Guest Speaker – Assistant District Governor Billy Roberts - August is Rotary Membership month and with that in mind, Assistant District Governor Dr. Billy Roberts, chair of District Membership Committee, visited Yarmouth Rotary. He offered his congratulations, as Yarmouth is in top 10 clubs in the district based on the number of members. He said, “When we think about clubs in the district that others can learn from, Yarmouth comes to mind. This club does so many wonderful things in this area and don't just limit it to Yarmouth.” Dr. Roberts mentioned that there are 85 members in the club, however, raised the bar letting us know that there is room for improvement when it comes to the number of women in the club as well as members under 50 years of age. He also stated that membership is the responsibility of every member. “More and more we are learning that if every member in the club could think of who they can invite to come to a meeting, the better. Once they are here, they are moved because of the infectious atmosphere,” stated Dr. Roberts. He asked us to make a goal this year of each member inviting at least one person to join us for breakfast. In addition, attract demographics that will sustain the club going forward. He then discussed the stratification of club members and states that large clubs don't feel satisfied with current status because natural attrition can happen at any time. “The club should always think about how can we evolve, grow, and increase bench strength.” He commended us as one of the clubs that do most for local community and international projects as well. Yarmouth Rotary is 1 of 15 clubs of the 65 clubs in the district that does international projects. He cited the Maktha School and Crutches 4 Africa for amazing results. He encouraged us to continue expanding, because a vibrant, diverse, and growing club will be easy to attract new future. Regarding involvement at the district level, Dr. Roberts closed by stating, “Dynamic members who can make tremendous contributions to your club and our district. Please don't withhold these people from the district! We need them!”
