Turning Broken Bones into Dancing - A Journey through Life -

A native of Hungary, **Edith Eva Eger** was just a young teenager in 1944 when she experienced one of the worst evils the human race has ever known. As a Jew living in Nazi-occupied *Eastern Europe*, she and her family were sent to *Auschwitz*, the heinous death camp. Her parents lost their lives there. Toward the end of the war **Edith** and other prisoners had been moved to *Austria*. On May 4, 1945 a young *American* soldier noticed her hand moving slightly *amongst a number of dead bodies*. He quickly summoned medical help and brought her back from the brink of death.

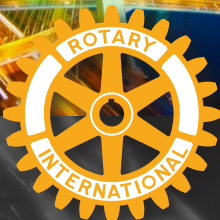

After the war **Edith** moved to *Czechoslovakia* where she met the man she would marry. In 1949 they moved to the United States. In 1969 she received her degree in Psychology from the *University of Texas, El Paso*. She then pursued her doctoral internship at the *William Beaumont Army Medical Center* at *Fort Bliss, Texas*.

Dr. Eger is a prolific author and a member of several professional associations. She has a clinical practice in *La Jolla, California* and holds a faculty appointment at the *University of California, San Diego*. She has appeared on numerous television programs including **Oprah Winfrey** and was the primary subject of a holocaust documentary that appeared on *Dutch National Television*. She is frequently invited to make speaking engagements throughout the *United States, Mexico*, and abroad. Tel: (858) 454-8442 • DrEdiePhD@aol.com

Brett Morey

With more than 25 years of professional sales and marketing experience in the financial, real estate and transportation industries **Brett Morey** has consistently proven to persevere in any challenging situation.

As Director of Sales, North America for *Total Power, Inc.* **Brett** works with some of the largest mining, manufacturing and transportation clients in the world. *Total Power, Inc.* manufactures synthetic fuel additives to reduce fuel consumption and harmful emissions. On average clients improve fuel efficiency by 5% while reducing CO & NOx emissions by -40%. Over the past 18 months **Brett** has formed strategic partnerships with other leading companies including *Schneider Electric* and *Great Plains Industries* to develop fully customized Fuel Management systems. Helping clients track the single largest variable cost in their operations is very rewarding. After all, you cannot manage what you do not measure.

Total Power, Inc. is also making great progress with the *U.S. Navy*, the single largest fuel user in the world. *Fairbanks Morse Engine* company is testing TPx products to improve durability and reliability. *FME* and *Parker Filtration* will be distributing TPx products worldwide in the coming months. Since joining *Total Power, Inc.* in 2011 the company

has expanded from 11 countries to more than 25.

Married since 1994, **Brett** & his wife **Holly** have two adult children: **Brendon** (19) a first year Industrial Engineering student at CalPoly San Luis Obispo and **Kylie** (18) who graduates from Cathedral Catholic High School in May. **Kylie** will be studying Biomedical Engineering/ Pre-Med in the Fall and with 8 college acceptances she has about 30 days to make her final decision.

Brett is Immediate Past-President of "The Most Dynamic Rotary Club in the World" and enjoys getting fined by other Rotary Clubs when exclaims our motto proudly at make-up meetings. **Brett** grew up in Encinitas and Del Mar and although he has an intense travel schedule there are some benefits. Recently **Kylie** and **Holly** completed a college tour traveling to universities in TX, GA, SC, AL and NC for free burning Southwest Airlines and Delta Miles as well as a ton of Marriott points.

"There are four things that matter most to me in life:

- 1) God
- 2) My Family
- 3) Serving Others
- 4) Surfing

My work has always been a conduit to meeting the above obligations and my involvement in Rotary the past 13 years has been extremely rewarding."
