

VOLUNTEER RECEPTION CENTER (VRC) TRAINING & SIMULATION

After a major disaster occurs, the large number of spontaneous, unaffiliated volunteers who converge to assist with recovery can be overwhelming to an already stressed Community.

A Volunteer Reception Center (VRC) provides a place where large numbers of volunteers can be efficiently processed and referred to organizations needing their services. The process provides an easily managed way to document volunteers.

What Can You/Your Agency Do?

Join us to learn how a VRC operates and how community agencies/individuals can assist with this operation.
