

*Dr. Robert McGregor, 2020-2021 Club President*

Rob McGregor, a board certified and still practicing Pediatrician, currently serves as the Chief Medical Officer and one of the senior executives at the Akron Children's Hospital organization. He received his BS at Juniata College and MD at Penn State University. He completed his medical training at Pittsburgh Children's, serving as their Chief Resident. Recently he completed the Advanced Management Program (AMP) at the Harvard Business School. Since COVID 19 hit, he and the Chief Operating Officer serve as Incident Commanders of related emergency operations.

Rob and his wife Sharon moved to the area in 2013 and he joined Rotary to better connect with a new community and serve others. The comradery and the shared values reflected in the 4 way test energizes him. The cross generational and diverse friendships Rotary has afforded him keeps him young! (or "youngish" as his daughters remind him!) He is a proud graduate of Leadership Akron, Class 32 (You can't outdo Crew 32!) and serves on the Board of Directors of Akron Children's Hospital as well as the non profit Inclusioneers. Rob is a family man who adores his wife of 39 years and his two daughters and their families. His favorite event of the year is their annual pilgrimage to a beach house in Stone Harbor New Jersey. He and Sharon love to cook together, so it is a good thing he is also an avid exercise nut and enjoys Dragon Boat racing, weight lifting, high intensity training and spin classes but the recently retired marathoner has turned outdoor road cyclist! Rob finds Northeast Ohio awesome (most months) however he has not shifted his football allegiance as he remains a season ticket holder for his beloved Pittsburgh Steelers.
