

Dear Rotary Albert Park,

I am very thankful to receive this award for the engaged learning and persistence I have shown throughout the year.

I will always try to continue this behaviour through high school and am grateful for the money you gave me to contribute to my education and my learning.

Kind regards Chloe Hamilton

Dear Rotary Albert Park,

I am honoured to receive this award and am really grateful for this opportunity.

I really enjoy working hard at school and this award will be great for my education in the future.

I'm looking forward to highschool and my next adventures ahead of me.

Kind Regards,
Freya Mithen, Albert Park Primary

Dear Albert Park Rotary,

I am very grateful for this award for excellence. This award is an amazing achievement. To know that you believed that I deserved this award, I am unbelievably honoured.

I love school so I have always tried to work hard and push myself. I have always behaved throughout my years in primary school.

Thank You.

From George Dickie.

Dear Rotary Albert Park,

This year at our graduation I got a Rotary award. The rotary award shows the determination and the hard work that me as a student has displayed across the whole of year six. I do believe that I have displayed these traits and hope to continue them through highschool and other educational opportunities.

I will always try to engage and contribute to any class discussion and topic. This award has made me extremely grateful and privileged. I hope that I can pursue this diligent and switched on behaviour in the later years.

Kind Regards Lillian
