National Immunization Day activities and Rotary club visits.
