

**Rotary Avenues of Interact Service Awards
2026 Nominations**

This is a new award in the 2025-2026 Rotary year. We are proud to have so many Interact Clubs in our area and want to showcase your hard work and dedication.

The Avenues of Service Committee wants to hear about your projects this year. We are looking for a project description and a picture(s) if possible. Big or small, all projects your club works on are important!

A club may nominate more than one project. Please complete a separate form for each nomination. Note that the award is presented for individual projects, not the culmination of all the projects completed by a club.
