PUBLISHED WEEKLY BY THE ROTARY CLUB OF YARMOUTH

Vol. 22 No. 26

February 20, 2015

## The Main Event

### RISING STAR: ANGEL BOUDREAU FROM CAPE COD TECHNICAL H.S.

**Julie Gammon**, from Cape Cod Tech's Health Technology program, handled the introduction of Rising Star, **Angel Boudreau**, with praise for her diligence and drive, her four-year 4.0 GPA, her memberships in the National Technical Honor Society and the Abigail Adams Scholars, her certification as a nursing assistant, and her internship at the Pain Management Clinic in Hyannis.

**Angel** expressed her great appreciation for the “lots of experiences” that CC Tech provided, such as the exposure to the medical field and the medical conference that she attended in November where she met with doctors and neurosurgeons. Her plans start with college and point to her desire to become a surgeon.

### GUEST SPEAKER: WENDY NORTHCROSS, CAPE COD CHAMBER OF COMMERCE

**Tammy Glivinski** introduced Guest Speaker, **Wendy Northcross**, Chief Executive Officer of the Cape Cod Chamber of Commerce. **Wendy** has been with the organization since 1971. During her tenure as the Executive Director of the Hyannis Area Chamber of Commerce, **Wendy** was a co-founder of the John F. Kennedy Hyannis Museum; and she continues to serve on its Board of Trustees as Vice Chair.

She also serves on the Executive Committee of the Arts Foundation of Cape Cod as well as the Boards of Directors of the Cooperate Bank of Cape Cod, the Cape & Islands Workforce Investments Board, and the Job Training & Employment Corporation. She is a D-Y graduate and a member of the Rotary Club of Hyannis. Her husband, **Van Northcross** (also a Hyannis Rotarian), is Regional Director of marketing and government relations for Cape Cod Healthcare.

**Wendy** outlined some of the historical aspect of the Cape Cod Chamber (founded in 1922) and of the economic events that have greatly affected living and working here. The Chamber, in addition to being the marketing arm for the Cape, plays a major role in strategic thinking and planning around the major issues of the environment, open space, historical considerations, technology & education, governance, and promotion.
