## About Akron Rotary Camp

Akron Rotary Camp for Children with Special Needs was founded in 1924 to meet the needs of children with disabilities and their families. While at camp, children with polio were able to participate in activities that helped build their self-esteem and physical endurance.

Today, the mission of serving children and families is still very much alive in all of our programs. For staff, it's more than the summer experience or respite weekends, it's about doing what is right for our campers and their families. We collaborate with parents, organizations and agencies to meet the needs of individual campers, while at camp and in the community.

## Meet Kathryn

*"One of Kathryn's greatest attributes is her smile. It is expressive and infectious. It warms the hearts of all those around her and lets her share her feelings. It is probably her greatest gift."*

*"Rotary camp not only gives her a place to smile and share this gift, but new and exciting reasons to smile. When we talk to her about her days at camp, she grins from ear to ear. At times, she gets so excited, she screams in exhilaration. Even after long hot days when she is sleepy and exhausted, she still smiles about her day at camp."*

*"Rotary Camp seems to act as battery recharger for Kathryn. It doesn't seem to matter how she is in the morning when getting up and ready for camp, she breaks into smiles and laughter when the transit bus arrives at our door."*

At Rotary Camp we change lives! We help individuals with disabilities create, learn and grow in safe and caring environments. When campers leave Rotary Camp at the end of each session, they not only leave with lifelong memories and friends, but they often show more independence as well as a greater understanding of themselves and their abilities.
