Sal Mariscal was born in Mexico City. He moved to Hollywood CA at a young age. Graduating from Hollywood High in 1960. Sal studied business administration at the Alexander Hamilton Institute and, in the summer of 1962, he went to Mexico for a two-week vacation. *He stayed 17 years.*

There in Mexico he learned the value of possessing

dual cultural backgrounds and how to use them in international marketing.

In 1978 he returned to the USA. After working at different international companies, to hone his skills, he eventually established his own International Marketing Company and ran it successfully for over 40 years.

After having a successful

cancer treatment and in an effort to give back to society, Sal is now dedicating his time to the Community Cancer Awareness Initiative, whose purpose is to educate and spread the word on *how to deal with cancer*, the medical system and different treatment options with the aim of having a fantastic, fruitful, happy life without any side effects from cancer therapy.

THE FOUR WAY TEST

OF THE THINGS WE
THINK, SAY OR DO

01 IS IT THE TRUTH?

02 IS IT
FAIR TO ALL
CONCERNED?

03 WILL IT
BUILD GOODWILL
AND BETTER
FRIENDSHIPS?

04 WILL IT BE
BENEFICIAL
TO ALL
CONCERNED?

(To the tune of “*Carolina in the Morning*”, a 1922 **Kahn/Donaldson** tune, popularized by **Al Jolson!**)

“**Nothin’ could be finer Than to BE with Ricky Binder, Friday-MORNINGS!**”

EMERSON (“ ‘emarsome sparkly eyes you got there, kid!”) **MONROE** led us in the pledge. He shared a little about himself, that he loves his family and his brothers, sports, football, and is great at math! To the enduring delight of This Dentist-Reporter, **THAT KID SURE KNOWS HOW TO FLOSS!** Wonder where Emerson got that obvious love for the spotlight?

Mike S. , despite only a smattering of applause from his legions, managed his short guest list with his usual aplomb: The Apparently Conjoined Troika of **Tiffany-Julian-Eden** represented well from the UCSD Rotaract Club; **Eden** warmly accepted a check from our club to their club, in appreciation and thanks

for all their wonderful support! **Maria Grillo Lopez** graced us with her smiling presence.

Fine Mistress **Lori Bende**, displaying fresh courage and enthusiasm, and standing tall on the broad shoulders of her skilled predecessors, scored big time from The Pinless! The Hi-Fives rolled from **Sara, Tom, Rick, Brett**, and **Will!**

Alex wore The Shirt! **Antonio** presented us with a gorgeous plaque from the Puerto Rico Rotary Clubs in thanks for our support for the hurricane victims.

Rick Clark hopped, danced, and boogied up to the podium for a Pageants’ report, upcoming on 8/18/18, a Lottery number if there ever was one!

Rookie Newbie President **Rick** fired us up with talk of bonfires(7/15), hikes (7/21), and joining up with District events. He inspired us to “*Be the Inspiration*”, our theme this year. He talked new membership, and

emphasized identifying and encouraging new leadership.

Brett encouraged us to join him at UCHS Interact meetings, Thursday’s 11:30-12:05, for a rewarding experience.

Kudos to **Nancy** for relaunching the Vocational Services Committee, and to **Rick** for the same with our new Young Professionals program.

“*Funner*” Mayor **Hasselhoff’s** Brother stood in support of fun...

We viewed an inspirational Ted Talk on hitchhiking, but whose real message was about the potential value to the world of engaging in random acts of kindness to strangers.

President **Rich** displayed mad joke-reading skills from his device; his fans feel like any joke whose punch line ends in “*Bridal Registry*”, has got to be a hum-dinger!

KIM SCHAFFER

I was born in Michigan, but grew up mostly in Northern California. My parents had an alternative boarding school on a ranch in the Sierra Nevada foothills, and we lived there for several years. I have great memories of milking goats and riding my horse. It was a shock to move into town in 10th grade – the big town of Chico. It was quite impressive – the road had two lanes going in each direction, so we knew we had come into the big city. Following 10th and 11th grade at Chico High, I started college and graduated from Chico State, then onto graduate school at The Ohio State University. I got an MS in Preventive Medicine, with a focus on infectious disease epidemiology. I came back to California and started working at UCSD and am still there. I like that there is always someone smarter than me in every room.

There have been a few changes in my life recently. For the past 15 years I served as the Administrative Director of the UCSD Center for AIDS Research and the AIDS Research Institute, and loved my work. Last month I joined the UCSD Alzheimer's Disease Cooperative Study as Director of Clinical Operations. I am excited about the opportunity and am on a steep learning curve.

I was amazed to find that I have been a member of the La Jolla Golden Triangle Rotary Club since 2013. Time has flown! The past 5 years have been full of friendship and service. I look forward to the next 5 years, although I hope they pass more slowly!
