

Sovuzwa Educare Centre in South Africa

One of the projects Rotary Albert Park is supporting is the Sovuzwa Educare Centre.

The Centre is a family-run childcare facility managed by Nomonde Dyani, located in the township of Khayelitsha.

Nomonde spends all her time focusing on the needs of the children, and yet she can't provide for their educational needs or basic comforts. Her students often take their naps on the floor with only a blanket, without mats.

Khayelitsha is an informal settlement/slum in West Cape, South Africa, and is regarded as one of the poorest communities in the country.

We would like to ask any support you can offer to this cause via our fundraising page below, even if it is just sharing with your friends and family.

Nomonde is passionate about caring for children in her community, and we are hoping to support her in this worthwhile cause.

With your help Nomonde will be able to provide a safe and comfortable environment for every child, meeting their basic needs so they are ready to learn and socialise the way children should be able to.

All funds raised will be managed and disbursed to the Centre via the Rotary Club of Newlands, South Africa, on behalf of Albert Park. A progress report will be provided to all donors and supporters of this project.
