The Main Event

Jim Seymour Executive Director Cape Veterans Outreach

1900 veterans on the Cape and Islands
823 counseling sessions
259 referrals to agencies for financial assistance and housing assistance.

In 2021 with the help of the Town of Dennis they were able to open a veteran's home. Currently working on the building of a 12-unit house on Martha's Vineyard.

They currently have 14 points of food distribution centers and serve over 205 families. With funds raised through donations and grants they were able to purchase a refrigerated truck to deliver food to those that could not travel. On top of that they have increased transportation services for essential needs.

Jim took fundraising in 2022 from \$1 million to an expected \$2.3 million in 2023.

Thanks to the generosity of the volunteers and donors they will be feeding over 400 families for this Thanksgiving season.

The average age of veterans they service is 67 to 68 years old. They are trying to build housing centrally located to the services they need that are mostly in the area of Hyannis.

Molly Geudutis DY Rising Star

Molly is 2nd in her class by 200th of a point. This year she served as one of the Drum Majors for the marching band. She has participated in marching band and winter percussion. Last year she won an award for her speech for the Leo club.

Lincoln at Gettysburg: The Two Minute Speech That Changed America

[Image of President Abraham Lincoln at Gettysburg, center-left, with his head tilted downward. Work is in the U.S. public domain, obtained here from Wikimedia Commons.]

For three hot days, from July 1 to July 3, 1863, more than 150,000 soldiers from the armies of the United States of America and the Confederate States of America slashed at each other in the hills and through the fields around Gettysburg, Pennsylvania.

When the battered armies limped out of town after the brutal battle, they left scattered behind them more than seven thousand corpses in a town with fewer than 2,500 inhabitants. With the heat of a summer sun beating down, the townspeople had to get the dead soldiers into the ground as quickly as they possibly could, marking the hasty graves with nothing more than pencil on wooden boards.

A local lawyer, David Wills, who had huddled in his cellar with his family and their neighbors during the battle, called for the creation of a national cemetery in the town, where the bodies of the United States soldiers who had died in the battle could be interred with dignity. Officials agreed, and Wills and an organizing committee planned an elaborate dedication ceremony to be held a few weeks after workers began moving remains into the new national cemetery.

They invited state governors, members of Congress, and cabinet members to attend. To deliver the keynote address, they asked prominent orator Edward Everett, who wanted to do such extensive research into the battle that they had to move the ceremony to November 19, a later date than they had first contemplated.

And, almost as an afterthought, they asked President Lincoln to make a few appropriate remarks. While they probably thought he would not attend, or that if he came, he would simply mouth a few platitudes and sit down, President Lincoln had something different in mind.

On November 19, 1863, about fifteen thousand people gathered in Gettysburg for the dedication ceremony. A program of music and prayers preceded Everett’s two-hour oration. Then, after another hymn, Lincoln stood up to speak. Packed in the midst of a sea of frock coats, he began. In his high-pitched voice, speaking slowly, he delivered a two-minute speech that redefined the nation.

“Four score and seven years ago our fathers brought forth on this continent, a new nation, conceived in Liberty, and dedicated to the proposition that all men are created equal,” Lincoln began. While the southern enslavers who were making war on the United States had stood firm on the Constitution’s protection of property—including their enslaved Black neighbors—Lincoln dated the nation from the Declaration of Independence.

The men who wrote the Declaration considered the “truths” they listed “self-evident”: “that all men are created equal, that they are endowed by their Creator with certain unalienable Rights, that among these are Life, Liberty and the pursuit of Happiness.” But Lincoln had no such confidence. By his time, the idea that all men were created equal was a “proposition,” and Americans of his day were “engaged in a great civil war, testing whether that nation, or any nation so conceived and so dedicated, can long endure.”

Standing near where so many men had died four months before, Lincoln honored “those who here gave their lives that that nation might live.”

He noted that those “brave men, living and dead, who struggled here, have consecrated” the ground “far above our poor power to add or detract.”

“It is for us the living,” Lincoln said, “to be dedicated here to the unfinished work which they who fought here have thus far so nobly advanced.” He urged the men and women in the audience to “take increased devotion to that cause for which they gave the last full measure of devotion” and to vow that “these dead shall not have died in vain—that this nation, under God, shall have a new birth of freedom—and that government of the people, by the people, for the people, shall not perish from the earth.”

HELP WANTED: Needed one to three club members that can share the duties of writing the articles for the weekly TGIFY. Tomas has been doing a lot of the writing this past year but has taken on other duties in the club. Steve Albright has been doing the layout, finding additional information/stories and publishing the TGIFY for the past 12 years and will continue to do this but cannot take on the additional job of writing. To volunteer or find out additional information contact Tomas or Steve. If nobody steps up to volunteer it could mean the end of or major changes to the TGIFY. In addition, the DEIB committee has been providing weekly submissions for the newsletter and we have a DEIB speaker every other week so the workload has increased.

COVID & CORKS—Wine cork recycling benefits our earth’s sustainability. The Rotary Club of Yarmouth has over the last 18 months collected 14 pounds of corks which are sent to be recycled and then upcycled. Funded by the Widget Company, Cork Club is a sustainability initiative started in 2007. The goal of the Cork Club is to grow wine cork recycling and make donations to causes that protect our oceans and forests. The Cork Club donates to non-profit entities that clean plastic from our oceans, prevent deforestations and teach better ways to live in harmony with our environment. To date Cork Club has donated \$121,800 to these projects. For each natural cork, 2 cents is donated. Synthetic corks are recycled properly. So enjoy your wine and save the corks. All corks can be given to Jill Albright who will then ship them to Cork Club. **KEEP THOSE CORKS COMING!!!!**

CAPE COD BRITE LIGHTS

Cape Cod Brite Lights a501c(3) corporation that was started by our Rotary Club is now in it's third year. Its mission is "to help those in need on Cape Cod. "Our main focus to date has been to provide weekend backpacks of nutritional food for needy elementary students in the DY School System. A backpack of food consists of shelf stable milk (white & chocolate), juice carton, cereal, instant oatmeal, two proteins which could be a can of tuna, chicken, pasta, soup or beef stew, a cup of apple sauce, macaroni and cheese, Nutra grain fruit granola bar, cheese its, fruit snacks, pudding cup and 2 pieces of fruit. In addition, to give each student some activities to do during the holiday break we put a coloring book and crayons in each bag. We started with a total of 25 students but have grown to 45, an increase of over 80%. In addition, with the assistance of Interact we have started to provide the school nurse with feminine products for high school girls. In addition we will be providing students in need with bags of hygiene products during the upcoming school year. The Interact Club has applied for a District Grant to support this project.

How you can help:

First: Currently we have a board of directors of 11 members. Our bylaws allow us to have a maximum number of 13. If you would like to be a part of our leadership, please contact Steve Albright.

Second: We fill the backpacks and bags of food every Wednesday night at 5:30PM at the Yarmouth Food Pantry. If you would like to help one or two nights a month, again please contact Steve Albright. Currently we have enlisted the local Girl Scout Troop to help on the first Wednesday of each month and the DY Interact Club to help on the third Wednesday of each month. We are trying to make it a community organization where anybody can be a part of it.

Third: It costs \$250—\$300 yearly to support one child's backpack and although we don't have a total figure on the hygiene project, we know that the items provided are costly. You can make a donation to support these two projects by sending your check to:

Cape Cod Brite Lights—PO Box 286, West Yarmouth, MA 02673-0286

Or you can visit our website at Capecodbritelightsinc.com and make a contribution with your credit or debit card. In addition you can now sign up to make monthly donations to Brite Lights. A smaller amount each month makes it much easier. Visit our Website.

Fourth: Visit our website and learn more about us. Capecodbritelightsinc.com

Crutches For Africa

A Continuous Project by Yarmouth Rotary Club

Crutches for Africa is not a new project to our Rotary Club. We as a club have done collections for this great service and International project twice before. The first time we collected over 700 mobility devices and the second time we collected over 400 mobility devices. We are now hoping to set this up as an ongoing project. Mike Riley along with members of the International Committee are heading this project up but we would like all Yarmouth Rotarians to help out. Search for any of the desired items in your home, your extended families homes and your neighbors homes. Round up all of the devices and drop them off at the transfer station where we have a storage trailer to store them. They can be dropped off at the gate house just before you drop off your trash and recyclables. If you need help please give Mike Riley a call or send him a text to arrange pickup of your items. All of the items collected will be shipped to Africa to help disabled individuals gain mobility that they never have had.

Items that we are looking to collect include: Leg Braces; Crutches; Forearm Crutches; Walkers; Wheelchairs; Prosthetic Limbs; Baby Joggers and Strollers and Bike Trailers. No Commodes or any other type of Personal Hygiene Equipment.

(Also No Electric Wheelchairs or other types of devices.)
