Vol. 34 No. 14

October 6, 2023

The Main Event

Professor Thomas Shaefer

Teaches at Cape Cod Community College and specializes in Digital Literacy, American Literature

He is the recipient of the 2021 2022 Golden Apple teacher award and 2022 2023 Excellence in teaching Award.

He is dedicated to serving our unique region in ways previously thought impossible by using student-ready technologies and methods, such as Zoom video conferencing and iOS devices, to engage students through retention-enabling practices, allowing students and others to reach our campus with ease. Best practices, use of Mac tech in a PC environment, successes/pitfalls of technology, and overall usefulness of this pedagogical approach.

Overall, he says we must take a new approach to how we teach and the ways we communicate. People need hybrid options to give more access to classes and training when transportation or distance becomes an obstacle.

SHARING YOUR DEIB MOMENT

A goal of our Club's DEIB Committee for the 2023-2024 Rotary year is to continue to have a Club member share their DEIB moment during our Club meetings held on the 2nd and 4th Friday of each month. Our weekly Rotary meetings are a safe place and time for all to share their personal experiences on diversity, equity, inclusion and belonging.

If you are interested in presenting your DEIB moment to our membership during a Club meeting, please contact Ann Knell to sign up and schedule a date to share your DEIB moment.

Underground Railroad -Thomas Smallwood

When we think of the Underground Railroad, and it's role in precipitating the Civil War, we normally think of **Harriet Tubman**, who helped hundreds of plantation slaves escape North. But many others played important roles, including **Thomas Smallwood**, who coined the term Underground Railroad in 1842. He is the subject of a just-published biography, *Flee North: A Forgotten Hero and the Fight for Freedom in Slavery's Borderland*.

Slaves fleeing from Maryland to Delaware by way of the 'Underground Railroad', 1850-1851. Universal History Archive/Getty Images

Born a slave, Thomas Smallwood was self-educated, purchased his freedom, and worked as a shoemaker near the Capitol in Washington DC. Shortly after 1840, he recruited a young white activist, Charles Torrey, and together they organized the escapes of hundreds of urban slaves from Washington and Baltimore. Most of those who fled were owned by government employees, who feared being sold to the South for harsh plantation work.

Smallwood was a writer, publishing a column, *Tocsin* of Liberty* (* archaic: Alarm or Alert), in an abolitionist paper in Albany, NY. He also sent taunting letters to the slave owners who had owned the escapees he helped. His intent was demoralizing them and convincing them that owning slaves was not worth the bother, so they should hire paid workers instead. Because he published and wrote under a pseudonym to avoid being arrested, he has been nearly forgotten by history.

A typical escape was a covered wagon of about 20 people, driven North to Canada at night. At today's values, the ex-slaves in each wagon were worth about \$200,000. Although the Underground Railroad did not destroy slavery, constant publicity, and especially embarrassment to the US Government of exposing slavery within the rich and powerful of Washington, did have important psychological effects that helped the abolitionist cause.

After helping many others, Thomas Smallwood also fled North, becoming a Canadian citizen. In his autobiography, he wrote: "Here, I was on Canada's free soil, and I may rejoice and give thanks to God in honor of that day, July 4, 1843, it being the day on which I first put my feet **in a land of true freedom, and equal laws.**"

It wasn't until 1868 that the United States would enjoy similar equality under the law by enactment of the **Civil Rights Act of 1866**, and then constitutional protection by the **Equal Protection Clause** of the Fourteenth Amendment to the US Constitution, which took effect in 1868. Today we take these protections for granted, but according to 18th century Irish defense lawyer John Philpot Curran, "**The condition upon which God hath given liberty to man is eternal vigilance...**"

HELP WANTED: Needed one to three club members that can share the duties of writing the articles for the weekly TGIFY. John Cooke has been doing the writing for over the past 6 years and needs to step away from it due to time constraints and time conflicts with work. Tomas has been doing a lot of the writing this past year but has taken on other duties in the club. Steve Albright has been doing the layout, finding additional information/stories and publishing the TGIFY for the past 12 years and will continue to do this but cannot take on the additional job of writing. To volunteer or find out additional information contact Tomas or Steve. If nobody steps up to volunteer it could mean the end of or major changes to the TGIFY. In addition, the DEIB committee has been providing weekly submissions for the newsletter and we have a DEIB speaker every other week so the workload has increased.

MEALS ON WHEELS – Currently Meals on Wheels is experiencing a shortage of drivers for the delivery of daily meals. If you have a couple of hours one day a week and can volunteer to deliver meals for them, please contact the Elder Services Group at the Yarmouth Senior Center. COVID & CORKS—Wine cork recycling benefits our earth’s sustainability. The Rotary Club of Yarmouth has over the last 18 months collected 14 pounds of corks which are sent to be recycled and then upcycled. Funded by the Widget Company, Cork Club is a sustainability initiative started in 2007. The goal of the Cork Club is to grow wine cork recycling and make donations to causes that protect our oceans and forests. The Cork Club donates to non-profit entities that clean plastic from our oceans, prevent deforestations and teach better ways to live in harmony with our environment. To date Cork Club has donated \$121,800 to these projects. For each natural cork, 2 cents is donated. Synthetic corks are recycled properly. So enjoy your wine and save the corks. All corks can be given to Jill Albright who will then ship them to Cork Club. **KEEP THOSE CORKS COMING!!!!**

CAPE COD BRITE LIGHTS

Cape Cod Brite Lights a501c(3) corporation that was started by our Rotary Club is now in it's third year. Its mission is "to help those in need on Cape Cod. "Our main focus to date has been to provide weekend backpacks of nutritional food for needy elementary students in the DY School System. A backpack of food consists of shelf stable milk (white & chocolate), juice carton, cereal, instant oatmeal, two proteins which could be a can of tuna, chicken, pasta, soup or beef stew, a cup of apple sauce, macaroni and cheese, Nutra grain fruit granola bar, cheese its, fruit snacks, pudding cup and 2 pieces of fruit. In addition, to give each student some activities to do during the holiday break we put a coloring book and crayons in each bag. We started with a total of 25 students but have grown to 45, an increase of over 80%. In addition, with the assistance of Interact we have started to provide the school nurse with feminine products for high school girls. In addition we will be providing students in need with bags of hygiene products during the upcoming school year. The Interact Club has applied for a District Grant to support this project.

How you can help:

First: Currently we have a board of directors of 11 members. Our bylaws allow us to have a maximum number of 13. If you would like to be a part of our leadership, please contact Steve Albright.

Second: We fill the backpacks and bags of food every Wednesday night at 5:30PM at the Yarmouth Food Pantry. If you would like to help one or two nights a month, again please contact Steve Albright. Currently we have enlisted the local Girl Scout Troop to help on the first Wednesday of each month and the DY Interact Club to help on the third Wednesday of each month. We are trying to make it a community organization where anybody can be a part of it.

Third: It costs \$250—\$300 yearly to support one child's backpack and although we don't have a total figure on the hygiene project, we know that the items provided are costly. You can make a donation to support these two projects by sending your check to:

Cape Cod Brite Lights—PO Box 286, West Yarmouth, MA 02673-0286

Or you can visit our website at Capecodbritelightsinc.com and make a contribution with your credit or debit card. In addition you can now sign up to make monthly donations to Brite Lights. A smaller amount each month makes it much easier. Visit our Website.

Fourth: Visit our website and learn more about us. Capecodbritelightsinc.com

Crutches For Africa

A Continuous Project by Yarmouth Rotary Club

Crutches for Africa is not a new project to our Rotary Club. We as a club have done collections for this great service and International project twice before. The first time we collected over 700 mobility devices and the second time we collected over 400 mobility devices. We are now hoping to set this up as an ongoing project. Mike Riley along with members of the International Committee are heading this project up but we would like all Yarmouth Rotarians to help out. Search for any of the desired items in your home, your extended families homes and your neighbors homes. Round up all of the devices and drop them off at the transfer station where we have a storage trailer to store them. They can be dropped off at the gate house just before you drop off your trash and recyclables. If you need help please give Mike Riley a call or send him a text to arrange pickup of your items. All of the items collected will be shipped to Africa to help disabled individuals gain mobility that they never have had.

Items that we are looking to collect include: Leg Braces; Crutches; Forearm Crutches; Walkers; Wheelchairs; Prosthetic Limbs; Baby Joggers and Strollers and Bike Trailers. No Commodes or any other type of Personal Hygiene Equipment.

(Also No Electric Wheelchairs or other types of devices.)
