**KNOW
NO
LIMITS**

-OZ Sanchez

OZ
SANCHEZ

While growing up in the Los Angeles area, Oz's early life was crippled with abuse and family dysfunction. His late teens then riddled with drugs, misdirection and the all too common street life for a youth in the big city. In 1996, he opted for a different life and joined the Marine Corps. After 6yrs of service and following two deployments to the Middle-East, Oz decided to make a career of military service. He also decided to transfer branches into the Navy, to serve as a Navy Seal. In 2001, during the period of his transfer, Oz's life took a tragic turn when he became the subject of a hit-and-run accident while riding his motorcycle. He suffered a spinal cord injury that left him with near complete paralysis of the lower extremities.

Following the accident, Oz fell into deep depression and had seemingly lost all hope for any version of a fulfilling life. And even though he spent the bet-

ter part of the next 5 years in deep depression, simply going through the motions of day-to-day life, he held little faith in being happy again. But the human spirit is a powerful entity.

Following a few key experiences and some soul searching, Oz made a choice and began to move forward in life. He enrolled in school and earned his Bachelor's degree from San Diego State University. He got back into sport and is now a two-time Paralympian; winning Gold at both the 2008 Beijing and 2012 London Paralympic games. A 5-time world champion, Kona Ironman finisher, and now motivational speaker, Oz takes great pride in his role as a mentor of the wounded warrior community and being a source of inspiration for anyone suffering from depression or struggling with life's many challenges.

His message, Know No Limits...

President Ron finally let's his hair down!

The Casa De Paz painting project was a huge success due to the assistance of a great project team and more importantly the participation of our LJGT & Ensenada Rotarians, their spouses/families and USD /UCSD Rotaract students.

President Ron shared photos of the Casa De Paz project and Rotarian's shared their fond memories. **Pete Griffith** announced he makes a much better margarita!

The painting project culminated with a wine tasting and tour, followed by a great dinner, fellowship and **Davies'** bottomless cooler of micro-brews at the hotel poolside.

Ron announced the ROTD, **Rich Papike**. After a moment of silence for care givers and the military **Rich** shared his story on how he met his wife and favorite cheerleader **Cheri Papike**. They recently celebrated their 47th wedding anniversary with their family that included two sons, **Chris** and **Alex** and their (6) grandchildren.

Tom Hinton announced the visiting guests, Rotarians and an unclaimed validated parking ticket.

President Ron announced the replacement of (2) Board members **Laara Gervais** and **Allan Galgut**. **Louis Scotti** and **Rick Binder** were selected to fill the positions.

Other announcements included upcoming UCSD Professional speaker, District conference and club walk/hike scheduled to take place on Saturday, November 15th,

Brett Morey shared (5) reasons why **Rich Papike** decided to invest \$1,000 in support Rotary and another Paul Harris award. The pin and certificate were presented to **Rich's wife Cheri**. I could tell by the expression on Rich's face as Brett placed the Paul Harris pin on Cheri that **Rich** was hoping this would also serve as his primary anniversary gift as well.....I can't think of a better gift!

Our club's finest "Fine Master" jokester

"Fine Master"

JOKESTER

Frank McGrath shared how his overall good looks and charm has served him well over his career.

Frank auctioned (2) tickets to Karl Strauss Brewery that were provided by **Pres. Ron. Jim Davies** purchased for \$40.

The club program for the day was an update from our own club Vocational Committee. **Shelia Henry**, the Vocation Committee coordinator introduced her committee team members, **Alex Kirkpatrick**, **Joel Candib**, and **Tom Hinton**.

Alex Kirkpatrick started the program by providing a Latin and Theological definition of the term Vocation and how it fits the intent of the Vocational committee in Rotary.

Tom Hinton shared information about the upcoming Career Fair and the revitalization of the Ernest W Hahn Visionary Award program.

Shelia Henry provided input on a program to empower impoverished women in need of career assistance. That included business loan programs. She noted that the Vocational Committee is always looking for additional mentors.

Joel Candib provided input on the committee's business mixers and youth services program.

Ron announced next week's program, ROTD and ended the meeting leaving a smile on all of our faces.

For Rotary, The Four-Way Test is the cornerstone of all action. It has been for years, and it will be in the future. Of the things we think, say or do

ROTARY 4 WAY TEST

--- 1 ---
Is it the **TRUTH**?

--- 2 ---
Is it **FAIR** to all concerned?

--- 3 ---
Will it build **GOODWILL**
and
better **FRIENDSHIPS**?

--- 4 ---
Will it be **BENEFICIAL**
to all concerned?

As Rotarians, we should have The Four-Way Test in mind in every decision we make, all day long. Our utmost responsibility is to Speak The Truth, to Be Fair, to Build Goodwill and Better Friendships, and to do our very best in all situations.

4 Way Test was developed
in 1932 by
Herbert J. Taylor.

WILLIAMMOORE

It's not easy to go through life 15 feet tall with the musculature of a young Conan The Barbarian and a shiny golden exoskeleton. But Will Moore isn't about what is easy.

Whether doing basic childcare, or fighting super villains on the planet Xenu, Will's compassion for others is matched only by his ability to defy gravity and shoot lasers out of his eyes.

We all know of his exploits as a diplomat, single-handedly winning concessions from the trade guild to end the Galrar Nebula's Byrillium Shipping Crisis of 60192.33. But less well known is his skill with the Croquet mallet. Since the tender age of two, Will has been one of the worlds foremost masters of any and all Gloucestershire-based wicket games.

Questions abound about Will's ambitions and plans. Will he save humanity from its invisible extra-dimensional enemies? Will he help stop climate change by adjusting his massive metabolism to breathe in and fix atmospheric carbon? Will he get his Rotarian of The Day bio into Ajay on time, and if so, how accurate will it be? Will he bake us all a nice chocolate souffle?
