Program Committee

The purpose of the Program Committee is to identify relevant topics and to recruit high quality speakers for weekly meetings. The Program Committee is responsible for ensuring a diversity of speakers who will educate the members about local, state, national and international initiatives, trends and interests. The Duty Roster Coordinator is responsible to recruit all necessary volunteers for weekly meetings except the speaker.

Any club member may serve on the Program Committee. The Duty Roster Coordinator is welcome to join the Program Committee on a short term or long-term basis. The leadership of the committee will consist of the following: President, President-elect, President-elect Nominee, and the Club Administrator. The President-elect Nominee of each Rotary year (July 1 – June 30) will chair the Program Committee.

Program Committee Scope of Work:

- Maintain a schedule of speakers and share that schedule with the Club Administrator and the Program Chair.
- Serve as liaison to the invited speaker. Provide meeting details; arrival time, IT needs, length of presentation, location address, lunch provided, are guests coming?
- Point of contact for members who have ideas for speakers as well as presentation requests.
- Confirm speaker.
- Develop a process to vet requests to present at the club.
- Develop a “back-up” program idea if there is a speaker no-show or last minute cancelation.

Guiding Principles for the Program Committee:

- Be aware of the monthly Rotary Theme and schedule at least one program that aligns with the theme.
- Ensure that club dates for key programs (e.g. District Governor visit, Christmas program, etc.) are appropriately reserved in the meeting schedule.
- Schedule Classification Talks
- Start planning early!
- Reach out to non-committee members for suggestions. Don't be afraid to utilize individuals who recommended the program idea to help recruit.
- Avoid the “easy” programs that can be filled by local not-for-profit executive directors.
- Avoid duplication and do not schedule a program that has presented in the recent past.

CLASSIFICATION TALK

Guidelines

A "Classification" describes the principal activity of the company or business with which a Rotarian is connected. For example, a police officer could be classified as "law enforcement", a school principal as "public education". The reason for a classification is to ensure a well-balanced club with members of many vocations.

One of Rotary's four avenues of service is "vocational service", whereby we honor and respect our individual contributions to our community through our vocations. New members are given the opportunity to share their vocation by giving a classification talk.

The following is a rough guideline for giving a classification talk:

1. State your name, where you currently work, and what you do there.
2. Give a brief history of yourself. This can include where you were born, childhood interests and family statistics, people that had an influence on you, major life events such as military service or travel.
3. Talk about your work history, training and education. This can include why you chose your profession (or perhaps why it chose you).
4. If desired, you can share your present hobbies, interests, values and beliefs. This could include why you joined Rotary, what you hope to gain from it, and what you feel you can contribute.
5. Finally, the best part, it should take no more than 10-15 minutes. It is a great opportunity to share information about yourself. Relax and enjoy
