

## 2024 Rotary Youth Leadership Academy Application

Cambridge Area Rotary will sponsor two students to attend the Rotary Youth Leadership Academy. This conference will focus on developing leadership, communication, and team-building skills. Join students from VT, NH, and Quebec to share, evolve and learn to be a more effective and self-confident leader in your school, on teams, and in your community. You can expect to learn by experience and action, explore personality traits and how to bring out everyone's talents, learn about your own traits and talents, and have FUN!
