PUBLISHED WEEKLY BY THE ROTARY CLUB OF YARMOUTH

Vol. 33 No. 32

February 24, 2023

The Main Event

Guest Speaker Doug Brendel - Doug and his wife, Kristina, have provided Service Above Self for many years now. Their organization is New Thing - a Response of the Heart for Belarus. They are able to deliver humanitarian aid to the last dictatorship in Europe. It is the old soviet type of culture. Everything is owned by the state, so when children graduate high school, they are able to provide life starter kits.

New Thing is a 501c3 non-profit organization established by Doug and Kristina Brendel in 2002 to help people in need in the Republic of Belarus, in the former USSR. The passion of New Thing began in 1992 when Kristina Brendel visited Belarus, in the former Soviet Union, as a volunteer photographer. She was documenting the West's response to the medical needs of children in the aftermath of the Chernobyl nuclear disaster. Kristina fell in love with the people there and kept going back! Eventually, Kristina and her

husband Doug established New Thing to help all kinds of children and adults in need in Belarus.

What we do

A team of Belarusian workers devote themselves to bringing tons of donated food and goods into Belarus, sharing this aid face-to-face with people in need from all walks of life:

- Orphans and foster families
- Abused and abandoned children
- Children and adults with disabilities
- The homeless and poor
- Hospital patients and sick kids in other institutions
- And the list goes on!

As a 501c3, Response of the Heart is a sanctioned Belarusian organization, and New Thing is able to give directly to the mission as a sanctioned donor. This allows them to provide aid to the country legally and under the radar of the dictatorship.

History of the Seminoles and Their Struggle to Maintain Identity and Legacy in America

Seminoles are a Native American people who developed in Florida in the early 18th century, after European infectious diseases and conflict with Spanish and English colonists led to near extinction of Florida's original population. By the early 1700s, much of Florida was uninhabited. In part due to the arrival of Creeks and other Native Americans migrating south from multiple cultures, driven by expansion of the British Colonies, the Seminole became increasingly independent of other Creek groups and established their own identity through ethnogenesis.

The name "Seminole" is derived from the Muscogee word *simanó-li*. This likely was derived from the Spanish *cimarrón*, "free one" or "wild one". Seminole culture is similar to that of the Creek. As the Seminoles adapted to Florida, they developed local traditions, such as the construction of open-air, thatched-roof houses. The unified Seminole speak two related languages: Creek and Mikasuki

Seminoles developed a thriving trade network by the time of the British and second Spanish periods (1767–1821). The Seminoles continued to expand, further supplemented by escaped slaves. After US Independence, Georgia settlers increased pressure on Seminole lands and the US Army and local militia made frequent incursions to recapture escaped slaves. Skirmishes near the border led to Andrew Jackson's 1817–1818 campaign against the Seminoles, starting the First Seminole War.

The US purchased Florida from Spain in 1819. After the treaty, colonists pressured the government to remove Natives from Florida. Slaveholders resented that tribes harbored runaways, and colonists wanted desirable lands held by Natives. In 1823 the Seminole were moved out of their rich northern Florida farmland by the Treaty of Moultrie Creek and confined to a large reservation in the interior of Florida.

The Indian Removal Act of 1830 called for the relocation of all Seminole to Oklahoma. 1832, the U.S. government signed the Treaty of Paine's Landing with a few Seminole chiefs, who were promised lands in Oklahoma if the chiefs agreed to leave Florida voluntarily with their people. The Seminoles who remained prepared for war and resisted, leading to the Second Seminole War, the longest and most costly US war against Natives. Seminole leader Osceola led the vastly outnumbered resistance of at most 1,400 warriors against combined U.S. Army and militia forces from 6,000 troops at the outset to 9,000 at the peak of deployment in 1837. Seminoles employed guerrilla tactics with devastating effect against U.S. forces, as they knew how to move within the Everglades and use this area for their protection. Osceola was arrested in a breach of honor when he came under a truce to negotiate with the US in 1837. He died in jail less than a year later. After a full decade of fighting, the war ended in 1842. The U.S. government spent about \$40,000,000, at the time a huge sum. An estimated 3,000 Seminoles and 800 Black Seminoles facing starvation were forcibly removed to Oklahoma. Fewer than 300 Seminoles remained in Florida, took refuge in the Everglades, and were never defeated, despite the Third Seminole War (1855–1858). The Florida Seminoles have a culture of staunch independence and proudly say they are the only tribe never to have signed a peace treaty with the U.S. government.

Today, Seminoles are again independent. There are about 30,000 Seminoles in three tribes. The largest, the Seminole Tribe of Oklahoma, lives on tribal lands in central Oklahoma. Two of their fourteen bands are Freedmen Bands, descended from Black Seminoles. The Seminole Tribe of Florida re-established limited relations with the U.S. government in the early 1900s and was granted a 5,000-acre reservation in south Florida in 1930. Members gradually moved to the land, and in 1957 received federal recognition. The more traditional Seminoles living in the northern Everglades, near the Tamiami Trail, received a small reservation and federal recognition as the Miccosukee Tribe in 1962.

Con't from Previous page:

In 1976, the US Indians Claims Commission awarded the Seminoles compensation, but the Miccosukee objected and sued, because they wanted their land back. In 1990, a \$40 million settlement was reached: three-quarters to the Seminole Tribe of Oklahoma and one-quarter to the Seminoles of Florida, including the Miccosukee, based on population. The U.S. government had also placed small Florida land parcels in trust for Seminole use, and as the everglades were progressively drained, the Seminoles moved to these lands.

In the early 20th century, Florida had a population boom after the East Coast railway was completed. The state attracted tourists, stimulating development. By the 1920s, many Seminoles were involved in service jobs and the cultural tourism trade, selling craft products and by exhibitions of traditional skills, such as wrestling alligators. Seminoles have also been raising cattle since the mid-1930s when they received cattle from western Native Americans. The Seminole Tribe of Florida currently owns one of the largest cattle operations in Florida, and the 12th largest in the nation.

In the 1970s, Seminole tribes began to run small bingo games on their reservations to raise revenue. They won court challenges to initiate gaming on their sovereign land, and in 1979, the Seminoles opened the first casino on their land, ushering in what has become a multibillion-dollar industry which many U.S. tribes have adopted to generate revenue. In 2006, the Seminole Tribe of Florida purchased the Hard Rock Cafe chain of restaurants. They had previously licensed it for several of their casinos, including two large resorts on its Tampa and Hollywood reservations that together cost over a billion dollars to construct. Gaming income funds economic projects, such as sugarcane fields, citrus groves, cattle ranches, ecotourism, and commercial agriculture, and for tribal education and welfare.

Hyannis Rotary Club Home Show - It will be held on March 25th and 26th. This will be the 64th home show which will be held at Barnstable High School. This is the major fundraiser for the club. If you have a business, please consider purchasing a raffle ticket, attend, or advertise in the program book.

Ann Marie Pelosky Poncet - Ann Marie is a visiting Rotarian from France on the Normandy Coast, Honfleur. It is the hotbed of impressionism. She has been a Rotarian for the past 6 years and is visiting her parents on Cape Cod. She presented the flag of her club to Roby and spoke about her area. She welcomed all to visit!

New Member, Bill Boyd - We inducted the newest member, Bill Boyd, into the club. Bill addressed the club, and he has been living in Texas and is back recently. He got to know Rotary through his brother, Brad. He has been living in Houston for 50 years. He lost his wife, and Brad invited him to spend a summer on Cape Cod. He rented a place in Dennis Port for 5 months. He did it again last summer and met Doreen Regan, and now live together here in Yarmouth. Barry, Rafi, and Pam were the orientation committee and explained Rotary on an international scale. "The thing I love most about it, each one spoke with pride in their voice and it was heartwarming." He ended with a quote, "I don't know, but I've been told, if you never stop moving, you'll never get old." From the late, great, Tom Petty.

The Rotary Foundation:

Any time of the year is always a great time to make a contribution to the Rotary Foundation. You can designate the Annual Fund, Polio Plus where your contribution will be matched by the Bill and Melinda Gates Foundation 2 to 1, or you can choose any of the seven areas of Focus to designate your contribution to. For more information or how to donate to the Rotary Foundation, please feel free to speak with Steve Albright who chairs the Rotary Foundation Committee for our club.

Turkey and Syria were struck by a devastating earthquake on 6 February that has killed tens of thousands of people, destroyed thousands of homes and other structures, and left people across the region without shelter in bitterly cold winter weather.

The Rotary world responded to this catastrophe immediately. RI President Jennifer Jones activated our disaster response efforts, communicated with the affected districts, and encouraged governors in those regions to apply for disaster response grants and share information about their relief efforts so that Rotary can amplify the calls for support.

Rotary's project partner ShelterBox has an emergency response team assessing the needs in the region and how it can respond. That team is communicating with Rotary district leaders. Our service partner Habitat for Humanity International is also working on its response. Many Rotary members are asking how they can help. Here's how to have the greatest impact:

[Give to The Rotary Foundation's Disaster Response Fund](#). Donations help clubs and districts provide aid and support rebuilding efforts where the need is greatest. The funds are distributed to affected communities through disaster response grants. The Disaster Response Fund can accept cash contributions and District Designated Funds (DDF). Donations to the Disaster Response Fund are combined and cannot be designated for a specific disaster.

[Support local initiatives](#). As we learn about local response efforts that are being led by clubs and districts, Rotary raises awareness about how to support them. People can then support these projects by working directly with Rotary members in the region. If you want us to publicize information about local response efforts, write to relief@rotary.org.

Announcements

COVID & CORKS—Wine cork recycling benefits our earth’s sustainability. The Rotary Club of Yarmouth has over the last 18 months collected 14 pounds of corks which are sent to be recycled and then upcycled. Funded by the Widget Company, Cork Club is a sustainability initiative started in 2007. The goal of the Cork Club is to grow wine cork recycling and make donations to causes that protect our oceans and forests. The Cork Club donates to non-profit entities that clean plastic from our oceans, prevent deforestations and teach better ways to live in harmony with our environment. To date Cork Club has donated \$121,800 to these projects. For each natural cork, 2 cents is donated. Synthetic corks are recycled properly. So enjoy your wine and save the corks. All corks can be given to Jill Albright who will then ship them to Cork Club. **KEEP THOSE CORKS COMING!!!!**

Rising Star Kristen Hagg - Head Guidance Counselor, Dale Fornoff, introduced Kristen by stating, “Kristen packed so many activities that she did not let anything stop her from participating and being a leader in our community. It is amazing to me to see how much she does.” She is at the top of her class, has varied interests, and whatever she focuses on, she will make it happen. Kristen spoke to the club and is clearly an outspoken person. She is a class officer for the class of 2023 and is class president. She played field hockey for 4 years and was the captain in senior year. She has been very involved in the DY Theatre program. This is her 9th performance. She will be playing Roxy in Chicago. She is a very energetic and tactile person. She is in Marching Band and Winter Percussion.

Food Supplies at the Pantry are very low and the demand for the services of the food pantry are up due. If you can make any type of food donation it would be greatly appreciated.

CAPE COD BRITE LIGHTS

Cape Cod Brite Lights a501c(3) corporation that was started by our Rotary Club is now in it's third year. Its mission is "to help those in need on Cape Cod. "Our main focus to date has been to provide weekend backpacks of nutritional food for needy elementary students in the DY School System. A backpack of food consists of shelf stable milk (white & chocolate), juice carton, cereal, instant oatmeal, two proteins which could be a can of tuna, chicken, pasta, soup or beef stew, a cup of apple sauce, macaroni and cheese, Nutra grain fruit granola bar, cheese its, fruit snacks, pudding cup and 2 pieces of fruit. In addition, to give each student some activities to do during the holiday break we put a coloring book and crayons in each bag. We started with a total of 25 students but have grown to 45, an increase of over 80%. In addition, with the assistance of Interact we have started to provide the school nurse with feminine products for high school girls. In addition we will be providing students in need with bags of hygiene products during the upcoming school year. The Interact Club has applied for a District Grant to support this project.

How you can help:

First: Currently we have a board of directors of 11 members. Our bylaws allow us to have a maximum number of 13. If you would like to be a part of our leadership, please contact Steve Albright.

Second: We fill the backpacks and bags of food every Wednesday night at 5:30PM at the Yarmouth Food Pantry. If you would like to help one or two nights a month, again please contact Steve Albright. Currently we have enlisted the local Girl Scout Troop to help on the first Wednesday of each month and the DY Interact Club to help on the third Wednesday of each month. We are trying to make it a community organization where anybody can be a part of it.

Third: It costs \$200—\$250 yearly to support one child's backpack and although we don't have a total figure on the hygiene project, we know that the items provided are costly. You can make a donation to support these two projects by sending your check to:

Cape Cod Brite Lights—PO Box 286, West Yarmouth, MA 02673-0286

Or you can visit our website at Capecodbritelightsinc.com and make a contribution with your credit or debit card. In addition you can now sign up to make monthly donations to Brite Lights. A smaller amount each month makes it much easier. Visit our Website.

Fourth: Visit our website and learn more about us. Capecodbritelightsinc.com

Crutches For Africa

A Continuous Project by Yarmouth Rotary Club

Crutches for Africa is not a new project to our Rotary Club. We as a club have done collections for this great service and International project twice before. The first time we collected over 700 mobility devices and the second time we collected over 400 mobility devices. We are now hoping to set this up as an ongoing project. Mike Riley along with members of the International Committee are heading this project up but we would like all Yarmouth Rotarians to help out. Search for any of the desired items in your home, your extended families homes and your neighbors homes. Round up all of the devices and drop them off at the transfer station where we have a storage trailer to store them. They can be dropped off at the gate house just before you drop off your trash and recyclables. If you need help please give Mike Riley a call or send him a text to arrange pickup of your items. All of the items collected will be shipped to Africa to help disabled individuals gain mobility that they never have had.

Items that we are looking to collect include: Leg Braces; Crutches; Forearm Crutches; Walkers; Wheelchairs; Prosthetic Limbs; Baby Joggers and Strollers and Bike Trailers. No Commodes or any other type of Personal Hygiene Equipment.

(Also No Electric Wheelchairs or other types of devices.)
