THE BENEFITS OF MEMBERSHIP

Community awareness.

Executives meet and socialize with other business and community leaders in the club, expanding their understanding of the community's needs and wants, and getting an insight into how businesses are addressing common concerns.

Global connections.

Members of Rotary join our global network of 1.2 million members in 35,000 clubs around the world. Wherever you are traveling, there is likely a Rotary club with local business and community leaders who will welcome you.

Networking opportunities.

Through Rotary, business leaders can make important contacts that can result in profitable business ventures in the future. Besides our **regular Thursday noon meetings** at the Golf Club at Yankee Trace, we have additional optional opportunities for club engagement through your membership with the **Rotary Women Connect meeting**, a **breakfast meeting** and **regular social outings** for conversation and conviviality.

Commitment to service.

Employees of the business recognize and appreciate the company's commitment to serving others locally and abroad. Even if employees do not join the Rotary Club, the commitment to service becomes part of the corporate culture.

One-stop source.

Rotary is a productive use of an executive's time. Instead of joining a variety of boards, each with its own unique focus, time commitment and cost, Rotary is a comprehensive source where members can learn about many of the economic and social issues in the community.

Personal satisfaction.

Members experience the gratification of knowing they are helping community members and organizations to grow, thrive and create lasting, positive change.
