“Service Above Self” is our motto and what the Oxford Rotary Club is all about. Here are the key benefits and responsibilities of joining the Oxford Rotary Club:

- **Attendance and Friendships**...The weekly meeting is the cornerstone of Rotary. By attending each week you benefit from the club's fellowship, enrich your professional and personal knowledge, meet other leaders from the community, and increase your circle of business and professional acquaintances.
- **Service and Leadership**...With a clear mission to serve our community and those in need throughout the world, there are a variety of service projects that you choose to participate in...via your time, donations, or other resources. Working together on service projects develops lifelong friendships and leadership skills.
- **Finding and Keeping Members**...Every Rotarian shares the responsibility of bringing new people into the club and supporting member retention through active involvement in club meetings and activities.
- **Support the Stars and Stripes Fundraiser**...we place American Flags in subscribers' yards during five national holidays. All Rotarians are assigned to a team to place and pick up flags at subscriber's locations, throughout the year.
- **Financial Support**...each member has the following financial obligations:
