Entrepreneur, Speaker and Author

Why Being a Rotairan Feels So Good!

Larry Kessler is an entrepreneur, speaker and author who has recently published his new book titled "Success Redefined." He is a member of the Carlsbad Hi-Noon Rotary club. Larry spent the first 6 months of 2015 traveling the world with his wife and two teenage children. On his global journey he visited over 20 Rotary clubs and was the keynote speaker at

the District Governors Conference in Istanbul. On their journey they met some amazing people and saw some amazing sights.

Larry has dedicated the rest of his life to building support systems to help people live the life they were meant to live vs the ones they were taught to live. Larry believes that we were all put here for a specific reason and our

purpose is to find out what that is. His current purpose is to help those that have achieved business success find a new definition of success that includes being part of something greater than themselves. In short, Larry wants to help people to become Rotarians whether they join Rotary or not! Please welcome Larry Kessler.

Friday was a happy day.

First David Chong, as Rotarian of the Day, provided us with an inspirational message full of thoughts of flowers, and bees, and love and happiness. Then he introduced us to his beautiful wife and daughter. There's probably a message there. David is happy because he's done business with so many of the club's members and with the work of Rick Papike's professional placement company. A new HR director in 72 hours!! Recently, David watched the happy event of a grey whale birthing in Mexico waters.

Speaking of Happy Birthday: this past week President Bev called George Mannschreck with a happy birthday wish. Problem is the big day is not until September. I know George is happy when he comes to Rotary—he always has a smile. But might need some help getting here on Fridays; his doctor is not happy with George driving any longer. **I can take him home a couple times each month if someone else picks him up.**

Al Brislan of FeedAmerica was very happy that we help his organization pack food for the people of San Diego. FeedAmerica provides 1.5 Billion

meals annually. The first step towards self-sufficiency is a full tummy. Jennifer is always happy when she organizes this project.

Tom Stocking has a smile on his face as he leaves us and moves to the other coast. Work calls. Help send him off on Thursday at 4:30 at Appollonia Restaurant in Costa Verde Shopping Center.

Barbro Fitzpatrick reported that the students at Preuss School were happy with the gift of time and experience that so many of our members gave them at last week's Career Day.

Kevin Carlson had a smile on his face when he received his third Paul Harris Fellow from Foundation Chair Ron Kohl.

Six dedicated Rotarians will be helping Alan Galgut serve food to the vets at VA Hospital, La Jolla, on April 20. Alan looked especially happy in that sharp shirt.

Linda Stouffer announced the fun (?) opportunity for all/many of us to go trekking with her and Krishna and Bonnie. Yes, that will be the last leg of the Camino de Santiago walk and is a fund raising opportunity for the club.

March 31, 2017 is the start date so you have plenty of time to toughen up.

Erik Mjoen happily introduced some very impressive students: Johnson of Preuss as Student of the Month, and our sponsored 3 student team of the Model UN. All were articulate, relaxed at the podium, intelligent. I'm happy about my future with these young people as our future leaders. Don't forget: Model UN was started in our district in 2003 under the happy tutelage and vision of Dory Beatriz, Marty Rosenstein, and Mike Bardin. I spoke to one of the Model UN candidates after the meeting: she was very happy to have had that practice run in front of us. Our speaker of the day was a happy former Army officer who told us about his use of Podcasts and ideas on how to set your business or other message on fire.

Bev didn't have a parting joke this time but referred to Steve Jobs when she announced that we should do what you believe is great work. It will make you happy.

As always: **happiness is helping others and being at Rotary on Friday mornings.**

BACKGROUND

- I was born and raised in Fond du Lac, Wisconsin, population 45,000.
- I am the eldest of five children. I have two brothers and two sisters.
- As a child, I participated in many sports. I swam competitively, played hockey and was a recipient of an Eagle Scout award.

EDUCATION

- Bachelor's degree in architecture from the University Wisconsin-Milwaukee
- Master's degree in Architecture from the University of New Mexico
- Completed numerous classes in real estate and development at UCSD.

- Recently completed (6) class certificate from SDSU in the Business of Craft Beer, presently pursuing the (9) class certificate

FAMILY

- I have been married nearly (32) thirty two years to my high school girlfriend Pam
- Pam and I have lived in San Diego since 1987
- Pam is a SR. Programmer / Analyst she works for FIS, a company that develops software specializing in financial applications.
- My son Collin (24) and just graduated from SDSU with a degree in kinesiology studies
- My daughter Krista (21) is in her second year at Mesa College.

WORK

- 1987 – 1992: Garapich & Associates Architects- Designer
- 1992-2000: Architects Plus – Owner with (2) partners
- 2000-2003: Salerno Livingston Architects – Associate Architect
- 2003-Present: Gafcon Inc. – Sr. Campus Project Manager at Grossmont Community College

ROTARY

I have been a member of the “Most Dynamic Rotary Club in the World” for nearly 22 years. I have served as past President, 2001 and now serving as a board member. I look forward to my continuation as a member of this active one-of-kind club. My wife and truly treasure our relationships that we have developed with fellow Rotarians.
