UC San Diego Chancellor's Associates

Stanley Faer is a member of the UC San Diego Chancellor's Community Advisory Board and a member of its executive committee which advocates for the campus and advises the Chancellor, with specific emphasis on the University's role in the community. Stanley is the Community Chair of UC San Diego Health, Moores Cancer Center Patient and Family Advisory Council. He served three terms as the President and two years as Treasurer of Osher Lifelong Learning Institute at UC San Diego, an academic program for people 50 years of age or older.

Prior to his retirement he was employed by CBS for over 40 years in television production and had his own production company.

He is a member of the UC San Diego Chancellor's Associates Council and has chaired the program's Faculty Excellence Awards

Selection Committee.

As a top-ten public University and world-renowned academic research institute, UC San Diego is a young, experimental campus that relies on the support of bold visionaries — those who are willing to embrace change and upend convention.

For over 50 years, Chancellor's Associates has sought to seed nontradition, by expanding access to higher education, enriching the campus experience, and accelerating innovative research — the core of the Campaign of UC San Diego. Our donors deliver generous annual funding for Chancellor Pradeep Khosla's critical priorities, providing qualified, motivated learners with scholarships and services key to their success now and as tomorrow's leaders.

This year, we had 206 new Chancellor's Associates

Scholars — a record-setting surge, with 144 incoming freshmen and 62 transfer students. Locally, the program has outreach to Preuss School UC San Diego, Gompers Preparatory Academy and Lincoln High School. Eligible attendees of San Diego City College, Southwestern College, Imperial Valley College, and Reality Changers and those enrolled in federally recognized Native American tribes are also served. Awarding \$10,000 per year toward their cost of education, including housing and books, our scholarships level the playing field for those youths, who are often the first in their family to attend college. THE FOUR WAY TEST

OF THE THINGS WE
THINK, SAY OR DO

01 IS IT THE TRUTH?

02 IS IT
FAIR TO ALL
CONCERNED?

03 WILL IT
BUILD GOODWILL
AND BETTER
FRIENDSHIPS?

04 WILL IT BE
BENEFICIAL
TO ALL
CONCERNED?

HERBERT J. TAYLOR

Louise Andres started us off by reminding us, as Mark Twain said, that “travel is fatal to prejudice.” Louise was our Rotarian of the Day, celebrating her 49th **Wedding Anniversary** with **Steve**. Louise told us all about how you can travel with Rotary. You can go to the International Conference. You can host visiting Rotarians. And you can partake in Rotary Fellowships. There are many Rotary Fellowships on various subjects to choose from! You can drink beer! You can Surf! There’s even an Illuminati-Conspiracy Fellowship! (One of those isn’t real. . . or is it?)

Our speaker canceled but fortunately we had too many things on the program anyway!

Garry Kachkovsky announced our guests: **Wayne Cusick**, **Terry Miller**, **Steve Andres**, **PDG Larry Scott** and **Ann**, whose last name I didn’t quite get, but is apparently a surfing

friend of **Brett**.

Antonio Grillo-Lopez introduced **PDG Larry Scott** who presented our new member **Garry Kachkovsky** who looks a little like Elon Musk, as a member of the **Paul Harris Society**. Fun fact: **PDG Wayne Cusick** actually created the **Paul Harris Society**! Upon learning this, half of the club wondered: “did everybody but me already know this?”

Mike McQuary announced he was collecting signatures for his reelection campaign. (No objections from the members, since it was for a member’s petition for a nonpartisan seat in a local office.)

Dr. Grillo reminded us to give to the **Rotary Foundation**. If you haven’t already given, do so now! If you can’t remember whether you already gave, then give again because you apparently didn’t miss the money.

Erik Mjoen brought in some of our Interact students for the **Four-Way Test Speech Contest**. **Ira**, **Julietta**, **Lillian** and **Nera** gave rousing presentations on immigration, guns, fear of public speaking, and busing. The kids these days are not afraid to shy away from the big issues. All the speeches were fantastic! Our winner, **Nera**, will go on to the District competition.

And finally we wrapped up with fines. Most importantly, **Jacquie Reilly** didn’t die. She had a heart attack but seems to be in very good shape. Takes more than that to get **Jacquie** down! It was **Irwin Rosenstein’s** wedding anniversary. **Mike McQuary**, **David Tansey** and **Allan Galgut** were all wearing **Tiger Woods’** dad’s old hat. And **Bill Keane** is very very reliable.

ALEX MONROE

In a recent conversation with someone I respect very much, they shared a philosophy that they have tried to live by to maintain a high quality of life. They summarized it as The Seven F's. If their Seven F's were healthy, then life was good! I enjoyed it so much I thought it was worth sharing:

The Seven F's

FAMILY – Spend time with those you love. Enjoy experiences and those special moments. As we all know it goes by fast.

FIRM – This is work or the activity involving mental or physical effort, such as volunteering for a charitable organization. Work hard and make a difference.

FITNESS – Maintain a healthy mind and body. Prepare yourself for all of life's adventures.

FINANCE – Being organized and having an understanding of your finances helps alleviate unwanted stress.

FAITH – This can be described as a religious affiliation, spirituality, or just trust or confidence in someone or something.

FRIENDS – Stay active and engaged with friends that provide meaning and support in your life.

FUN – Laugh, joke, experience, travel, or just lighthearted pleasures!
Fun. Is. Fun!!!!
