CAN WE MAKE A DIFFERENCE?

Rotary  Solana Beach ECO Rotary Club

This meeting will engage us in a short open conversation about our impact on the environment moderated by Carter Stafford, Past President 2020/2021 Solana Beach ECO Rotary Club.

The Solana Beach ECO Rotary Club is the fourth ECO Rotary Club of a growing number worldwide. Their service as an ECO Rotary Club focuses on how we relate to each other and the living web of which we are a part. As ECO Rotarians they believe all Earth's inhabitants should be able to enjoy a high quality of life while protecting, respecting, and enhancing our environment.

Their purpose is to educate each other, our community, and the Rotary world in the challenges we face while striving for a sustainable existence.

Their service projects demonstrate that by working together, our actions can help us live an existence in which we protect and appreciate our environment.

from the last meeting

THE FOUR WAY TEST

OF THE THINGS WE THINK, SAY OR DO

01

IS IT THE TRUTH?

The meeting started at 7:32 with the good news that we needed another table for the attendees!

After **President Nancy** gently chided us for not signing up (we must do that), we continued with **Father Wayne** leading us in "God is Love" with hand gestures and all, aided by **Jay Hatfield**. It was a fun way to start! Father Wayne shared with us how he lost his hearing. While he was Navy Chaplain and Marine Chaplain, he was asked to go on a ship in the middle of the ocean for prayers. He was actually transported in a basket wrapped in chains to go from one ship to another on a wire. Father Waynes' 5 minute trip took an hour - miserable when you are seasick and feeding the fish. He was told to mingle and be friendly, so he joined the guys at the firing range. Unfortunately, he was not given the proper hearing protection required while at the range and lost hearing in both ears. He stated that he loved being a Marine and would do it all again. I liked his comment "Whatever the Chaplain wants, the Chaplain gets!"

02

IS IT FAIR TO ALL CONCERNED?

President Nancy announced that next Thursday, August 18, our first social meeting will be at the Indulge Room at Embassy Suites at 5:00 PM, please attend/invite guests. No meeting on Friday.

03

WILL IT BUILD GOODWILL AND BETTER FRIENDSHIPS?

1) We all remember Emidios charity of choice Honor Flights- they fly military veterans to the Nations capital for the day to see the monuments. **Chris Richards** told us that on Sept 30, Honor Flights will be taking Vietnam Vets to Washington DC. (The Navy AJ LC3 Wolves will go first - they are most decorated Navy squadron of the Vietnam War and in all of Naval aviation

04

WILL IT BE BENEFICIAL TO ALL CONCERNED?

history). **Niki Brown** would like to do a mail call similar to what was experienced in Vietnam. She asked us to write a thank you note(s) to these veterans to be distributed on the flight. Blank notes will be available at the next meeting, deadline is September 14, she will collect the notes.

2) **Bev** announced that on Saturday September 17, 4:00 - 7:00 PM we will be celebrating the Aroras' 50th anniversary at Linda Stouffer-Wallis's house, 4230 Arden Street, BYOB. Reply via the evite.

3) The next Ronald McDonald House event will be on September 3, 5:00 PM. Contact **Brett** or reply via QR Code on distributed flyer.

4) **Linda Stouffer/Christy White** heading up committee to seek a new venue.

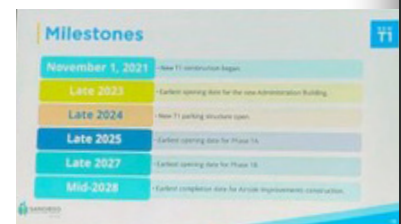

5) **Rick Clark, Alex, Jacquie and Niki Brown** are the membership team. We will work to get the guests here. Please greet them and make them feel welcome.

Finally, **Rich Papike** enlightened us with his crazy humor, **Jay** honored Bradley Day's last day at our Club and others gave High 5's too. **Linda Andrews** let Rich know that no one missed him while he was gone! :-)

Our speaker was **Gil Cabrera**, the Board Chair of San Diego Airport Authority. He gave an informative presentation about the renovations at T1 (Terminal one) which was built in the 60's and maxed out a long time ago. The new terminal will be on top of the existing terminal and the commuter terminal. Parking at the T1 will not improve till 2024. The first

phase with 19 new gates will be done in 2025..overnight, the operations will shift from old T1 to new T1. Then they will tear down part of old T1 and add 11 new gates for a total of 30 gates at T1. The new parking lot will accommodate up to 5500 vehicles...the new entrance will bypass traffic on Harbor Drive. There will also be public transit between the two terminals. San Diego Flyer is a free shuttle bus from Old Town to the airport operating right now.

Visitors will have many options for shopping and dining close to the gates..plus a performing arts area for outdoor activities. I will ask Gil to give me a copy of his very informative 4 minute video presentation, let me know if you want to see it...lots more info than I can provide here. Below are 2 slides from his presentation. Thank you Gil for sharing with us the exciting developments taking place in the Finest City in America! (and thanks to Brett for the pictures).
