

## **What Is Rotary?**

Rotary, with a 108-year history of humanitarian service, is a global network of community volunteers. Rotary club members are business, professional, and community leaders in your locality who meet regularly to plan and implement community service activities and network with other professionals. For those interested, members can also choose to become involved in international humanitarian service efforts. More than 1.2 million men and women in over 200 countries and geographical areas belong to over 34,000 Rotary clubs.

Rotary builds international understanding through scholarships, exchange programs, and humanitarian grants. Throughout the world, Rotary clubs participate in a broad range of educational, intercultural, and humanitarian activities designed to improve the lives of others.

Korea is well represented in Rotary with close to 1600 clubs and over 60,000 members. Korea will be the host country of RI International Convention in 2016.

## **Benefits of Membership**

Belonging to a Rotary club provides members with an opportunity to make a contribution to their own communities and to communities around the world.

Members may join Rotary for many reasons, including community involvement, personal development, professional networking, and camaraderie with fellow members. But perhaps the most important benefit is the satisfaction gained from making a real difference in the world.

## **Rotary Club of Chicagoland Korean Northbrook supports:**
