THE GOLDEN ROTARIAN

APRIL
25

LIEUTENANT
CHARLES LARA

we welcome our special guest

SDPD POLICE CHIEF
SHELLEY ZIMMERMAN

The SDPD Family Justice Center

was founded in 2002. The FJC is the culmination of a singular vision to meet all domestic violence victims' needs in one place. Prior to this victims had to go from place to place and retell their story over and over again. This would re-traumatize victims and provided multiple opportunities for victims to give up or be failed by bureaucracies. The San Diego Family Justice Center was the first of its kind in the world. It is a place where all domestic violence victims' needs can be met in one place to the end of breaking the cycle of violence by looking at victims in their totality. Lieutenant Charles Lara will give a brief overview on the San Diego Family Justice Center.

For Rotary, The Four-Way Test is the cornerstone of all action. It has been for years, and it will be in the future. Of the things we think, say or do

ROTARY 4 WAY TEST

--- 1 ---

Is it the **TRUTH**?

--- 2 ---

Is it **FAIR** to all concerned?

--- 3 ---

Will it build **GOODWILL**
and
better **FRIENDSHIPS**?

--- 4 ---

Will it be **BENEFICIAL**
to all concerned?

As Rotarians, we should have The Four-Way Test in mind in every decision we make, all day long. Our utmost responsibility is to Speak The Truth, to Be Fair, to Build Goodwill and Better Friendships, and to do our very best in all situations.

4 Way Test was developed
in 1932 by
Herbert J. Taylor.

Report

FROM THE APRIL 18 MEETING

David Chong
Reporter

Let's just stipulate that **Jim Davies** can do wonderful things with his mouth. As ROTD, he opened with a trumpet, continued with a cheek pop, and ripped sound effects without abandon throughout the morning. **Jim** graciously cut his presentation from 20 minutes to 18, though as a 20-year Most Dynamic member, we could have extended him the full 20. **Mr. Davies** shared his rich life through pictures, one of the highlights being his Man Cave, extraordinarily and architectly-geeked out. **Mr. Wonka** displayed the surprises inside every door, and the Crafting Grotto to keep the boss happy. Professionally, he demonstrated his oversight of turning Grossmont College green by piling rock where previously green (grass) resided, among other means to supervise \$207 million in improvements. Beer was undoubtedly the dominant theme flowing through **Jim's** life narrative, capped with his nod to **George Mannschreck's** quote about the educational value of fishing skills vis-a-vis beer.

Turning to High 5s and Stupid 6s, **Rick Clark's** Iphone exposure to rice brought him Chinese texts, **Sandra Scherf** is turning 70 and **Jim Frost** is celebrating 35 years of marriage. **Tom Hinton** shared a story about his activities in the

lap of actor **Jude Law** in a Budapest hotel.

Announcements included Rotarians at Work Day April 26 from **Alex Monroe**, a successful Model UN from **Erik Mjoen**, upcoming business mixer on May 15 from **Laara Gervais**, and our Art & Beer Festival on June 28 from **Linda Stouffer**. For the festival: Invite vendors, Sell Tickets, and Buy Tickets. What better way to buy booze for friends? **Ron Kohl** also announced food delivery to Casa de Paz on April 19 and the Governors Dinner installing **Louise Andres** on June 24. **Krishna Aurora** told us about the Skype call from Preuss to New Delhi, with a somewhat ambiguous reference to **Murphy's Law** (not much more ambiguous than the **Mr. Wonka** reference).

A couple months ago my Seventh Grader submitted to her teacher a research paper entitled, "What the Frack is Wrong with Fracking", so I was confident any material presented by **David Edick** on fracking would be redundant. Although **Rita Lim-Wilby** introduced **Mr. Edick** as someone who thinks about things we do not, obviously she has not met my daughter.

A summary of **Mr. Edick's** presentation? His presentation was over-

flowing with educational and salient information. In short, steerable drills go 7 to 8,000 feet down to shale, then drill horizontally. These tunnels are filled with tubes and concrete casings so that pressurized water with additives can run through the pipes ultimately causing fissures in the shale and releasing gas to the head of the well. **Mr. Edick** described this as a mostly controlled process. Although early fracking production in California's Monterey Shale has produced volume below expectations, fracking remains an important element of California's energy production, as oil peaked here in 1985. The environmental movement points to the dangers associated with hydrofluoric acid (an additive to the water), water allotments for our farmers, and water quality. **Mr. Edick** advised education on the topic as a fracking ballot measure is upcoming. Unfortunately, **Mr. Edick** concluded with a somewhat ambiguous reference to stepping on cats, opening the door for **Mr. Davies** to exercise his oral skills with cat calls.

President Brett Morey strove to divert our attention from cat calls to rabbits, and for all the young **Mjoen** and **Monroe** children in the room shared a warm story about running over and killing the Easter Bunny.

LINDA ANDREWS

I have "come a long way" from a small town in Eastern Pennsylvania to "Beautiful down town" Akron Ohio to Whittier California to New Port Beach to Temecula to Del Mar, California!!!

I spent a semester of college at the University of Copenhagen living with a Danish family whose son was in the US living with an American family on a Rotary exchange. This is when I developed my love for travel. That was my second "brush" with Rotary, the first being winning a story writing Rotary contest in 5th grade in Ohio!

I graduated from Whittier College, did graduate work Cal State Fullerton and Pepperdine. I taught elementary school in Orange County and I have been a certified interior designer. I've been successfully selling real Estate for over 25 years in San Diego. My office of Coldwell Banker is in Del Mar.

I am lucky enough to have one Beautiful daughter one fabulous son in law and two adorable grand children 1.5yrs. and 3yrs. And they live very close by!!!

I am very pleased about being a part of such an active and dynamic club as The La Jolla Golden Triangle Rotary! What a wonderful group of people banding together to do good in this world!
