## THE FOUR-WAY TEST

OF THE THINGS WE  
THINK, SAY OR DO

- 1 | **IS IT THE TRUTH?**
- 2 | **IS IT FAIR TO ALL CONCERNED?**
- 3 | **WILL IT BUILD GOODWILL AND BETTER FRIENDSHIPS?**
- 4 | **WILL IT BE BENEFICIAL TO ALL CONCERNED?**

~Herbert J. Taylor

The meeting was brought to order a bit early by our dynamic **President Bev. Tom Stocking**, most recently of St. Andrews Scotland, introduced many very impressive guests. One of them, **Dr. Gloria Harrison**, a friend of **Sheila Henry**, was later inducted into our ranks and at that time was the newest Rotarian in the world! She then said that this was the best Rotary club in the world. Since she's a rookie, she was not fined for omitting "The Most Dynamic!" **Rick Clark** then presented a Paul Harris Fellow to his lovely bride **Nilsa** and **Antonio Grillo-Lopez** presented one to his beautiful wife **Maria**!

**Eric Freeburg**, who never met a microphone he didn't love, made the shortest announcement of his life re the voting for **Carl Lower** vacant board position. **Linda Stouffer** was the winner. **Bonnie** and **Krishna** talked about their 10/10 open house as a precursor to our big 11/7 fundraiser.

**Dr. Bucko** mentioned that our favorite egomaniac, blowhard **Donald Trump** had given permission for us to host a bunch of kids from Mexico in our annual zoo trip taking place on 10/23.

**Brett Morey** our Finemaster in residence, led a bunch of high 5's and even fined myself and Tom Stocking for our humanitarian mission to Scotland! The nerve! **Marty** has a new granddaughter **Molly**. Our in house auctioneer, **Alex Monroe** who inexplicably forgot how to speak the English language, auctioned two or **Rick Clark's** original paintings with the lucky winners being **Rich Papike** and **LeeAnn Cusick**. Thanks **Rick**...great work.

Our Speaker was **Kris Fricke** who has had a fascinating life after graduating from UC Davis in 2006. Quite serendipitously, he got involved in beekeeping and has done mentoring projects in Nigeria, Australia, Egypt and Tanzania. Very cool guy who has done a lot to help local Africans make a better living. In his fun fact of the day he mentioned that a typical hive will have 50-60 thousand hardworking female bees and 2-3 male drones that do next to nothing. Please fill in your own appropriate joke here!

## Louise Andres

I was born and raised in Gainesville, Florida. I went to college in Maryland, majoring in chemistry and math, and met my future husband, **Steve**, who was at the Naval Academy. We married 2 years later, and moved 9 times in the next 11 years. Our last Navy move brought us to San Diego, which we immediately recognized as heaven on earth.

Right after college, I got into the computer world. I started as a programmer for several organizations including NASA, then worked for IBM for 28 years, in sales, consulting, and executive management. At one point I was managing an organization of 800 consultants with respon-

sibility for generating \$250 million revenue for IBM every year. This work was immensely satisfying, but came with high stress and over 2 million miles flown.

Early retirement in 2005 gave me a chance to pursue work I don't get paid for. I spend time working on all things Rotary, as well as being a Court Appointed Advocate for two foster children. **Steve** and I travel worldwide as often as we can.

We have 2 children, our daughter has given us three of the cutest grandchildren on earth. They are in North **Carolina** and we see them often. Our son will be married next month, to a lovely

young woman.

I am now successfully retired from the District Governor job, but somehow still doing a lot of Rotary stuff- teaching potential district governors and club presidents from the west coast, and Rotarians in this district at RLI. I also am leading the District Friendship Exchange effort; we have a team from South Africa arriving on October 4th.

I am proud to have been a past president of the La Jolla Golden Triangle Rotary Club, and thankful for the club's support during the year I was District Governor. Life is good.
