PRESIDENT CHRISTY AND THE DYNAMIC LJGT ROTARY CLUB MEMBERS

Newly initiated President Christy White Brook will inspire us to Create Hope in the World with our all-star cast of club members! What did she learn down under, in Melbourne? What will be our mission? Is it possible? All will be revealed as Christy and the cast introduce us to the new year's initiatives, goals, and exciting events. Let's start the year out with great Rotary fellowship and a few surprises!

President Christy has been a Rotarian for ten years and the past two with the most dynamic Rotary club in the world! She's a CPA and Certified Fraud Examiner and runs her practice specializing in school district and charter school accounting and finance. She started her firm in her garage in Pacific Beach in 2000 with a part-time employee, two dogs, and a cat. Today she has over 50 employees and a statewide footprint. Christy is married to Mitchell Brook, and they have a daughter Jessica, in college at UNLV, and a standard poodle named Oliver.

HERBERT J. TAYLOR

President Nancy Gatschet called the meeting to order and welcomed everyone to our Most Dynamic Club in the World!

Lisa Galstian, Rotarian of the Day, led us in a serenity prayer and the pledge of allegiance. Lisa was born in New York City, growing up in Queens. She met John in optometry school in New York. They fell in love, got married, and moved to San Diego to start their optometric practice after finding out that they passed the California boards. They enjoy traveling to national parks with their two daughters, Lindsey and Geena. Lindsay works for the nonprofit organization, Safe Place for Youth, which supports young people who need housing, education and employment. Geena has several health challenges with autism. Lisa showed a video on Spelling to Communicate, a miracle tool to help people with autism to spell out their thoughts and communicate by pointing to letters on a board.

Bonnie introduced visitors: **Jonathan Harris**, Navy Seal living in La Jolla who wants to join our LJGTRC; **Luis Saabedra** a UCSD graduate who works on websites and wants to get involved with the community. **Kirsten Josephson** (from Escondido) who heard about LJGTRC from **Brett, Karla** and **Luis**. ROTARIAN
 OF THE DAY

MICHAEL MCQUARY

Dr. Michael McQuary was born in the mountains of Idaho and moved southwest, living and attending school in Washington, Oregon, and California, before moving to the Himalayan Mountains in Northern India and settling in San Diego.

Dr. McQuary received a BA from UC-Berkeley, a MA from Fresno State, a Doctorate from University of Southern California, and Post Doctorate Training at Harvard University. He had pre-professional job experience as a Railroad Fireman, Home Construction, and Manufacturing Quality Control Inspector (Titan Missile, Polaris Missile, Off Shore Oil Rigs, San Francisco BART Tunnel) before initiating a professional career as Teacher, Principal, District and County School Administrator; as well as, international service with the Tibetan Children's Village, in Dharamsala, India.

Retiring in San Diego, California, Dr. McQuary has been active in his community with multiple local, county, state, national, and international organizations, including service with Rotary (President), Democratic Party (Club President, County Central Committee-Director of Clubs, and California Democratic Council President), Pacific Beach Town Council (Director), San Diego Unified School District (School Board Member and President), California School Board Association (Delegate), San Diego International Sister Cities Association (Chair), Sister Cities International Southern California Chapter (Director), and Sister Cities International (Director).

Creating Hope in the World: Dr. McQuary's work with Sister Cities has been guided by the 1956 vision of President Dwight D. Eisenhower, who hoped to end global conflicts and promote world peace. President Eisenhower suggested that people-to-people relationship building and citizen diplomacy developed through city-to-city civic, business, educational, community, and cultural partnerships would be the best solution, which became the foundational idea for Sister Cities International (SCI).

One year later in 1957, San Diego and Yokohama (Japan) became Sister Cities. San Diego now has 16 Sister Cities and 8 Friendship Cities in 23 countries. Sister Cities and Rotary have partnered on a number of very successful international programs and projects, including multiple efforts involving La Jolla Golden Triangle Rotary Club.

Dr. McQuary has three Children, graduates of UC-Santa Cruz, UC-Santa Barbara; and West Point (Captain with military service in Korea, Bosnia, Kosovo, and Iraq) and five Grandchildren (Grades 4, 7, 10, and graduates of CSU-Monterey Bay and CSU-Sonoma).
