For Rotary, The Four-Way Test is the cornerstone of all action. It has been for years, and it will be in the future. Of the things we think, say or do

ROTARY 4 WAY TEST

--- 1 ---
Is it the **TRUTH**?

--- 2 ---
Is it **FAIR** to all concerned?

--- 3 ---
Will it build **GOODWILL**
and
better **FRIENDSHIPS**?

--- 4 ---
Will it be **BENEFICIAL**
to all concerned?

As Rotarians, we should have The Four-Way Test in mind in every decision we make, all day long. Our utmost responsibility is to Speak The Truth, to Be Fair, to Build Goodwill and Better Friendships, and to do our very best in all situations.

4 Way Test was developed
in 1932 by
Herbert J. Taylor.

Report

FROM THE JUNE 27 MEETING

Wayne Davis
Reporter

President Brett got our meeting off to an early start to fit in our 2 speakers for the day.

Our Rotarian of the Day **Tom Hinton**, is a new Rotarian who joined our club a few months ago. **Tom** is a native of Washington, D.C. and a graduate of the University of Maryland. **Tom** serves as president and CEO of CRI Global, LLC and is the author of four books on business excellence and personal growth. **Tom** and his wife **Jean** have 2 daughters, one (**Rebecca**) just graduated from the University of Oregon and has been accepted for Graduate Studies at University of San Diego. Daughter **Megen** is a Lieutenant in the US Navy. **Tom** shared with us his love for golf, world travel and especially songwriting --- let's hear it **Tom**!

Guest announcements by **Will Moore** (in his dashing Hawaiian Shirt) introduced a number of guests, including Brett's wife and **First Lady of Rotary for 2013-2014 Holly**, and their guest, **Erin from Rancho Santa Fe**. **Steve Brown** introduced his son-in-law **Dan** and **Wayne Davis** introduced his son **Steven Davis**, a visiting Rotarian from Escondido.

Fine Master **Will Moore** exposed **Jacque Riley** on a clothing issue where she noted there were dresses in the Clothing for Success that she did not think appropriate for Dress for Success and apparently decided to wear a highly noticeable Red Hawaiian Dress to a Rotary event - obviously getting some notice from others. Well - where are the photos??

For a High-Five, **Rick Clark** announced his ability to get a balanced healthy meal from a BLT and French Fries. He claims it qualifies as 3/4 vegetarian (Lettuce, Tomato & Potatoes)?

President Brett offered his thanks

to our esteemed photographer **Bill Keane** for a touched-up version of **Brett's "Black-Eye" photo** - now to be used as the cover photo for Brett's new book "**Surfing for Dummies and Why Not to Stand-Up and Look Like a Fool**". President Brett continued his thanks for the awesome **Promote/Demote Event** planners and participants. **President Brett** recognized **Mike Bardin** as having been honored at Tuesday evening's Governor's Dinner as **Rotarian of the Year for District 5340**. Along with this honor, he also received from the **City of San Diego the Proclamation of June 24th as Michael Bardin Day**. Also at the **Governor's Dinner**, **Sandi Reimer** was honored with a **Distinguished Service Certificate**.

Linda Stouffer updated us on the **Club's Art & Craft Beer Festival** on June 28th. **Joel Candid** noted he needed a couple more volunteers for the event. **Kim Schafer** reminded us of the **4th of July** party at **Bev Fritschner's** starting at 7PM. **Dave Davis** of the **CLOGS** presented the club with a \$1,000 check for their performance at the **Del Mar Rotary Club** event plus a \$400 check as being auctioned for another event. In appreciation to **Jay Hatfield** and the **Braille Institute** for hosting numerous breakfast meetings when the Marriott was unable to accommodate, a check for \$1500 was presented.

Nathan Clookie and **Melissa Matthews** Relay for Life Specialists with the American Cancer Society spoke to us about the Relay for Life Fund Raising Event - thanking the club for its support last year where the club was recognized as the second largest raising participant.

Our featured speaker for the day was introduced by **Bev Fritschner**. **Tom Seidler** a member of the Padres

ownership group involving the **O'Malley** family members (from the great Dodger Team Days) along with local owner **Ron Fowler**. The current ownership is in its second year of operations and **Tom** noted they see their commitment as being a 30 to 40 year commitment. He notes that they have a lot of building to do get a product on the field that supports the Petco Park experience that has greatly improved the food venues and what the fans expect. They are focused on making the Padres a championship team through the Farm Team process, developing players from the Dominican Republic, Cuba and Mexico. Now being more active in the International market is starting to pay off with an outfielder from the Dominican Republic Academy (5-tool impact player) probably starting next year and recently signed pitcher from Cuba, who made his major league debut this last week. With one of the significant partners in the Ownership group being from Mexico and owning 2 teams in Mexico and with the new Mexico Baseball Academy, now opens more doors to possibilities of new quality players. Even though there is a lot of ground work being laid out, **Tom** thinks solid results won't start showing up for 2-4 years. He believes having a "First-in-Class" farm team is the basis of building and maintaining a Championship team while using free agents to assist in the balance.

President Brett closed the meeting by honoring the **Executive Team Members**, **Avenue of Service Members**, the **Board of Directors**, **Membership Team Members**, the **Fund Raising Team**, as well as **Bill Keane - Photographer**, **Steve Brown** for mentoring **Brett** and, **Pam Russell**, who introduced **Brett** to the **La Jolla Golden Triangle Rotary Club**. Finally, **Brett** gave a special thanks to wife, **Holly**, with a **Paul Harris Fellowship**.

NEW
YORK
LIFE

<http://www.newyorklife.com/agent/jcandib>

I was born in the Bronx, in New York City. I lived within walking distance of Yankee Stadium and could see the outside of the Stadium from my bedroom. According to my mother I used to play in the park with one of Mickey Mantle's children. I grew up as an avid Yankee Fan. When I was seven my family moved to Rockaway Park, New York and I lived there until college. Rockaway is where the major plane crash occurred two months after 9/11. It is also the Peninsula where hurricane Sandy caused the major storm and fire damage in Breezy Point. I attended Brooklyn Technical High School, one of three specialized science and math High Schools in New York.

I received my BS in Accounting from SDSU in December 1976. I earned my CPA Certificate in Janu-

ary, 1983. I developed a fairly large solo accounting practice. Eventually I found the practice of accounting to be less and less satisfying. In 1991 I sold my practice. In 1993, good fortune led me to an introduction at New York Life. I began my new professional career in May 1993. With the unbelievable passage of 21 years I still find myself enjoying my career as a Financial Profession with New York Life selling Life Insurance, Long Term Care Insurance and retirement directed financial products. I still keep my CPA license current and use that knowledge as a resource to help me provide the best service for my clients.

I live in Scripps Ranch with my wife Kris and our two children. Kris is a third grade school teacher for the past 18 years at the Lexington Elementary School in El Cajon. She was awarded Teacher of

the Year for the Cajon Valley School District in 2011. Our son Alec is 15 and starting his sophomore year at Scripps Ranch High. He is pursuing a future as a musician. He plays in the San Diego Youth Symphony and has earned placement in the CA All State Honor Band each of the past two years. Our Daughter Katie is 11 and entering 6th grade at Marshall Middle School. She plays the saxophone. She also enjoys playing softball, collecting American Girl dolls and torturing her brother.
