

Tarneit Creek

Between Derrimut Road and Skeleton Creek
Help the process of reclaiming this section of our
lovely waterway.

Support the local community and Clean Up Australia Day. Join other local people and spend an enjoyable couple of hours cleaning up one of our greatest Tarneit assets — Tarneit Creek. Have a free light lunch after the work has finished and meet other local people. Bring your friends, your family, your street, your club—it doesn't matter how you do it, bring people!! Remember to dress for the conditions, including sturdy shoes. If you can, bring gloves and tongs.

**Meet at Baden Powell Reserve, cnr Derrimut Rd and Baden Powell Drive,
Tarneit at 10.00am, Sunday March 4th.**

Go to the work area to collect litter, and then return around midday to have a free snack with everyone else. This is your best chance to help Tarneit in 2018.

This day has been organized by NatureWest, with support from Wyndham Council Waste Team and a Wyndham Council Community Grant.
