**JESSE PAPIKE**

**PATHFINDERS OF SAN DIEGO**  
(Recovery home for alcoholic men)

### JESSE PAPIKE BIO

Jesse Papike has been sober since entering Pathfinders of San Diego in 2004. After completing the 9-month program Jesse has continued to be very active within the recovery community. In 2007 he married his high school sweetheart Raquel and they are blessed with 2 boys, Tyson and Cooper. Through his dedication to the program, Jesse sponsors and mentors many men who are taking steps towards a life in sobriety. He remains committed to assisting those in need and has made helping others a major priority in his life. In 2012 Jesse joined the Pathfinders board of directors and currently serves as the board's president. Jesse's passion to the recovery community is unwavering as he has

dedicated his life to helping anyone willing to help themselves. "From what we get, we can make a living; what we give, however, makes a life." –Arthur Ashe

### PATHFINDERS OF SAN DIEGO BIO

Pathfinders of San Diego is a non-profit organization that provides residential alcohol and drug recovery services for men. It has operated in San Diego since 1950 and is the oldest home of its kind in California. Pathfinders offers alcoholic men a new life of sobriety through a supportive environment and the guidance of others in recovery, a program known as social-model recovery. Pathfinders is founded in the philosophy and principles of Alcoholics Anonymous (AA).

Pathfinders currently serves 40 men in three large residences in the Golden Hill area, near downtown San Diego. Men in the program come from all walks of life, although many are unemployed when they enter recovery. The single most important requirement for admittance to Pathfinders is the willingness to accept responsibility for one's own recovery. More than 6,000 men have participated in Pathfinders since the program began in 1950.

Pathfinders has long been recognized by county and state officials as a pioneer in social-model recovery. It is a program that relies on self-motivation and peer support.

## THE FOUR WAY TEST

OF THE THINGS WE  
THINK, SAY OR DO

01 IS IT THE TRUTH?

02 IS IT  
FAIR TO ALL  
CONCERNED?

03 WILL IT  
BUILD GOODWILL  
AND BETTER  
FRIENDSHIPS?

04 WILL IT BE  
BENEFICIAL  
TO ALL  
CONCERNED?

# HAPPY HOLIDAYS

# HAPPY NEW YEAR

**President Antonio** opened the meeting promptly at 7:30.

**Gloria Harris** was the Rotarian of the Day. In Seattle in 1971, **Gloria** was getting her doctorate from the University of Washington. Boeing was having a downturn, and a realtor put out a billboard reading "Will the Last Person leaving Seattle Turn Out the Lights" There was rampant unemployment, so she decided to write a book titled "Assertive Training for Women." The book was published in 1974, and she went to Washington, DC, and was hired to teach assertive training for women in 75 federal agencies. She was on the cover of People for her work. She and her family moved to San Diego, and she began a psychology practice. She closed her practice in 2010, and co-authored a book "Remarkable Women Trailblazers of California, and wrote Remarkable Women of San Diego. It will be released November 21. On December 10th, the Women's Museum is sponsoring a book launching event and on December 14th there will be a lecture and book signing at the SD History Center in Balboa Park.

**GUESTS:** Scholar **Yishac;** **Vivian Trinh** and **Anna Marsden** from UCSD Rotaract; **Nick Milsrec** from SDSU Rotaract. and **Louis Scott** brought a guest, **Tim Baczel**.

**Dave Wiegman** and **Linda Stouffer** won the search for errors in **Antonio's** letter.

Fine Master Will. **Eric Freeberg** announced with joy and pain, that he just got his Medicare card. **Louis Scott** sold 7 million of his portfolio. **Lisa's** husband **John** had bike accident, and is in the hospital. **Eric's** son moved in with girlfriend 2 years ago, they may be moving out. **Irwin** Wife now has gone back to weaving, now that she is healthy enough.

**RAFFLE:** **Kelly, Charley** and **Antonio** each won a bottle.

**Vivian** and **Anna** from the UCSD Rotaract talked about their forum with workshops for Interactors. 21 came from 5 schools. All about Rotary - history and values of Rotary Rotaract and Interact, then networking and social media promotion of club. Also told them about initiating a large scale service project Told them, that despite their age, they can do great things. Tour of UCSD campus. Pizza lunch thanks to club!

**SPEAKER: Debra Rosen** President and CEO of the North San Diego Business Chamber. She took over a failing organization 2009. The bills were not paid, the staff was not paid. Had to let all but 2 people go. The whole board left. She built a new board with local businesses. Today the North San Diego Business chamber is in excellent shape - strong board strong finances, diverse board that reflects their community. She set about making sure they were relevant to businesses in their community. Local chambers such as theirs are the voice of their community. Regional chambers advocate at state and US levels What keeps her up at night: human capital, taxes and regulations.

- Human capital need to be trained and willing. A local company needed to have students educated on how to use a dynamometer, but had to send them out of state to be trained The chamber went to Miramar College and asked them train students locally on using a dynamometer. North County has a huge population of transitioning military. They started Operation Connect; helps people transition to new skills with classes, networking and finding a job - all free. someone go through class skills to network and find a job -

free. They are given a one on one mentor to help them with what to wear, how to interview and network. Also help with articulating their skills learned in the military, in terms of a civilian skill set. They are given a 6 month membership to the chamber to get a lot of networking.

- Taxes and regulations. Most members have 1 - 10 employees. Businesses struggling - Fail Labor Standards Act (FLSA), minimum wages, time off. The chamber hosts sessions about laws for their members. The Board did an op Ed, on both sides impact to employee and impact small businesses. To be consistent with FLSA, the board has been making exempt employees, or making them hourly. Half the staff is hourly, half exempt.

- Technology - software becoming obsolete; changes come rapidly. Small business owners working on the business, not how to use technology. The chamber can help them with that.

- Programs are adopted by the chamber if relevant to 75% or more of the businesses.

**ANNOUNCEMENTS: Pam Russell** needs help with some cabinets in her new home. December 2 **Tony** will be auctioning some of their spirits. Holiday Party **Kim** Dec 4. Wolf Rescue Trip Dec 4. Filling baskets - sponsor a family. **Kim** has list of families that we can sponsor personally.

**Antonio** closed with a joke that had a bar, an ostrich, a pocket that always gave the exact money needed and a genie. The punch line was a groaner, but everyone laughed. We didn't see it coming.
