## **Darrel Drinan**

Co-Founder / CEO: PhiloMetron

– PhiloMetron is a medical technology accelerator located in San Diego that is developing novel solutions for chronic disease and quality of life conditions utilizing the Company's proprietary technology. Philo creates spinouts at key valuation points of clinical development process to successfully commercialize the technology solution. Philo's first spinout, Corventis ([www.corventis.com](http://www.corventis.com)), is commercializing several cardiovascular solutions and has successfully raised venture capital from Kleiner Perkins Caufield and Byers and Mohr Davidow Ventures, DAG Ventures and PTV Sciences. Corventis received multiple FDA clearances for clinical applications of their system and has begun product sales. PTMS is Philo's next "Smart Band-Aid" monitoring spinout and will commercialize the highly novel weight management application that will improve an individual's success in achieving weight loss and maintenance goals. These spinouts are based on novel technology solutions that Philo developed in programs funded by NIH and DARPA.

Prior to co-founding PhiloMetron, Mr. Drinan was the Director of New Program Management for Braun ThermoScan, a \$2B subsidiary of the Gillette Company. He led the new consumer medical products development activities for Braun, including research in wireless, non-invasive, medical sensing applications markets. He led multi-disciplined development teams personnel located in several countries. Mr. Drinan holds a BS in Productions/Operations Management and an MS in Business.

## Ever wonder

where is medical technology heading over the next 20 years? Paramount will be reducing costs and top among cost drivers is hospitalization. Recent developments in wireless, on-body sensing technologies coupled with wearable micro-dosing drug delivery pumps will be among the key technologies that will transform how we keep people well, out of the hospital and demanding less healthcare services. Come hear from two local innovators who are in the trenches, turning these visions into reality today, right here in San Diego.

## **Mark McWilliams**

CEO: Medipacs, Inc

– Medipacs, Inc is a development stage infusion device company. He serves on the board of directors at Medipacs, SpectraScience, Vala Sciences and SleepSafeDrivers. Prior to Medipacs, he was Director of Cell Imaging and Analysis at Beckman Coulter after the sale of Q3DM to Beckman in December 2003. He was President and Chief Executive Officer and Director of Q3DM, from October 2001 to December 2003, a life sciences startup that raised several angel and venture capital funding rounds that was acquired by Beckman Coulter.

Previously, Mark was founder and COO of Medication Delivery Devices ("MDD"), an alternate care infusion systems company that was acquired by Baxter Healthcare in 1996. Mr. McWilliams served as a VP of Research and Development at Baxter Healthcare for three years following the sale of MDD. Prior to MDD, he served as Product Development Manager at the founding of Block Medical where he was responsible for bringing the company's first two FDA approved products rapidly to market. Block was sold to Hillenbrand Industries in 1991. He previously worked for Hughes Aircraft, Vacuum General and Martin Marietta. He earned his MSME from the Massachusetts Institute of Technology, his BSME from Northeastern University and holds eight utility patents.

For Rotary, The Four-Way Test is the cornerstone of all action. It has been for years, and it will be in the future. Of the things we think, say or do

### ROTARY 4 WAY TEST

--- 1 ---  
Is it the **TRUTH**?

--- 2 ---  
Is it **FAIR** to all concerned?

--- 3 ---  
Will it build **GOODWILL**  
and  
better **FRIENDSHIPS**?

--- 4 ---  
Will it be **BENEFICIAL**  
to all concerned?

As Rotarians, we should have The Four-Way Test in mind in every decision we make, all day long. Our utmost responsibility is to Speak The Truth, to Be Fair, to Build Goodwill and Better Friendships, and to do our very best in all situations.

4 Way Test was developed  
in 1932 by  
**Herbert J. Taylor.**

# Report

FROM THE MAY 16 MEETING

Jacquie Reilly  
Reporter

Amidst all the frightening news about the fires this past week, I initially was alarmed to see 7 large Dept of Los Angeles firetrucks parked in the Marriott valet this morning. Glad to learn that they were getting a well-deserved respite from fighting fires, compliments of the Marriott. Of course seeing them in person would have been even better (eye candy for the ladies!)

Our Rotarian of the Day was none other than **Marty Rosenstein**, our District Rotaract Chairman. His faith in Rotary was renewed after spending a few days with 16 underprivileged youth cleaning up the Marine Barracks ( don't tell **Marty's** wife that he knows how to clean ;- ) ) **Rich Papike** displayed his usual quick wit, asking if **Roger Drexler** and **Marty Rosenstein** were both from the same school of slow deliberate speakers - just different sides of the country (as **Brett** hovered around **Marty** waiting for him to finish....)

**Rick Binder** introduced our guests. **Jan Percival** brought **Mike Shess** and **Ryan Lambs** from the West Coaster Magazine who are graciously promoting our June 28 Craft Beer event. Past member **Mike Chrome** joined us. **Kathleen Roche-Tansey's** guest **Jennifer Schafer** (no relation to our **Kim!**) returned for the 3rd time. **Fary Moini** introduced her dear friend **Lila Afshar** and **Lila's** daughter, **Eina Afshar**.

#### ROTARY BUSINESS:

We were graced by **Steve Cross** Assistant District Governor who presented an award to

**Brett** for having completed some data entry on the website.

**Mike Shess** gave us some fun facts about Craft beer (been here since 1890's starting with 3 companies Mission Brewery, SD Brewery Co. and Aztec Brewery, in 1989 **Karl Strauss** opened their Home Brew Mart and there are now 88 breweries in SD alone!)

**Steve Brown**, our Rotary Trustee Board Member recognized **Lila Afshar** with a Paul Harris award (from **Fary**) and **Susan Schwarz** awarded **Fary** a Plus 4 Paul Harris pin with 3 sapphires!

#### ANNOUNCEMENTS:

**Linda Stouffer** - June 28 Craft Fair...she teased **Sandi Rimer** for not purchasing tickets...watch out, she will hound you if you don't buy tickets! **Jacquie Reilly** reminded members about current Dress for Success collection and VA Hospital dinner on May 28. **Roger Drexler** SLOWLY invited us to attend Sunshine Boys, a play about 2 vaudevillians who hate each other at the Scripps Ranch Theatre, June 7 at 6:00 PM (while **Brett** and **Laara** lounged in nearby chairs ;- ) and waited their turns.) Tickets are \$45.00 which includes dinner. **Brett** recruited for Saturdays' Partners in Therapeutic Horseman Ranch trip and reminded us that the District Governors Dinner is on June 24.

#### PROGRAM:

**Alex Monroe** presented today's program

highlighting Community Service Avenue of Service. **Jacquie Reilly** spoke a bit about Dress for Success, **Fary Moini** told us why she is passionate about providing food to the Miramar Food Locker and asked for donations of cans of food or baby diapers (which **Alex** currently buys by the truckload!)

**Linda Andrews** read a lovely letter she received from the SD Council on Literacy for our participation in their book drive last year. We saw slides from Project Oz. **Kevin Carlson** touched all of our hearts by telling us about the San Diego Family Justice Center project honoring our dear **Stu Brown**. With the help of over 70 painters, signs from the Rock Church, Vista Paint and Valley View Casino, even a helping hand from interim **Mayor Gloria Todd** a dispute with labor unions, over \$55K worth of goods and services were provided at no cost to the Family Justice Center. A cute aside, when **Kevin Carlson's** daughter saw the wall of shoes available to Dress for Success clients, she exclaimed "Daddy, they have more shoes than Mommy!" His thought "not really"...Hats off to you **Kevin** for a job well done! His final quote by **Winston Churchill** really sums it all up beautifully "We make a Living by what we Get, but we make a Life by what we Give".

**Brett** paid a final thank you to **Steve** and **Susan Brown** for funding most of Operation Camp Pendleton.

We almost avoided hearing **Brett's** joke of the day but not quite....It was a real groaner about a biker guy named **Fred Johnson**. Ask him if you want to hear it...I can't bear to repeat it!

# SETH KOEUT

Born on a refugee camp in Thailand to Cambodian parents, Seth started life on mainland Southeast Asia before moving to the Philippines at a few months of age. At two years old, Seth and his family moved to San Diego and have stayed there ever since. Like many imports to San Diego, Seth's eclectic past played a pivotal role in his journey through life. His first real memory was walking on the concourse at Lindbergh Field after disembarking the plane at the tender age of two.

Growing up in East San Diego afforded Seth the opportunity to interact and befriend people from all over the world. Seth's middle school, Horace Mann, had over 32 languages represented and many more different ethnicities within its student body. Noticing that he enjoyed languages and cultures, Seth studied one of the most prolific Romance languages, Spanish. In high school, Seth was fortunate enough to have the legendary Sandra Scherf as an instructor and became inspired to study Spanish in college.

Seth's passion for languages translated into adding French and Italian into the mix and dabbling in several others on the side. In addition to a penchant for languages, Seth also acquired the wanderlust bug that precipitated his world tour of various countries and regions. Starting with our neighbor to the South, Seth travelled deep into the interior of Mexico on Rotary sponsored trips in high school and independently. Other countries that joined the ranks include: Australia, Belgium, Cambodia, Dominican Republic, England, Fiji, France, Germany, Greece, Hong Kong, Italy, Kenya, the Netherlands, New Zealand, Singapore, South Korea, Spain, Switzerland, Tanzania, Thailand, and Vietnam. As a Candidate for the Foreign Service, Seth hopes to add many more countries into the mix and educate others on American Foreign Policy through Public Diplomacy.
